Thereafter, the shareholders by passing a special resolution in the Extra ordinary General Meeting held on June 29, 2023, has approved the shifting of registered office of the company from the state of Maharashtra to the state of Karnataka and the order from the regional director, Western Region was received on November 16, 2023 pursuant to which INC-22 has been filed by the company and which is pending for approval.

Our Company is into the business of Customer engagement services which includes **in-store radio** services (exclusive radio channel for a brand) on subscription model basis, **corporate radio** (private radio channels for employee engagement in organisation) and **advertisement services** which includes digital signage solution, content management services and point of purchase advertising to our clients. We exclusively cater to the business-to-business (B2B) sector.

In the realm of **In-Store Radio**, we furnish audio services to diverse clients, including malls, retailers, and hospitals, addressing their background audio requirements. We offer background music services, which involve providing a selection of music to enhance the ambient atmosphere of various spaces. We deliver AI-driven playlists of continuously updated music.

In the domain of **Corporate Radio**, we extend audio services to corporate clients, encompassing both musical and non-musical components. The music facet comprises of a specified background music to enhance the ambient atmosphere of the office places of our clients. The non-musical facet comprises internal communications, announcements, birthday wishes, significant company news, and any other information that the company intends to convey to its employees. Our background music services aim to create a pleasant and customized auditory experience tailored to the specific needs and preferences of our clients and their respective environments.

Under **Audio Advertising**, we offer programmatic Advertising which is data-driven approach to buying and placing digital advertisements in real-time. Instead of the traditional manual process of ad buying, where human negotiations and manual insertion orders are involved, programmatic advertising relies on algorithms and technology to automate the buying of ad inventory. It allows for precise targeting, efficient use of advertising budgets, and the ability to reach the right audience at the right time.

Under **Visual Advertising**, we offer Digital out of Home Advertising (DOOH) and Static Branding Opportunities. Digital Out of Home Advertising (DOOH) represents a contemporary advertising approach wherein we deploy

digital standees, video walls, LED displays, touch screen kiosks, and commercial-grade monitors for clients and overseeing the management of their content. This dynamic method ensures a modern and engaging visual experience for the audience.

In **Static Branding Opportunities**, we create a platform for brand visibility and engagement, implementing strategies that involve direct interaction with the target audience. These activities aim to enhance brand recognition and generate valuable leads for our clients.

SUMMARY OF OUR INDUSTRY

GLOBAL AUDIO-VISUAL INDUSTRY

The power of audio-visual synchronization

A recent study using neuroscience and cognitive research has found that audio ads consistently drive higher levels of engagement compared with other media formats. Not only that, but this high level of engagement persists whether the audience is listening to music or podcasts. These results highlight the strength of audio as a medium. When used the right way, it outperforms many other media channels in driving engagement, brand breakthrough and recall.

In response to brands' ongoing quest for captivating content, publishers are increasingly harnessing the power of audio and video as potent tools for storytelling and monetisation. By successfully integrating the two, brands are able to create emotionally resonant campaigns. While each format has its own advantages, it seems running both formats simultaneously makes for the most effective approach: the effectiveness of ads is heightened when they are both seen and heard.

Sound on vs sound off

As recently learned [at ATS London 2023](#), most videos are played with the sound off. Although presenting a challenge, there are some advertisers utilising this as an opportunity to use audio more carefully and creatively. By leaning into highly visual storytelling, brands and advertisers can convey their message, with audio serving as an enhancement.

Although [25% of people watch ads on mute](#) even in private spaces, there will always be an audience who turn up the volume, meaning audio is crucial to maintaining people's attention once video has grabbed it.

INDIAN AUDIO-VISUAL INDUSTRY

(Source: <https://www.exchange4media.com/advertising-news/whats-driving-indias-ad-market-growth-128367.html>)

What's driving India's ad market growth.

Experts tell us how the Indian market is unique and what we should expect from the sector in the coming months.

Advertising in India has come a long way in the last few years. The industry is one of the fastest-growing markets in the world, with India being the third largest contributor in the world of advertising, after China and the US, according to Statista 2023. As per a Dentsu report, India's ad revenue is expected to grow by 15.7% in 2024 to reach \$13.8 billion. While several big economies may see single-digit growth in ad revenue, such as China (7.9%), UK (4.8%) and US (5.1%), India is expected to see a whopping 12% growth in ad revenue in 2023, as per the recent GroupM: This year, Next year report. As per the report, India is the only country among the top 10 nations that is poised to see a double-digit growth in ad revenue again this year. The country has also seen a massive boost in digital advertising, and with the economy going strong, that growth is here to stay. Spending is set to take sharper growth and Indian brands are expected to invest higher on advertising this year.

INDIAN ADVERTISEMENT SOLUTION INDUSTRY

With its developing economy, India provides advertisers with several opportunities to sell their services and products through the region's expanding media platforms. Economic expansion in India has also increased the purchasing power of a sizable segment of the population, resulting in a more affluent and brand-conscious consumer base. As a result, businesses are focusing on building a strong brand image for themselves through extensive advertising. The advertisement sector in India has been digitally disrupted in the previous decade as the number of individuals utilising smartphones and internet services has increased dramatically. This resulted in the rise of a number of consumer internet models and industries with enormous potential for digital advertising. Digital advertising is anticipated to expand at a modest rate of 8–10% in the fiscal year 2022-23. However, as economic tailwinds kick up in 2023-24, the digital ad expenditure is predicted to more than double to US\$ 21 billion by 2027-28. Global internet advertising market growth declined from 30.8% in 2021 to 8.1% in 2022, resulting in a total market value of US\$ 484 billion for the year. In contrast, India's internet advertising market expanded 35.3%, from US\$ 3.3 billion in 2021 to US\$ 4.4 billion in 2022, making it one of the fastest growing in the world. The internet advertising market in India is predicted to develop at a CAGR of 12.3%, with total revenue reaching US\$ 7.9 billion by 2027.

In an effort to counter the hegemony of large IT companies in the US, the Indian government is working to ensure that the Internet advertising market is competitive. Additionally, India intends to tighten internet governance with the upcoming Digital India Act. Furthermore, the Indian government has made a concerted effort to make digital media accessible to everybody. The Digital India project is promoting the development of digital infrastructure, corporate transformation, and digital commerce through a variety of applications, including the Unified Payments Interface (UPI), Aadhaar, Open Network for Digital Commerce (ONDC), and Government e-Marketplace (GeM).

SECTION III – RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled “**Our Business**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” beginning on page numbers 164 and 319, respectively, of this Draft Red Herring Prospectus as well as the other financial and statistical information contained in this Draft Red Herring Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled “**Financial Information, as Restated**” beginning on page number 243 of this Draft Red Herring Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Draft Red Herring Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

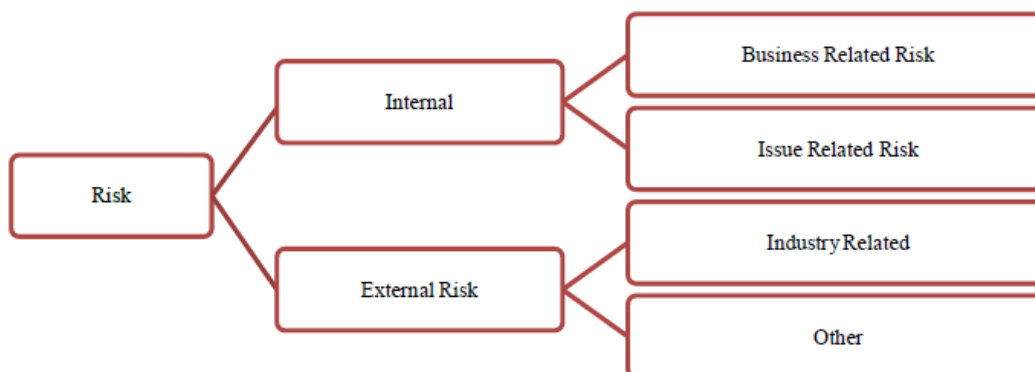

This Draft Red Herring Prospectus also contains **forward looking statements** that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Draft Red Herring Prospectus. These risks are not the only ones that our Company face. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined based on their materiality, which has been decided based on following factors:

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

Classification of Risk Factors

INTERNAL & BUSINESS RISK FACTORS

1. Our company is dependent upon the growth and stability of the retail sector.

Our company provides In- store radio services and audio and visual advertisement solutions to retail business sector, thereby our business is significantly reliant on the growth and stability of the organized retail sector. Any adverse developments or a slowdown in the retail industry could potentially have an adverse impact on our business operations and financial performance. Major factors such as potential impact of shifting in the consumer behavior towards increased online shopping or other changes in shopping habits, which may reduce our client base, Economic downturns pose another risk, as they often lead to reduced retail advertising budgets, affecting our revenue streams. Additionally, heightened competition in Retail industry may affect our revenues and overall business prospects.

2. We cannot assure that we will be able to get the extension of Directorate of Advertising and Visual Publicity registration (which has now integrated into CBC) Empanelment Letter.

Our company is empaneled as media creative agencies under Directorate of Advertising and Visual Publicity ('DAVP'), which has now integrated into Central Bureau of Communication ("CBC"), Ministry of Information and Broadcasting. This allows us to pitch government departments. This empanelment has granted us the privilege of participating in government department projects. As on the date of this Draft red Herring Prospectus, our empanelment letter remains valid until December 31, 2023. However, if we are unable to comply with the terms and conditions or requirements to renew or secure an extension beyond the aforementioned date, our ability to engage with Government Departments and Public Sector Units (PSUs) could be curtailed. This will pose a potential risk to our future revenue streams.

3. Our business is significantly dependent on content creators and RJs for creating audio or radio content. If we are unable to retain them our business operations will be affected.

Our business operations rely significantly on content creators and Radio Jockeys (RJs) who play a pivotal role in generating non-music content for corporate radio and audio advertising in various settings, including retail environments and malls. The success and effectiveness of our services are intrinsically tied to the creativity and contributions of these individuals. In the event that we are unable to retain these key content creators and RJs for any reason, it could have a detrimental impact on our business operations.

Any loss of key content creators and RJs may lead to a decline in the quality and appeal of our non-music content, potentially affecting our clients' satisfaction and, subsequently, our client retention rates. Furthermore, a shortage of skilled content creators and RJs may result in challenges related to meeting content delivery schedules and managing advertising campaigns effectively.

4. Our present promoters of the Company are first generation entrepreneurs.

Our present Promoters are first generation entrepreneurs. Their experience in managing the company is being instrumental in the growth of our Company. The concern is that their limited experience and knowledge could potentially hinder the company's growth in the future. The statement is being cautious and transparent about this uncertainty, as it cannot assure that the promoters' inexperience won't affect our company's success.

5. Our Company does not own the premises through which we conduct our business operations.

The premises on which our Registered Office is currently situated is owned by Mr. Harvinderjit Singh Bhatia, and the same has been occupied and used by us on lease and license basis for a term of 11 months.

Additionally, the premises on which our Registered Office will be situated after shifting is also taken on rent vide Rent Agreement dated May 01, 2023, executed between our Company and M/s. Karnataka Kshatriya Maratha Parishath.

S. No.	Address	Type	Owned/Leased
1.	603, Sudhama Niwas 16th Road, Khar (W), Mumbai, Maharashtra-400052*.	Registered Office	Leased
2.	16A, Basement Floor, Maratha Bhavan, Millers Tank Bund Road, Vasanthnagar, Bangalore-560052*	Registered Office post shifting	Leased
3.	1, Hariballampur, Shivpur, Varanasi, Uttar Pradesh- 221007	Branch Office	Leased

**The shareholders of the company by passing a special resolution in the Extra ordinary General Meeting held on June 29, 2023, has approved the shifting of registered office of the company from the state of Maharashtra to the state of Karnataka and the order from the regional director, Western Region was received on November 16, 2023 pursuant to which INC-22 has been filed by the company and which is pending for approval.*

We cannot assure you that we will be able to continue the above arrangements on commercially acceptable or favourable terms in future. In the event we are required to vacate the current premises, we would be required to make alternative arrangements for new premises and other infrastructure and facilities. We cannot assure that the new arrangements will be on terms that are commercially favourable to us. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition. For details regarding such leasehold properties, please refer to chapter titled “Our Business” on page. 164 of this Draft Red Herring Prospectus.

6. There is outstanding litigation pending against our Promoters which, if determined adversely, could affect our business, results of operations and financial condition.

There are outstanding legal proceedings against our directors and promoters, which are pending at various levels of adjudication before various courts, tribunals and other authorities. The summary of outstanding matters set out below includes details of criminal proceedings, tax proceedings, statutory and regulatory action and other material pending litigation involving our Promoters, and Directors. (for further details please refer to the Outstanding Litigation and Material Developments section on page no. 338).

While our Company believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties.

Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to "Note 32 "Related Party Transactions" on page no. 270 of this Draft Red Herring Prospectus.

11. Our Company has made a delay in the filing of MGT-14 pertaining to variation ins shareholders' rights.

Our company issued 200 Equity shares with Differential Voting Rights ("DVR") on January 16, 2012, in accordance with the provisions of the Companies Act, 1956, and as outlined in the agreement associated with such issuance. On October 26, 2015, our company, during a duly convened Extraordinary General Meeting, passed a special resolution to modify the shareholders' voting rights pertaining to the 200 DVR shares. Following this modification, the DVR shares now hold an equal status (Pari passu) with the equity shares of the company. However, the filing of Form MGT-14 for this variation in voting rights has been submitted with a delay of 2,980 days and has been approved. As of the date of this Draft Red Herring Prospectus, no penalties have been imposed, and we have not received any show cause notice regarding the aforementioned non-compliance. However, it is important to note that we cannot guarantee that our company will not face additional penalties under the Companies Act, 2013, for the mentioned violations. For more information regarding capital structure, please refer to the chapter titled "Capital Structure" on page 77 of this Draft red Herring Prospectus.

12. Our company has inadvertently not filed consolidated financial statement office of the Registrar of Companies (RoC) since FY 2012-2013 and is in violation of certain sections of the Companies Act, 2013.

Our company is in the process of filing the audited consolidated financial statements (with one wholly owned subsidiary company) and filing Form AOC-4 CFS with the office of the Registrar of Companies (ROC) since the financial year 2012-13. As of the date of this Draft Red Herring Prospectus, we have not received any show cause notice concerning the above non-filings. Further, we have already convened the general meeting on December 15, 2023, to adopt the audited consolidated financial statements since the financial year 2012-13. In addition to this, there could be a fine imposed on our company and our directors due to such delay in the adoption of audited consolidated financial statements. We cannot assure you that we will not be penalized for

delays in regulatory filings in the future. We may be subject to additional unanticipated costs or legal or regulatory action. As a consequence, our business, financial condition, results of operations, and prospects may be adversely affected.

13. Our In- store radio services are dependent on the licensed music, obtained from Two key aggregators.

Our in-store radio services are reliant on licensed music playlists obtained from two key aggregators. These agreements, while non-exclusive, are vital for the continuous broadcast of background music. The associated risk stems from our dependence on these agreements. Any disruptions, terminations, or modifications to these licenses or agreements could impact our capacity to deliver in-store radio services. Additionally, regulatory alterations, disputes, or unexpected issues with these aggregators have the potential to disrupt our music content, leading to potential repercussions on client satisfaction and our contractual commitments. For More Information regarding our key aggregators, please refer to the chapter titled “Our Business” on page 164 of this Draft Red Herring Prospectus.

14. Our Company requires a significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.

Our Business requires substantial requirement of working capital and financing to meet our working capital requirements. The details of our working capital for the period ended October 31, 2023, March 31, 2023 & 31st March 2022, 2021, are as under which is showing continuous increase:

Further, our company’s focus is to create and build a strong audio and visual content library, with a focus on creating a diverse range of content to meet the industry’s demand. This strategy entails scaling up our audio and visual content volume both with existing clients and new media ventures. Hence, resulting in increases the

working capital requirement of the company. A liquidity crunch may also result in increased working capital borrowings and, consequently, higher finance costs which will adversely impact our profitability. Our inability to maintain sufficient cash flow, credit facility and other sourcing of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and our results of operations.

15. *Our top five countries contribute to our major revenue for the period ended October 2023 and year ended on 31st March 2023, 2022, 2021. Any loss of business from one or more of these countries may adversely affect our revenues and profitability.*

Our company operates its business operations from its registered office and corporate office at Mumbai and Bangalore and has a strong presence all over India. India and some countries contribute to a substantial portion of our revenues for the period ended October 2023 and year ended on March 31, 2023, 2022 & 2021. Any factors relating to political and geographical changes, growing competition and any change in demand may adversely affect our business. We cannot assure that we shall generate the same quantum of business, or any business at all, from these countries, and loss of business from one or more of them may adversely affect our revenues and profitability.

The contribution of top five countries to our total revenue on standalone basis is as follows:

16. *We are dependent to certain extent on our group company i.e., Sohcst Media Private Limited for the voice over artists required for our corporate radio and Audio Advertising segment.*

Our company relies on "Sohcst Media Private Limited" ("SMPL"), a group entity, for sourcing voice-over artists essential for our corporate radio and Audio Advertising services. A formal business agreement has been entered between our company and SMPL, outlining the creation of content tailored to our specific requirements. Additionally, SMPL imposes a fixed percentage over and above the cost for content creation for our company. In addition to external support, we have a total of 6 in-house voice over artists as on the date of this Draft Red Herring Prospectus, working as full-time professionals for our company. Any discrepancies, modifications, termination, or non-renewal of the agreement with SMPL could impact our company's business operations to a certain extent. For Further information regarding our group companies, please refer to the chapter titled “Our Group Entities” on page 229 of this Draft Red Herring Prospectus.

17. Our major revenue is generated from radio engagement and subscription services any change or adverse condition in this segment would affect our revenue.

Our major revenue is derived from radio engagement and subscription services. In case of any adverse circumstances affecting the accessibility, popularity of our brand and quality of our services may have a significant impact on our financial performance. Additionally, unforeseen events, such as technological disruptions or shifts in market dynamics, may pose risks to our revenue streams. It is to be noted that our financial performance is inherently tied to the success of our radio engagement and subscription services, and any adverse developments in this sector could adversely affect our business, financial condition, and results of operations.

Our vertical wise revenue bifurcation based on standalone financial statements are as follows:

(Amount in Lakhs)

S. No.	Particulars	October 2023	F.Y. 2022-23	F.Y. 2022-21	F.Y. 2020-21

For more details, please refer to the chapter titled “Our Business” on page 164 of this Draft Red Herring Prospectus.

18. Expanding the business operation in the international markets brings the challenge of aligning with diverse cultures, risking miscommunication and potential impacts on client satisfaction and reputation of our company.

As mentioned in the business strategies in the chapter titled “Our Business” on page 164 of this Draft Red Herring Prospectus, our company is proposing to expand its business operations in the international markets. The proposed expansion into international markets is accompanied with a bunch of challenges and complex risks, primarily stemming from the inherent cultural diversities across target countries. The challenge lies in comprehensively identifying and strategizing operations to align with the unique societal norms and business etiquettes prevailing in each jurisdiction. There is a notable risk associated with the possibility of misinterpretation or oversight in navigating cultural nuances. This hazard has the potential to lead to ineffective communication, strained intercultural relationships, and subsequent operational inefficiencies. Additionally, the complexities of different legal systems, compliance standards, economic fluctuations, geopolitical uncertainties, and unexpected market changes further contribute to the overall risk.

Moreover, the significant cultural differences present a formidable challenge for our company in grasping the brand's vision and understanding our clients' objectives. These variations in cultural contexts may lead to difficulties in accurately comprehending and aligning with the expectations and preferences of our diverse clientele. This, in turn, has the potential to result in customer dissatisfaction, leading to the loss of clients and impacting our reputation within the industry.

19. *Our programmatic audio advertising services are dependent on the technology provided by Location Media Xchange Pte. Ltd.*

Our company has entered into a strategic partnership/ collaboration agreement dated April 01, 2022, with Location Media Xchange Pte. Ltd, (“LMX”) for providing technology that support programmatic audio advertising and Audience Measurement Insights. The term of this agreement is 5 years from the date of execution of the agreement i.e., April 01, 2022. Our company is dependent upon this technology provided by Location Media Pte. Ltd. for providing programmatic audio advertisements to our clients. This dependency poses a risk to our company that in case of any failure, issue or dispute arises between our company and LMX, this could have adverse effects on our ability to deliver programmatic audio services effectively. The absence of diversification in technology providers raises concerns regarding potential vulnerabilities, including system downtimes, technical glitches in technology, or alterations in service terms by LMX.

Furthermore, in the event of non-renewal of this agreement, our company's capacity to deliver programmatic audio advertisements would be compromised, leading to a consequential loss of revenue. The cessation of this agreement poses a risk to the continuity of our programmatic audio advertising services. For further information regarding the collaboration agreement, please refer to the chapter titled “Our Business” on page 164 of this Draft Red Herring Prospectus.

20. *Our business operations are dependent on Internet Connectivity and Electricity Infrastructure.*

Our business operations rely to a great extent on both internet connectivity and electricity infrastructure. This poses a risk to our business operations. In an increasingly digitalized environment, uninterrupted internet access is essential for various business functions, and any disruptions can hinder communication, data transfer, and overall productivity. Simultaneously, dependence on stable electricity is critical for powering essential infrastructure and maintaining seamless operations. Potential challenges, such as power outages or network failures, may lead to operational downtime, data loss, and financial repercussions.

21. *The Pre-IPO shareholding of the promoters and promoter group is 55.80 % and the post-IPO shareholding will remain 40.90 %. The market's perception of their reduced involvement may impact the valuation and liquidity of their shares.*

As on the date of this Draft Red Herring Prospectus, the shareholding of the promoters and promoter group is 55.80 % and after IPO, their shareholding will be 40.95 %. When the promoters' ownership stake is reduced to a minority position, they may no longer have the ability to make key strategic decisions or influence the direction of the company. This can result in a loss of control over the business. In addition to this, a low promoter shareholding can create a misalignment of interests between the promoters and other shareholders which can lead to conflicts and disagreements over the company's strategy and priorities.

For more details of the shareholding of the company, please refer to the chapter “Capital Structure” beginning on page no. 77 of this Draft Red Herring Prospectus.

22. *We are dependent on our Individual Promoters and our management team and the loss of, or our inability to hire, retain, train, and motivate qualified personnel could adversely affect our business, results of operations and financial condition.*

Our ability to compete in this highly competitive industry depends upon our ability to attract, motivate, and retain qualified personnel. We are significantly dependent on the continued contributions and client relationships of our management and on our senior leadership led by our Promoters, management team and

key managerial personnel. The loss of the services of our key personnel and any of our other executive officers, and our inability to find suitable replacements, could result in a decline in sales, delays in content development, and harm to our business and operations.

At times, we have experienced, and we may continue to experience, difficulty in hiring and retaining personnel with appropriate qualifications, and we may not be able to fill positions in a timely manner or at all or may need to implement measures such as salary cuts due to external reasons. As of Seven months period ended October 31, 2023, we have 54 permanent employees. We cannot guarantee that we will be able to recruit and retain qualified and capable employees.

We may incur significant costs to attract and recruit skilled personnel, and we may lose new personnel to our competitors or other technology companies before we realise the benefit of our investment in recruiting and training them. If we fail to attract new personnel or fail to retain and motivate our current personnel who are capable of meeting our growing technical, operational, and managerial requirements on a timely basis or at all, our business may be harmed.

23. Our content team and voice over artist are key to our business. Thus, Employees Benefit expenses and professional charges constitute a major portion of our expenses. Such an increase in this cost could lead to lower profitability.

At present, we have 54 full- time employees and 10 full- time professionals/ consultants providing services in our company. Being a content creation and advertisement solution company, a major percentage of our revenue is diverted towards the employee benefit expenses and legal and professional services. Our employees include the content creation team, marketing and sales management team and voice over artists.

We believe that these professionals are key to our success in business operations. In order to conduct our business, which includes providing a variety of services, we need highly specialized and efficient professionals. These professionals are experts of their area of work. If we experience a decrease in our clientele, we may not be able to efficiently reallocate our team to services and projects to keep their productivity levels high.

Our Company’s ability to execute current and upcoming projects depends largely on their ability to attract, train, motivate and retain highly skilled professionals, particularly professionals. The attrition rates in the industry in which we operate have been high due to a highly competitive skilled labour market in India. We invest in training professionals that we hire to perform the services we provide.

The performance of our Company will be benefited on the continued service of these persons or replacement of equally competent persons from the domestic or global markets. We may have difficulty in redeploying and retraining our professionals to keep pace with continuing changes in technology, evolving standards and changing customers.

The details of Employee Benefit Expenses are given as below:

(Amount in Lakhs)

Particulars	October 2023	March 2023	March 2022	March 2021
Revenue from Operations	871.86	1397.97	1048.81	576.13
Employee benefit expenses	233.66	382.45	315.10	257.30
% of Revenue	26.80%	27.36%	30.04%	44.66%

For more details, please refer to the chapter titled “Financial Information” on page 243 of this Draft Red Herring Prospectus.

24. *We operate in a significantly fragmented and competitive market and any failure on our part to effectively compete may adversely affect our profitability and market share.*

Competition in each of our business verticals, as well as in the content delivery and advertisement sector as a whole, is generally fragmented. In particular, we face significant competition from local or regional and International players in the business segments and geographical markets in which we operate, and our success depends to a significant extent on our ability to ensure the continued quality, relevance and innovation of our technology and services.

Our In – store radio and Advertisement solution services also face significant competition from other companies operating in the same industry. Free and low-cost content can create price sensitivity among our target audience. As a result, potential clients may be less willing to pay for our premium services or content, even if they offer higher quality or more comprehensive materials. Free content is not always of the same quality or reliability as paid offerings. However, it's crucial to ensure that our content is significantly superior in terms of accuracy, depth, and effectiveness, and communicate this to our audience.

25. *Our Promoters, Directors have provided personal guarantees to loan facility availed by us, which if revoked may require alternative guarantees, repayment of amount due or termination of the facilities.*

Our Promoters, Directors have provided personal guarantees to certain loan facilities availed by us. In the event that any of these guarantees are revoked or withdrawn, the lenders for such facility may require alternative guarantees, repayment of amounts outstanding under such facilities, or may even terminate such facility. We may not be successful in procuring alternative guarantees satisfactory to the lender, and as result may need to repay the outstanding amounts under such facility or seek additional sources of capital, which may not be available on acceptable terms or at all and any such failure to raise additional capital could affect our operations and our financial conditions. For details regarding loan facilities, please refer to the chapter titled “Financial Indebtedness” on page 337 of the Draft Red Herring Prospectus.

26. *Significant security breaches in our software, data and network infrastructure and fraud could adversely impact our business.*

Our company provide all the services and maintains all the database online over the internet using cloud-based systems. Cloud-based systems are prone to ransomware, DDOS attacks and other cybersecurity risks. Thus, we have to maintain a huge amount of private and personal data and network infrastructure. We collect and store data and other infrastructure to provide our services. The company services are largely delivered in India or outside India.

In addition to this, the Digital Personal Data Protection Act 2023 provides certain rights to data principals, which include right to access information about personal data including a summary of personal data being processed, the underlying processing activities and any other information as prescribed, and identities of all data fiduciaries. We, as data fiduciaries have certain obligations towards data principal.

Breaches of cyber-security measures could result in misappropriation of information or data, deletion or modification of user information, or a denial-of-service or other interruption to our business operations. There could also be instances of misappropriation of user data by our employees or third-party service providers. We may be required to invest significant time and resources including financial resources to prevent such security

breaches or to mitigate problems caused by such breaches. In addition to this, we may be exposed to penalties under DPDP Act 2023.

A breach of our security, compromise of data or resilience affecting its operations, or those of our customers, could lead to an extended interruption to its services as well as loss of subscriber information and other confidential data. The impact of such a failure could include immediate financial losses due to fraud and theft, termination of contracts, immediate loss of revenue and reputation. Although, there have been no past instances of cyber-security breaches, unauthorized access, misappropriation of information or user data, alterations or deletions of user information, or incidents of denial-of-service or any other disruptions to our business operations.

27. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risk.*

Effective internal controls are necessary for us to prepare reliable financial reports and effectively prevent and detect any frauds or misuse of funds. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may decline over time. There can be no assurance that additional deficiencies or lacks in our internal controls will not arise in the future, or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies or lacks in our internal controls. If internal control weaknesses are identified in a delayed manner, our actions may not be sufficient to correct such internal control weakness. Such instances may also adversely affect our reputation, thereby adversely impacting our business, results of operations and financial condition.

28. *Our business is significantly dependent upon a few customers and the loss of, or a significant reduction in the award of contracts by such customers could adversely affect our business.*

We have established and will continue to focus on strengthening long-standing relationships with our clients across the end use industries that we cater to. However, we depend on certain customers who have contributed a substantial portion of our total revenue from operations. The details of contribution by our top 10 Customers to our revenue is given below:

(Amount in Lakhs)

Particulars	October 2023	March 2023	March 2022	March 2021
Revenue generated from top 10 Customers	440.10	664.04	504.19	359.38
% of Revenue	50.48%	47.50%	48.06%	60.39%
Revenue from operations	871.86	1397.97	1048.81	576.13

There is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. The loss of these customers or a loss of revenue from these customers may materially affect our business, financial condition, results of operations and cash flow. However, the composition and revenue generated from these clients might change as we continue to add new clients in the normal course of business. We intend to retain our clients by delivering the quality premium content. This helps us in providing better value to each client thereby increasing our engagement with our new and existing customers that presents a substantial opportunity for growth. For further information, please refer to the chapter titled “Our Business” on page 164 of this Draft Red Herring Prospectus.

29. *Our Company may be subject to acquisition or actions relating to infringement or misappropriating intellectual property rights or confidential know-how of third parties.*

As on the date of this Draft Red Herring Prospectus, we own 2 (two) intellectual property rights, the status of which is “Registered”. The details of which are given on page no. 164 in the chapter “Our Business”. Any claims by third parties that our Company is infringing or otherwise violating their proprietary technology or other intellectual property rights could harm our business. A considerable number of businesses in our industry have or have applied for a number of patents and have also taken measures protect their copyrights, trade secrets and other intellectual property rights, and there exists significant intellectual property development activity in our industry. We anticipate that content delivery and advertisement companies will increasingly be subject to claims of infringement, misappropriation and other violations of intellectual property rights as the number of products grow and the functionality of products in different industry segments overlaps. As we face increasing competition, the possibility of receiving a larger number of intellectual properties claims against us grows.

Additionally, the intellectual property portfolios of our competitors may be wider than ours, and this difference may increase the risk that our competitors may initiate action against us for intellectual property infringement and may limit our ability to counterclaim for such infringement. In such a situation, we may also have to additionally incur litigations expenses. In addition, in the event we recruit personnel from our competitors; we may be subject to allegations that such personnel have divulged proprietary or other confidential information to us. Further, we may be unaware of the intellectual property rights of others that may cover some or all of our solutions or services and may be required to indemnify our client for liability arising from intellectual property infringement claims. These indemnification obligations could be significant and we may not have adequate insurance coverage to protect us against all claims.

Any sort of such action initiated against us, irrespective of such action having merit could require significant time and attention from our senior management or compel us to execute unfavourable royalty or license agreements which may not be on commercially reasonable terms, if at all or require us to indemnify our clients or third-party service providers. Any of the foregoing could adversely affect our business, financial condition and results of operations.

30. *Our marketing and advertising activities may not be successful in increasing the popularity of our Company among domestic and international clients. If our marketing or advertising initiatives are not effective, this may affect the popularity of our Company.*

Our company operates as a content delivery and advertisement platform. In order to increase our reach to maximum clients, our marketing and advertising strategies play a vital role. Marketing is a cornerstone for our company to create awareness, attract and retain users, differentiate themselves in a competitive landscape, and ensure their offerings meet the ever-evolving needs of the industry. Effective marketing not only leads to business growth but also contributes to the enhancement of customer satisfaction for our clients.

Our Company undertakes certain marketing and advertising initiatives with the purpose of increasing the visibility of our Company. We rely to a large extent on our management’s experience in defining our marketing and advertising activities. If senior management leads us to adopt unsuccessful marketing and advertising activities or initiatives, we may fail to attract and engage new clients. We have entered into a collaboration agreement with Retailor association of India for advertising our services to the retailers. We practice some marketing strategies as mentioned in the chapter “Our Business” beginning on page no. 164 of this Draft Red Herring Prospectus.

- 31. Our funding requirements and proposed deployment of the Net Proceeds have not been appraised by a bank or a financial institution and if there are any delays or cost overruns, we may have to incur additional cost to fund the objects of the Issue because of which our business, financial condition and results of operations may be adversely affected.**

We intend to use the Net Proceeds for the purposes described in chapter titled “Objects of the Issue” on page 104. The funding requirements mentioned as a part of the objects of the Issue have not been appraised by any bank or financial institution. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency.

As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above ₹ 10,000 Lakh. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

- 32. Our Company may not have complied with certain statutory provisions of the Companies Act, 2013. Such non-compliances / lapses may attract penalties and prosecution against the Company and its directors which could impact on the financial position of the Company to that extent.**

We monitor compliances with applicable laws and regulations by implementing stringent internal checks and controls. Although we have generally been in compliance with applicable laws, there have been certain instances of discrepancies/ errors in statutory filings. Although no regulatory action has been taken against us with respect to the aforesaid non-compliances/errors, there can be no assurance that regulatory action shall not be taken by the relevant authorities against us in the future. In an event such an action is taken, we may be subject to penalties and other consequences that may adversely impact our business, reputation, and results of operation and there can be no assurance that we shall be able to successfully defend any action/allegation raised by such regulatory authorities. Our compliance team meticulously follows a detailed compliance calendar providing for compliances under various applicable laws, including but not limited to the Companies Act. As we continue to grow, there can be no assurance that deficiencies in our internal controls shall not arise, or that we shall be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. There may be recurrences of similar discrepancies/errors in the future that could subject our Company to penal consequences under applicable laws. Any such action could adversely impact our business, reputation, and results of operation.

The details of non-compliances or delayed filings is given as follows:

S. No.	Particulars	Due Date	Delayed days	Filing date
1.	MGT-14 (FY 2015-16) *	25-11-2015	2980	22-12-2023
2.	INC-27 (FY 2023-24)	15 days from 09-11-2023	1 days	25-11-2023

*The form MGT-14, pertaining to financial year 2015-2016, for variation in voting rights of 200 DVR shares.

Moreover, it should be noted that in preceding years, our company may not have been fully compliant with specific secretarial obligations. Nevertheless, we have taken proactive measures to address this by commissioning a search report, conducted by a certified practicing Company Secretary, namely Sanjay Ravindrakumar Desai, possessing Certificate of Practice number 12872, with the report dated December 27, 2023. This step was undertaken to ascertain and reconcile the information and secretarial records of our

company. As on the date of this Draft Red Herring Prospectus, there have been no investigations, inquiries, or penalties imposed by any regulatory authorities. However, it is important to acknowledge that we cannot guarantee the precise timeliness of past filings or assure that we will not be subject to penalties imposed by regulatory authorities in relation to this matter.

33. *Our profitability will suffer if we are not able to maintain our pricing, control costs or continue to expand our business through more client engagements.*

Our Company's profit margin and incidentally our profitability, is majorly dependent on our services and the rates we charge for providing the same. If we fail to maintain the pricing for our services without consistent cost reductions, our profitability and business will be affected. The pricing levels of provision of services that we are able to achieve are influenced by number of factors like the period of time the ads will be played, our clients feedback regarding our capability to add value through our services, competition we face in the industry, and needs and our ability to accurately forecast or estimate, avail and sustain revenue from clients and general economic conditions prevailing at that time.

Our ability to manage our utilisation levels depends significantly on our ability to hire and retain professionals and to staff appropriately. If we are not able to maintain high resource utilisation levels without corresponding cost reductions or price increases, our profitability will be adversely affected. In the event of a slowdown due to any external factors, or if the number of our clients reduces, we may be over-staffed and required to carry excess employee-related expenses which could affect our financial condition. Employee shortages could prevent us from completing our commitments in a timely and effective manner, which could adversely affect our profit margin and profitability.

34. *Maintaining our Company image and reputation in the industry is critical to our success, and any failure to do so could damage our reputation and brand.*

We believe that our brand name and reputation are important corporate assets that help distinguish our services from those of our competitors and also contribute to our efforts to recruit and retain talented professionals and content creatives.

However, our corporate reputation is susceptible to damage by various factors such as actions or statements made by current or former employees or clients, competitors in legal proceedings, as well as members of the investment community and the media. There is a risk that negative information about our Company, even if based on false rumours or misunderstandings, could adversely affect our business. Any negative news relating to us might also affect our reputation, goodwill and brand value. In particular, damage to our reputation could be difficult and time-consuming to repair, especially due to the competitiveness in our industry, which could make potential or existing clients reluctant to select us for new engagements, resulting in a loss of business, and could adversely affect our employee recruitment and retention efforts. Damage to our reputation could also reduce the value and effectiveness of our brand name, could reduce investor confidence in us, affect the price of our Equity Shares and adversely affect our ability to grow our business and our results of operations and financial condition.

35. *Business operation and stability depends on many factors, we may not be able to effectively implement our business and growth strategy.*

The success of our business inter alia depends on our ability to effectively implement our business and growth strategy. In the past, we have generally been successful in the execution of our business plan but there can be

no assurance that we will be able to execute our strategy effectively and within the estimated budget in the future.

Following are factors that can affect our ability to effectively implement our business strategy:

1. Intense competition from other unlisted peer companies in the industry, domestic or foreign.
2. Growth and stability of organised retail industry.
3. Changes in Industry demand.
4. Our ability to attract and retain qualified personnel.
5. Our ability to maintain the quality of our services.
6. Our ability to maintain tie-ups and collaborations with national and international partners.
7. Our ability to successfully implement Marketing strategies.
8. Our ability to maintain brand image.
9. Our ability to update and adapt new technology.

If we are unable to address these factors, there could be a material adverse effect on our business and results of operations.

36. Fluctuation of Interest rate may adversely affect the Company's business.

For meeting capital requirement in ordinary course of our business for general capital purpose, we have or may enter into certain borrowing agreements to meet those requirements. In the event interest rates increase, the cost of borrowing will also be increased, and which will have the adversely effect on cash flow and profitability.

As on October 31, 2023, our Company has a total outstanding secured borrowings from banks and financial institutions aggregating to Rs. 42.97 lakhs and Unsecured Loan aggregating to Rs. 9.08 lakhs, as per the certificate issued by M/s Jain Jagawat Kamdar & Co, Chartered Accountants, dated December 21, 2023.

Set forth below is a summary of our aggregate borrowings from banks and financial institutions on a consolidated basis as of October 31, 2023:

SECURED LOAN:

(Amount in Lakhs)

Name of persons/companies	Loan Amounts	Rate of Interest*	Nature of Tenure	Outstanding as on October 31, 2023

For Further Information, please refer to the chapter titled “Financial Indebtedness” on page 337 of this Draft Red Herring Prospectus.

37. Our Company may incur penalties or liabilities for non-compliances with certain provisions of the GST Act, Income Tax and other applicable laws in the previous years.

Our Company have incurred penalties or liabilities for non-compliance with certain provisions including lapsed/ made delay in certain filings and/or erroneous filing/ non-filing of e-forms under applicable acts to it in the past years. Such non-compliances/delay Compliances/ erroneous filing/ Non-Filing/ Non-Registration may incur the penalties or liabilities which may affect the results of operations and financial conditions of the company in near future. The details of late filings in past years are given below:

38. *The average cost of acquisition of Equity Shares by our Promoters is lower than the issue price.*

Our Promoter's average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Draft Red Herring Prospectus. For further details regarding the average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page no. 27 of this Draft Red Herring Prospectus.

39. *We are required to maintain certain approvals and licenses required in the ordinary course of business and the failure to obtain or renew them in a timely manner or at all may adversely affect our operations.*

Our Company's business is subject to government regulations, and we require certain approvals, licenses, registrations and permissions for operating our business, some of which might have expired and for which we may have either made or are in the process of making an application for obtaining the approval or its renewal. In addition, we may not be in compliance with certain conditions prescribed by such approvals or licences. Our failure to obtain such licences and approvals and comply with the applicable laws and regulations could lead to imposition of sanctions by the relevant authorities, including penalties. For further details, please refer to chapter titled "*Government and Other Approvals*" on page 348.

Further, renewal applications for approvals, licenses, registrations and permissions for operating our business need to be made within certain timeframes. There have been no fresh applications made for approvals or license as on the date of the Draft Red Herring Prospectus. However, there may be instances in the future where fresh applications for new approvals and licenses will be made by the company and we cannot assure you that the company will receive these approvals in a timely manner or at all. If we are unable to make applications and renew or obtain necessary permits, licenses and approvals on acceptable terms, in a timely manner or at all, we may be required to face consequences due to which our business operations may be adversely affected.

40. *In addition to normal remuneration, other benefits and reimbursement of expenses some of our directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.*

Some of our Directors (including our Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration or benefits and reimbursement of expenses. We cannot assure you that our directors or our Key Management Personnel would always exercise their rights as shareholders to the benefit and best interest of our Company, thereby adversely affecting our business and results of operations and prospects.

41. *Any variation in the utilisation of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.*

We propose to utilise the Net Proceeds towards the objects of the Company as mentioned in chapter titled "*Objects of the Issue*" beginning on page 104. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Sections 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds without obtaining the shareholders' approval through a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilisation of the Net Proceeds, we may not be able to obtain the shareholders' approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders' approval may adversely affect our business or operations.

Further, our Promoters would be liable to provide an exit opportunity to shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement of our Promoters to provide an exit opportunity to such dissenting shareholders may deter the Promoters from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

42. *An inability to maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.*

We have obtained a number of insurance policies in connection with our operations, for further information, please refer to chapter titled “*Our Business – Insurance*” on page 164.

While we are of the opinion that the insurance coverage which our Company maintains would be reasonably adequate to cover the normal risks associated with the operations of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. Our Company’s insurance policies may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

43. *Our Company has issued Equity Shares during the last twelve months at a price which may be lower than the Offer Price.*

We have, in the 12 months preceding the filing of this Red Herring Prospectus, issued Equity Shares at prices that may be lower than the Offer Price to Promoters and other shareholders. For details of issues, please refer, page 77 of the chapter “*Capital Structure*”.

The details of the allotment made during the preceding 12 months are as follows:

S. No.	Date of Allotment	Number of Equity Shares	Face value	Issue Price	Consideration	Type of Allotment
1.	October 16, 2023	33,698	10	10	Cash	Right Issue
2.	October 31, 2023	15,200	10	660	Cash	Preferential Allotment
3.	November 30, 2023	47,02,760	10	N.A.	Other than cash	Bonus issue

For details, please refer to the chapter titled “*Capital Structure*” on page 77 of this Draft Red Herring Prospectus.

44. Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, IFRS and U.S. GAAP, which may be material to investors' assessments of our financial condition, result of operations and cash flows.

Our restated summary statements of assets and liabilities, restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the six months period ended October 31, 2023, and Fiscals 2023, 2022 and 2021 have been prepared in accordance with Ind AS.

We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Draft Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. US GAAP and IFRS differ in significant respects from Ind AS and Indian GAAP. Accordingly, the degree to which the Restated Financial Information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Draft Red Herring Prospectus should accordingly be limited.

45. Certain Agreements, deeds or licenses may be in the previous name of the company.

Our certain agreements, deeds or licenses may be in the name of the erstwhile name of the company Radiowalla Network Private Limited. In case we fail to change the name in the agreements, deeds or licenses it may cause adverse effect on Our Company's business & operations. Although, our Company have submitted requests to the relevant regulatory bodies/ authorities to update the company's name in licenses and other approvals, such as PAN, TAN, GST, EPF, etc.

46. We have not made any alternate arrangements in order to meet our capital requirements for the Objects of the Issue. Additionally, we have not identified any alternate source of financing the 'Objects of the Issue. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.

As on date, our Company has not made any alternate arrangements for meeting the capital requirements for the Objects of the Issue. We are a debt free company and we meet our capital requirements through our internal accruals. Any shortfall in the same and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled "Objects of the Issue" on page 104 of this Draft Red Herring Prospectus.

47. Our Company is subject to foreign exchange control regulations which can pose a risk of currency fluctuations.

Our Company is involved in business transactions with international clients located globally and has to conduct the transactions in accordance with the rules and regulations prescribed under FEMA. Our international operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. In case we are unable to adhere to the timelines prescribed under the applicable laws or are unable to mitigate the risk of currency fluctuation, it may adversely affect our business, results of operations, financial conditions and cash flows.

48. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and declaration of dividend will depend upon financial performance of our Company at the time of declaration. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements (if any) in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past and there can be no assurance that our Company will declare dividends in the future. For further details, please refer to the chapter titled “*Dividend Policy*” on pages 242 of this Draft Red Herring Prospectus.

49. *Industry information included in this Draft Red Herring Prospectus has been derived from an industry report from various websites. The reliability on the forecasts of the reports could be incorrect and would significantly impact our operations.*

We have relied on the reports of certain independent third parties for purposes of inclusion of such information in this Draft red Herring Prospectus. These reports are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Draft Red Herring Prospectus.

50. *Our Company’s future funding requirements, in the form of further issue of capital or other securities and/or loans that might be availed by us, may turn out to be prejudicial to the interest of the shareholders depending upon the terms and conditions on which they are raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

This space has been left blank intentionally.

RISKS RELATED TO THE ISSUE.

51. *There are certain restrictions on daily movements in the price of Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.*

Following the Issue, we will be subject to a daily circuit breaker imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

52. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.*

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

1. Volatility in the Indian and global capital market;
2. Company's results of operations and financial performance;
3. Performance of Company's competitors,
4. Adverse media reports on Company or pertaining to our Industry;
5. Changes in our estimates of performance or recommendations by financial analysts; and
6. Significant developments in India's economic and fiscal policies;

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

53. *Equity Shares of our Company have never been publicly traded, and after the Issue, the Equity Shares may be subject to price and volume fluctuations, and an active trading market for the Equity Shares may or may not develop. Further, the Issue Price may not be indicative of the market price of the Equity Shares after the Issue.*

Prior to this Issue of our Company, no public market existed for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation of Equity Shares does not guarantee that a market for the same will develop, or if developed, the liquidity of such market for the Equity Shares cannot be guaranteed. The Issue Price of the Equity Shares is proposed to be determined through a book building process in compliance with Schedule XIII of the SEBI ICDR and the same may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The Issue Price will be based on numerous factors, as described in the section "*Basis for Issue Price*" beginning on page 120. This price may not necessarily

be indicative of the market price of our Equity Shares after the Issue is completed. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in.

Our Equity Shares are expected to trade on NSE and BSE after the Issue, but there can be no assurance that active trading in our Equity Shares will develop after the Issue, or if such trading develops, that it will continue. Investors may not be able to sell our Equity Shares at the quoted price if there is no active trading in our Equity Shares.

54. *You may be subject to Indian taxes arising out of capital gains on the sale of our Equity Shares.*

Capital gains arising from the sale of equity shares within 12 months in an Indian company are generally taxable in India. Any gain realised on the sale of listed equity shares on a stock exchange held for more than 12 months will not be subject to capital gain being long term capital gain amounting to upto one lakhs rupees provided Securities Transaction Tax (“STT”) is paid on the transaction. STT is levied on and collected by a domestic stock exchange on which equity shares are sold. Any gain realised on the sale of equity shares held for more than 12 months to an Indian resident, which are sold other than on a recognized stock exchange and on which no STT has been paid, is subject to long term capital gains tax in India. Further, any gain realised on the sale of listed equity shares held for a period of 12 months or less will be subject to short term capital gains tax in India. Capital gains arising from the sale of equity shares is exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident.

Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

55. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after the submission of their Bid, and Retail Individual Investors are not permitted to withdraw their Bids after closure of the Bid/ Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. While we are required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment, within six Working Days from the Bid/ Issue Closing Date or such other period as may be prescribed by the SEBI, events affecting the investors’ decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Investors’ ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

56. *Sale of Equity Shares by our Promoters or other significant shareholder(s) or any future issue of Equity Shares may dilute your shareholding and adversely affect the trading price of the Equity Shares.*

Any future equity issues by us, including in a primary offering, or any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of

our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

57. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.*

The Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in the Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately five Working Days from the Bid/ Issue Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within six Working Days of the Bid/ Issue Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

58. *Holder of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution. However, if the laws of the jurisdiction the investors are located in does not permit them to exercise their pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emption rights granted in respect of the Equity Shares held by them, their proportional interest in us would be reduced.

59. *A third-party could be prevented from acquiring control of us post this Issue, because of anti-takeover provisions under Indian law.*

As a listed Indian company, there are provisions in Indian legal regime that may delay, deter or prevent a future takeover or change in control of our Company. Under the Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also discourage a third party from attempting to take control of our Company subsequent to completion of the Issue. Consequently, even if a potential takeover of our Company would result in the purchase of the

Equity Shares at a premium to their market price or would otherwise be beneficial to our shareholders, such a takeover may not be attempted or consummated because of Takeover Regulations.

EXTERNAL RISK FACTORS

60. *The Terrorist attacks, communal disturbances and regional conflicts in South Asia may have a material adverse effect on our business and on the market for securities in India.*

Terrorist attacks, whether in India or another country may adversely affect Indian and worldwide financial markets. These acts may also result in a loss of business confidence and have other consequences that could adversely affect our business, results of operations and financial condition. Some parts of India have experienced communal disturbances and riots during recent years. If such events recur, our business and financial condition may be adversely affected.

South Asia has, from time to time, experienced instances of civil unrest. Military activity or terrorist attacks in the future could adversely affect the Indian economy, and the financial condition and results of operations of Indian companies, including us, which would have an adverse effect on the trading price of our Equity Shares.

61. *The outbreak and after-effects of COVID-19, or outbreak of any other severe communicable disease could have a potential impact on our business, financial condition, cash flows and results of operations.*

The outbreak, of any severe communicable disease, as seen in the recent outbreak and aftermath of COVID-19, could materially and adversely affect business sentiment and environment across industries. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and lockdowns. These measures have impacted and may further impact our workforce and operations and also the operations of our clients. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe.

During the lockdown period in response to the COVID-19 pandemic, our Company had put certain interim measures in place to ensure business and operational continuity. Our employees worked remotely. However, certain of our operations are dependent on various information technology systems and applications which may not be adequately supported by a robust business continuity plan, which could impact our business in the event of a disaster of any nature. Although we continue to devote resources and management focus, there can be no assurance that these programs will operate effectively.

62. *Natural disasters, epidemics, pandemics, acts of war, terrorist attacks and other events could materially and adversely affect our business and profitability.*

Natural disasters (such as earthquakes, fire, typhoons, cyclones, hurricanes and floods), pandemics, epidemics, strikes, civil unrest, terrorist attacks and other events, which are beyond our control, may lead to global or regional economic instability, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations. Any of these occurrences could cause severe disruptions to our daily operations and may warrant a temporary closure of our facilities. Such closures may disrupt our business operations and adversely affect our results of operations. Our operation could also be disrupted if our clients are affected by such natural disasters or epidemics. An outbreak or epidemic,

such as SARS, the H1N1 and H5N1 viruses or COVID-19 could cause general consumption or the demand for various products to decline, which could result in reduced demand for our services. Such an outbreak or epidemic may significantly interrupt our business operations as health or governmental authorities may impose quarantine and inspection measures on us or our clients.

Moreover, certain regions in India have witnessed terrorist attacks and civil disturbances and it is possible that future terrorist attacks or civil unrest, as well as other adverse social, economic and political events in India could have a negative effect on us. Transportation facilities, including vehicles, can be targets of terrorist attacks, which could lead to, among other things, increased insurance and security costs. Regional and global political or military tensions or conflicts, strained or altered foreign relations, protectionism and acts of war or the potential for war could also cause damage and disruption to our business, which could materially and adversely affect our business, financial condition, cash flows and results of operations. Such incidents could create the perception that investments in Indian companies involve a higher degree of risk and such perception could adversely affect our business and the price of the Equity Shares.

63. *Financial instability in other countries may cause increased volatility in Indian and other financial markets.*

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections.

64. *Changing laws, rules and regulations and legal uncertainties in India and other countries may adversely affect our business and financial performance.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with

effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. The Government has enacted the GAAR which have come into effect from April 1, 2017.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

65. *Under Indian legal regime, foreign investors are subject to investment restrictions that limit our Company's ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares. Accordingly, our ability to raise foreign capital may be constrained.*

As a company incorporated in India, we are subject to exchange controls that govern the borrowings in foreign currencies. Further, under applicable foreign exchange regulations in India, transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified under applicable laws. If share transfer is not in compliance with such requirements and does not fall under any of the permissible exceptions, then prior approval of the relevant regulatory authority is required. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness.

66. *Investors outside India subscribing to this Issue may not be able to enforce any judgment of a foreign court against us, except by way of a suit in India.*

Our Company is a limited liability company incorporated under the laws of India. Our Company's assets are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in India or to enforce judgments obtained against our Company or such parties outside India. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including the United Kingdom, Singapore, UAE, and Hong Kong. A judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908, as amended ("Civil Procedure Code"). The United States has not been notified as a reciprocating territory.

In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable. Such amount may also be subject to income tax in accordance with applicable law. Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, entities, their directors and executive officers and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

67. *Any adverse change or downgrading in ratings of India may adversely affect our business, results of operations and cash flows.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

68. *Regulatory, economic, political scenarios or other factors that are beyond our control may have an adverse effect on our business and financial performance.*

Our economy and its securities markets are influenced by economic developments, any adverse economic developments or rising of fiscal or trade deficit may also affect investor confidence and cause increased volatility in securities markets and indirectly affect our economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition, and results of operations. Further financial disruption could also have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares

Also, a change in the government or change in deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business and high rates of inflation could increase our costs without proportionately increasing our revenues

69. *The requirements of being a listed company may strain our resources.*

We are not a listed company and have not been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated by the virtue of being a listed company. As a listed company, we will incur considerable legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing compliances and reporting requirements to the Stock Exchanges on which equity shares of our Company will be listed, which require us to file audited annual and unaudited quarterly reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as timely as other listed companies.

WITHDRAWAL OF THE ISSUE

Our Company in consultation with the BRLM, reserves the right not to proceed with the Issue at any time after the Issue Opening Date but before the Board meeting for Allotment. In such an event, our Company would issue a public notice in the newspapers, in which the pre-Issue advertisements were published, within two (2) days of the Issue Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Issue. The BRLM, through the Registrar to the Issue, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) day of receipt of such notification. Our Company shall also promptly inform NSE Emerge on which the Equity Shares were proposed to be listed. Notwithstanding the foregoing, the Issue is also subject to obtaining the final listing and trading approvals from NSE Emerge, which our Company shall apply for after Allotment. If our Company withdraws the Issue after the Issue Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Draft Red Herring Prospectus.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the BRLM have entered into a tripartite agreement dated [●] with [●] the Market Maker for this Issue, duly registered with NSE Emerge to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the NSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of NSE Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Marker maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. **Risk containment measures and monitoring for Market Makers:** Emerge Platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value- At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE can impose any other margins as deemed necessary from time-to-time.
10. **Punitive Action in case of default by Market Maker:** Emerge Platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

Price Band and Spreads: Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to Rs. 20 Crore	25%	24%
Rs.20 Crore to Rs.50 Crore	20%	19%
Rs.50 Crore To Rs.80 Crore	15%	14%
Above Rs.80 Crore	12%	11%

The Marketing Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/NSE from time to time.

The trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

This place has been left blank intentionally.

OBJECTS OF THE ISSUE

Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the Emerge Platform of NSE.

The objects of the Issue are: -

1. To meet out the expenses for Investment in Technology
2. To meet out the Capital Expenditure for the Company
3. To meet out the Working Capital requirements of the Company
4. To meet out the General Corporate Purposes; and
5. To meet out the Issue Expenses.

Our Company believes that listing will enhance our Company’s corporate image, brand name and create a public market for its Equity Shares in India. The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment is based on internal management estimates and has not been appraised by any bank or financial institution.

Fund Requirements

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

S. N.	Particulars	Amount* (In Rs. Lakh)	% of Gross Proceeds	% of Net Proceeds
1.	Investment in Technology	310.00	[●]	[●]
2.	Capital Expenditure	190.00	[●]	[●]
3.	Working Capital Requirement	450.00	[●]	[●]
4.	General Corporate Purposes	[●]	[●]	[●]
5.	Issue Expenses#	[●]	[●]	[●]
	Total	[●]	[●]	[●]

**Tentative Figures*

#As per the certificate given by M/s Jain Jagawat Kamdar & Co, Chartered Accountant dated December 21, 2023, the Company has not incurred any issue expenses till date.

The requirements of the objects detailed above are intended to be funded from the proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail rescheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

Details of Utilization of Issue Proceeds

1. Investment of Technology

Our company specializes in delivering in-store radio services through a dedicated "Platform," utilizing a set of cloud-based servers and proprietary software. The company aims to allocate net proceeds of Rs. 310.00 Lakh towards advancing the development of this platform.

The allocated funds will be utilized to expand the platform's capabilities, accommodating the increasing number of stores and incorporating new features. While the current platform efficiently serves various stores with features tailored to diverse customer types and regions, future growth necessitates the adoption of emerging technologies and platforms to keep pace with rapid technological advancements.

We currently offer solutions compatible with Windows, Linux, Android, and Web player platforms. The plan is to augment these existing offerings by introducing new features and solutions. This strategic enhancement aims to improve service offerings, target new customer segments, and create additional opportunities for advertising monetization. The expansion will also facilitate the company's entry into new territories, tailoring features to specific regions as needed.

The funds will be directed towards strengthening the technology development team, enhancing backend infrastructure with requisite hardware upgrades, and integrating the latest technologies and tools. This comprehensive approach ensures that the company meets the industry standards at global level, solidifying its position in the in its sector.

The development of this platform will take around 18 months.

2. Capital Expenditure

Our company intends to deploy Net Proceeds aggregating to Rs. 190.00 Lakh for capital expenditure for providing Visual advertising solutions, which constitutes Digital Out-of-Home (DOOH) advertising and Android Media Players.

Digital Out-of-Home (DOOH) Advertising is a modern advertising medium that involves the use of digital displays, such as electronic billboards, video screens, and interactive kiosks, to deliver dynamic, targeted, and engaging advertisements to consumers in various public spaces.

The transformation of traditional advertising into modern form of advertising has brought revolution in the advertising industry by introducing elements such as real-time bidding (RTB), programmatic buying, and data-driven targeting, into the OOH landscape. This includes the digital screens, whether they are large LED billboards, digital signage in a mall, or screens in elevators.

We intend to utilize a part of our IPO proceeds on capital expenditure by installing two different types of LED Screens as given below as per the requirements of the clients at various locations. We have entered

into agreement for installation at two locations currently, out of which we have already installed in Shipra Mall, Ghaziabad and going to install at Crown Mall, Lucknow.

Android Media Player are devices used in our Audio Advertising segment, which includes both in store radio and corporate radio services. These devices are installed at the clients place to deliver audio content to the viewers. For more details about this segment, kindly refer to chapter, “Our Business” beginning on page 164.

The total working capital requirements for the FY 2020-21 & FY 2021-22 was Rs. NIL. The same was due to an ESOP Expense created by the company of Rs. 196.53 Lakhs during these years that led to increase in Other Current Liabilities and thus a reduced the working capital requirement to Negative. The same was written off in FY 2022-23 due to non-exercising of ESOP. The actual working capital requirement in the FY 2022-23 was Rs. 205.02 Lakhs. The amount of Working Capital Requirement in Stub Period ending 31st October 2023 stood at Rs. 421.76 Lakhs. It is estimated that in FY 2023-24, the working capital requirement is Rs. 515.37 Lakhs & projected that for FY 2024-25 it shall be Rs. 792.28 Lakhs. For FY 2023-24 & FY 2024-25, Rs. 90 Lakhs & Rs. 360 Lakhs respectively shall be sourced through IPO proceeds & the rest amount will be sourced from internal accruals and borrowings.

The numbers in the data show that in 2021, the company took a longer time to collect money owed to them, but in 2022, they improved and collected it faster. Even though the actual amount of money didn't change much, going from Rs. 264.14 Lakhs in 2021 to Rs. 256.17 Lakhs in 2022, it looks like the company did a good

job getting their money back quickly. This suggests they probably put in some efforts to make sure people paid them on time.

Now, in 2023, the company is taking longer again to collect money - 117 days compared to the faster 89 days in 2022. The amount of money they're waiting for has almost doubled, going from Rs. 256.17 Lakhs to Rs. 447.48 Lakhs. This increase in days and amount might be because the company got new clients who are taking more time to pay, but it's also possible that they are offering these new clients a longer time to pay back.

Interestingly, even though the money they're waiting for almost doubled, the time it takes to collect it didn't double. This could mean that the company is making more money overall. For example, in 2022, they made Rs. 1,048.98 Lakhs, and in 2023, they made Rs. 1,401.39 Lakhs.

As of October 31, 2023, they're back to collecting money faster - in 89 days - and the amount is Rs. 362.70 Lakhs.

For estimated period of fiscal year 2024, the debtor days are expected to be 90 days i.e. inline with the company's expected future debtor days. This amounts to Rs. 405.45 Lakhs for fiscal year 2024. Similarly, for fiscal year 2025, considering the debtor days of 90 days, Rs. 547.36 Lakhs shall be debtors outstanding.

Other Current Assets	Days	46	41	36	41	30	30
Change in Days	Days		-5	-5	+5	-11	-

The number of days for Other Current Assets (OCA) typically falls within a range of 30 to 45 days. This duration is primarily due to various factors like advances to employees, advances to subsidiary, TDS, & Accrued Income.

Bifurcation of OCA for Audited Period is as follows:

Particulars (Rs. Lakhs)	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Oct 31, 2023 (A)

Capital Float	0.15	-	-	-
Total	73.53	116.72	139.95	166.86

The amount of Other Current assets has been increasing over the audited period from Rs. 73.53 Lakhs, Rs. 116.72 Lakhs, Rs. 139.95 Lakhs for fiscal year 2021, 2022 & 2023 respectively. Other current assets for stub period 31st October 2023 is Rs. 166.86 Lakhs.

Other Current Assets majorly include Advance to subsidiary company, TDS & Accrued Income, Advance paid to vendors and advances to employees.

Looking ahead, the company is preparing for substantial growth through an Initial Public Offering (IPO) to raise capital. This IPO is expected to lead to a significant surge in revenue and a corresponding increase in profits. As part of this expansion strategy, the company anticipates that its Other Current Assets will also expand.

Consequently, it is expected that the balances in Other Current Assets will be Rs. 135.15 lakhs and Rs. 182.45 lakhs in the fiscal years 2024 and 2025, respectively.

Current Liabilities

Short Term Borrowings

Particulars	UOM	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Oct 31, 2023 (A)	March 31, 2024 (E)	March 31, 2025 (P)

Borrowings	Days	42	20	20	13	13	11
Change in Days	Days	-	(22)	-	(7)	-	(2)

The company has maintained a consistent short-term borrowing range of Rs. 40 to 60 Lakhs from March 31, 2021, through the stub period ending October 31, 2023. This stability is projected to persist, with estimated figures of 47.27 Lakhs on March 31, 2024, and 52.00 Lakhs on March 31, 2025. Despite some fluctuations within the interim periods, the overall trend suggests a propensity for the company to sustain its current short-term debt levels in the foreseeable future.

Examining the borrowing durations reveals a noteworthy pattern. The borrowing period reduced from 42 days to 20 days over the audited period, and there is a further anticipated decrease to 11 days by March 31, 2025. This trend indicates a strategic approach to managing short-term obligations more efficiently. The analysis of both borrowing amounts and durations provides valuable insights into the company's financial decision-making and its adept handling of short-term financial commitments.

Trade Payables

Particulars	UOM	March 31, 2021 (A)	March 31, 2022 (A)	March 31, 2023 (A)	Stub Oct 31, 2023 (A)	March 31, 2024 (E)	March 31, 2025 (P)
Trade Payables	Rs. Lakhs	33.73	49.23	111.82	51.18	56.43	73.16
Change in Amount	Rs. Lakhs	-	15.50	62.59	(60.65)	5.25	16.73
Trade Payables	Days	22	18	33	15	15	15
Change in Days	Days	-	-	+15	+5	-	-

The trajectory of trade payables for the company demonstrates a consistent and controlled management approach, characterized by the following justifications:

Amount Trends:

- The company experienced stability in trade payables from FY 2021 to FY 2022.
- The notable increase in FY 2023, amounting to Rs. 111.82 Lakhs, was primarily a result of bills received in the final month.
- A swift adjustment in the Stub Period Oct 2023, with a decrease of Rs. 60.65 Lakhs, brought payables back to levels comparable to FY 2021 and FY 2022.
- Projections indicate a moderate increase in FY 2024 and FY 2025.

Days Trends:

- The company successfully maintained a consistent payment period of 15-25 days in FY 2021 and FY 2022.
- FY 2023 saw a temporary increase to 33 days, aligning with the elevated amount during that period.
- The Stub Period Oct 2023 witnessed a prompt adjustment, returning the payment period to 15 days.
- Projections affirm a continued stability at a 15-day payment period for FY 2024 and FY 2025.

Analysis:

- The significant upturn in trade payables in FY 2023 can be attributed to specific bills received in the closing month, highlighting a clear understanding of the contributing factors.
- The subsequent decrease in the Stub Period Oct 2023 underscores a proactive and effective response to maintain payables at levels consistent with preceding fiscal years.
- Forward-looking projections indicate a deliberate effort to sustain a stable scenario, with trade payables anticipated to remain at a 15-day level for both FY 2024 and FY 2025.

In essence, the company's management of trade payables reflects a strategic and responsive approach, demonstrating an ability to navigate fluctuations and ensure financial stability.

Other Current Liabilities

Deferred Revenue	48.52	-	40.94	-
Total	366.93	305.21	208.44	132.62

It shall be noted that ESOP Amount that was outstanding for FY 2021 & FY 2022 was written back in FY 2023 and thus this was one of the amounts that this amount was not reflecting in FY 2023 and onwards and other current liability thereafter. Other major amounts include Salary Payables, Deferred Revenue, GST Payable, Advance from Debtors & Provision for expenses.

It is expected that for the FY 2024 & FY 2025, the total amount for Other Current Liabilities shall be Rs. 150.48 Lakhs & Rs. 195.10 Lakhs respectively.

Conclusion:

- The working capital requirement for FY 2021 and FY 2022 is shown as negative primarily due to the inclusion of ESOP (Employee Stock Ownership Plan) expenses. Excluding this factor, the working capital requirement becomes positive.
- This business is characterized by a significant working capital intensity, with a major portion of funds tied up in Debtors.
- The total working capital requirement for FY 2024 and 2025 mirrors the amount recorded during the stub period ending on October 31, 2023. This requirement is being fulfilled through internal accruals, with the remaining balance to be met through proceeds from the Initial Public Offering (IPO).

However, depending on business exigencies, our Company may consider raising bridge financing for the Net Proceeds for Object of the Issue.

MONITORING UTILIZATION OF FUNDS

As the Net Proceeds of the Issue will be less than Rs. 10,000 Lakh, under the SEBI (ICDR) Regulations it is not mandatory for us to appoint a monitoring agency. Our Board and the management will monitor the utilization of the Net Proceeds through its audit committee. Pursuant to Regulation 32 of the SEBI (Listing Obligation and Disclosures Requirements) Regulations 2015, our Company shall on half-yearly basis disclose to the Audit Committee the applications of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Draft Red Herring Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full. The statement will be certified by the Statutory Auditors of our Company. No part of the Issue Proceeds will be paid by our Company as consideration to our Promoter, our Directors, Key Management Personnel or companies promoted by the Promoter, except as may be required in the usual course of business.

VARIATION IN OBJECTS

In accordance with Section 13(8) and Section 27 of the Companies Act, 2013 and applicable rules, our Company shall not vary the objects of the Issue without our Company being authorised to do so by the Shareholders by way of a special resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution (the Postal Ballot Notice or E-Voting) shall specify the prescribed details as required under the Companies Act and applicable rules. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where the Registered Office is situated. Our Promoters or controlling

Shareholders will be required to provide an exit opportunity to such Shareholders who do not agree to the proposal to vary the objects, at such price, and in such manner, as may be prescribed by SEBI, in this regard.

OTHER CONFIRMATIONS

No part of the issue proceeds will be paid as consideration to promoters, directors, key managerial personnel, associates or group companies except in the normal course of business and as disclosed in the sections titled Our Promoters, Our Promoters Group and Our Management as mentioned on page no. 220, 226 and 202 of this Draft Red Herring Prospectus.

- *Favourable Government policies*

For further details, refer heading chapter titled Our Business beginning on page 164 of this Draft Red Herring Prospectus.

QUANTITATIVE FACTORS

Information presented below relating to the Company is based on the Restated Financial Statements. Some of the quantitative factors which form the basis or computing the price are as follows:

1. Basic & Diluted Earnings Per Share (EPS):

On the basis of Standalone financials:

Financial Year	EPS (Basic & Diluted)	Weight
2022-23	25.47	3
2021-22	10.95	2
2020-21	2.65	1
Weighted Average EPS		16.83
For the period ended on October 31, 2023		24.51

On the basis of Consolidated financials:

Financial Year	EPS (Basic & Diluted)	Weight
2022-23	24.25	3
2021-22	11.16	2

2020-21	2.41	1
Weighted Average EPS		16.25
For the period ended on October 31, 2023		24.24

Note:

- EPS Calculations have been done in accordance with Accounting Standard 20 - Earning per share issued by the Institute of Chartered Accountants of India.
- Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year.
- Weighted Average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the year.
- For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

STATEMENT OF TAX BENEFITS

Independent Auditor's Report on Statement of Special Tax Benefits

To,
The Board of Directors,
Radiowalla Network Limited
(Previously known as Radiowalla Network Private Limited)
16A, Basement Floor, Maratha Bhavan, Millers Tank Bund Road,
Vasanthnagar, Bangalore-560052.

Dear Sirs,

Sub: Statement of possible Special tax benefit ('the Statement') available to Radiowalla Network Limited (Formerly Known as Radiowalla Network Private Limited) and its shareholders prepared in accordance with the requirements under Schedule VI-Clause 9L of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (the 'Regulations')

We hereby confirm that the enclosed annexure, prepared by "Radiowalla Network Limited (Formerly Known as Radiowalla Network Private Limited)" ("the Company") states the possible special tax benefits available to the Company and the shareholders of the Company under the Income – tax Act, 1961 ('Act') as amended time to time, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the State Goods and Services Tax Act as passed by respective State Governments from where the Company operates and applicable to the Company, the Customs Act, 1962 and the Foreign Trade Policy 2015-2020, as amended by the Finance Act, 2021, i.e., applicable for the Financial Year 2021-22 relevant to the assessment year 2023-24, presently in force in India for inclusion in the Draft Red Herring Prospectus ("DRHP") / Red Herring Prospectus ("RHP") / Prospectus for the proposed public offer of equity shares, as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations").

Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions, which based on the business imperatives, the company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and its Shareholders and do not cover any general tax benefits. Further, these benefits are neither exhaustive nor conclusive and the preparation of the contents stated is the responsibility of the Company's management. We are informed that this statement is only intended to provide general information to the investors and hence is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

Our views are based on the existing provisions of the Act and its interpretations, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. Any such change, which could also be retroactive, could have an effect on the validity of our views stated herein. We assume

no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein.

We do not express any opinion or provide any assurance as to whether:

- the Company or its Shareholders will continue to obtain these benefits in future;
- the conditions prescribed for availing the benefits, where applicable have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to include enclosed statement regarding the tax benefits available to the Company and to its shareholders in the DRHP for the proposed public offer of equity shares which the Company intends to submit to the Securities and Exchange Board of India provided that the below statement of limitation is included in the offer document.

Limitations

Our views expressed in the statement enclosed are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company and the interpretation of the existing tax laws in force in India and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed issue relying on the statement.

The enclosed Annexure is intended solely for your information and for inclusion in the Draft Red Herring Prospectus / Red Herring Prospectus/ Prospectus or any other issue related material in connection with the proposed issue of equity shares and is not to be used, referred to or distributed for any other purpose without our prior written consent.

The certificate is issued solely for the limited purpose to comply with Indian [ICDR Regulations]. Our work has not been carried out in accordance with auditing or other standards and practices generally accepted in jurisdictions outside India (including in the United States of America), and accordingly should not be relied upon as if it had been carried out in accordance with those standards and practices.

This report should not be relied upon by prospective investors outside India (including persons who are Qualified Institutional Buyers as defined under (i) Rule 144A or (ii) Regulation S under the United States Securities Act of 1933, as amended) participating in the Offering. Annexure to the statement of possible Tax Benefits

Outlined below are the possible Special tax benefits available to the Company and its shareholders under the Income Tax Act, 1961 presently forced in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in the Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have different interpretation on the benefits, which an investor can avail.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION.

1. Special Tax Benefits available to the Company under the Act:

The Company is not entitled to any Special tax benefits under the Act.

2. Special Tax Benefits available to the shareholders of the Company

The Shareholders of the company are not entitled to any Special tax benefits under the Act.

Notes:

1. All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
2. The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefit under any other law.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

GLOBAL ECONOMY OUTLOOK

Growing Global Divergences

The global recovery from the COVID-19 pandemic and Russia’s invasion of Ukraine remains slow and uneven. More than three years after the global economy suffered the largest shock of the past 75 years, the wounds are still healing, amid widening growth divergences across regions. After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, Russia’s war in Ukraine, and increasing geoeconomic fragmentation. Others are more cyclical, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Despite signs of economic resilience earlier this year and progress in reducing headline inflation, economic activity is still generally falling short of pre-pandemic (January 2020) projections, especially in emerging market and developing economies (Figure 1.1).

Figure 1.1. Incomplete Recovery: Scarring from the Shocks of 2020–22
(Percent; deviation in 2023 from pre-pandemic projections)

The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its pre-pandemic path. The euro area has recovered, though less strongly—with output still 2.2 percent below pre-pandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms-of-trade shock, as well as a spike in imported energy prices. In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with pre-pandemic predictions.

Other emerging market and developing economies have seen even weaker recoveries, especially low-income countries, where output losses average more than 6.5 percent. Higher interest rates and depreciated currencies have exacerbated the difficulties of low-income countries, placing more than half either at high risk of distress or already in distress. Overall, global output for 2023 is estimated at 3.4 percent (or about \$3.6 trillion in 2023 prices) below pre-pandemic projections.

Private consumption has also recovered faster in advanced economies than in emerging market and developing economies, owing to an earlier reopening in the former group facilitated by greater availability of effective vaccines, stronger safety nets, more ample policy stimulus, and greater feasibility of remote work. These factors supported livelihoods during the pandemic, and household consumption is now broadly back to prepandemic trends.

Investment, on the other hand, has uniformly fallen short of prepandemic trends across regions. Businesses have shown less enthusiasm for expansion and risk taking amid rising interest rates, withdrawal of fiscal support, dimmer prospects for product demand, stricter lending conditions, and growing uncertainties regarding geoeconomic fragmentation. Higher leverage has further dampened investment which remains 3 percent to 10 percent lower across regions than had been projected before the pandemic.

Inflation: Nearer, but Not Quite There

Global headline inflation has more than halved, from its peak of 11.6 percent in the second quarter of 2022 (at a quarterly annualized rate) to 5.3 percent in the second quarter of 2023. About four-fifths of the gap between the 2022 peak and the prepandemic (2017–19) annual average level of 3.5 percent has closed. Among major economies, headline inflation in the second quarter of 2023 ranged from –0.1 percent in China (at a quarterly annualized rate) to 2.8 percent in the euro area and 2.7 percent in the United States (Figure 1.7). A narrowing in the cross-country variation in headline inflation has accompanied the decline. The international distribution of inflation rates widened during the 2022 inflation surge, becoming skewed upward, but has since begun to normalize.

Figure 1.7. Inflation Turning the Corner
(Three-month annualized percent change, seasonally adjusted)

A fall in energy prices and—to a lesser extent—in food prices has driven the decline in headline inflation. Notwithstanding a rebound in July, crude oil prices have declined during 2023 and are well below their June 2022 peak, on the back of lower global demand partly driven by tighter global monetary policy affecting activity. Supply curbs by OPEC+ were partly offset by strong oil output growth in non-OPEC countries, most notably the United States. Natural gas prices also remain well below their 2022 peak, reflecting ample storage and supplies from Norway and northern Africa. Food prices have declined modestly in 2023, with lower demand offset by supply reductions, notably those resulting from Russia’s withdrawal from the Black

Sea Grain Initiative in July, which reduced the supply of wheat to the global market. The normalization of supply chains has further contributed to the decline in headline inflation in most countries.

Underlying (core) inflation has also declined, but more gradually. The drivers of core inflation have reflected a combination of demand pressures, as shown in labor market conditions and pass-through effects from past shocks to headline inflation shocks, including those arising from supply shifts in various industries. The roles of these factors have differed markedly across economies.

Sources: Haver Analytics; and IMF staff calculations.
 Note: The figure shows the developments in headline and core inflation across 17 emerging market and developing economies and 18 advanced economies. The 35 sample economies account for approximately 81 percent of 2022 world output. Core inflation is the change in prices for goods and services, excluding those for food and energy (or the closest available measure). For the euro area (and other European countries for which data are available), energy, food, alcohol, and tobacco are excluded. The grey band depicts the 25th to 75th percentiles of inflation across countries.

Global inflation is forecast to decline steadily, from 8.7 percent in 2022 to 6.9 percent in 2023 and 5.8 percent in 2024. But the forecasts for 2023 and 2024 are revised up by 0.1 percentage point and 0.6 percentage point, respectively, and inflation is not expected to return to target until 2025 in most cases.

Moreover, the pandemic, war in Ukraine, and worsening climate shocks have contributed to a reversal in decades-long poverty reduction trends. According to World Bank staff estimates (Mahler and others 2022), 75 million to 95 million more people were living in extreme poverty in 2022 compared with prepandemic estimates. Spikes in food prices and related insecurities following Russia’s invasion of Ukraine, as well as bouts of extreme weather, have accentuated these difficulties. The global average temperature in July 2023 was the highest on record for any month, amid reports of catastrophic flooding, heat waves, and wildfires in many regions. Overall, the global prevalence of undernourishment is significantly higher than before the pandemic (FAO and others 2023).

Resilient Start to 2023, Signs of Slowdown

Figure 1.2. The COVID-19 Shock: Returning to Normal
(Standard deviations from average value; index, 100 = highest point worldwide during 2008–23, on right scale)

Note: On right scale, numbers represent search interest relative to the highest point (100) during 2008–23 worldwide.

Despite these persistent challenges, several headwinds to global growth subsided earlier this year. The World Health Organization announced in May that it no longer considered COVID-19 a global health emergency, and infections and hospitalizations appear to remain relatively limited, despite a recent uptick in some regions. Supply chains, which the pandemic disrupted, have largely normalized, with shipping costs and suppliers' delivery times back to prepandemic levels (Figure 1.2). And global financial conditions eased after Swiss and US authorities took strong action in March to contain turbulence in their banking sectors.

Amid these conditions, global GDP expanded by 3.4 percent in the second quarter of 2023 compared with a year earlier—outperforming forecasts, including those in the April 2023 WEO. The resilience reflected strong consumption amid tight labor markets in the United States and robust activity in economies with large travel and tourism sectors, such as Italy, Mexico, and Spain. These developments offset a slowdown in more interest-rate-sensitive manufacturing sectors

Tighter Monetary Policy, Tighter Credit

Figure 1.13. Monetary Policy to Remain Tight
(Percentage points)

Sources: Bloomberg Finance L.P.; Consensus Economics; Haver Analytics; Platzer and Peruffo (2022); and IMF staff calculations.
Note: The figure shows the evolution of the monetary policy stance, defined as the difference between real interest rates and the real natural rate of interest. The real interest rate is defined as the difference between the policy rate (actual until June 2023 and market implied from Bloomberg after that) and one-year-ahead inflation expectations. For the United Kingdom and the United States, inflation expectations are market-based and computed from inflation swaps. For the euro area, inflation expectations are from Consensus Economics surveys, and the real natural rate of interest is the weighted average of data for France and Germany.

Acute stress in the banking sector has receded. The March 2023 banking scare remained contained and limited to problematic regional banks in the United States and Credit Suisse on account of swift reaction by authorities in both countries. However, rapid rate hikes in major advanced economies over the past 18 months, a necessary response to rapidly rising inflationary pressures, have resulted in a tight monetary policy stance—real rates above neutral rates—that is expected to endure well into 2025 (Figure 1.13). And signs are that tighter monetary policy has started to work its way through the financial system. In advanced economies, credit and investment demand contracted in the first half of the year, reflecting tighter supply as well as lower demand for credit, as many businesses began to deleverage in response to higher interest rates and production overcapacity. Higher interest rates are likely to put banks under increasing pressure in major economies, both directly (through higher cost of funding) and indirectly (as credit quality deteriorates). Housing markets have already been reacting, with house prices slowing or reversing since the beginning of the tightening cycle in several countries, and bankruptcy rates have increased in some economies (increasing by 20 percent in the United States over the last year) as pandemic-time forbearance measures are phased out.

Bankruptcies remain lower than before the pandemic in most countries but are rising rapidly. Debt markets have started to reflect tighter monetary policy, whereas spreads to risk-free government debt have stayed more or less constant. This suggests that although credit conditions have tightened significantly, there is no immediate indication of a credit crunch.

Growth Outlook: Offsetting Divergences

Global growth is projected to fall from 3.5 percent in 2022 to 3.0 percent in 2023 and 2.9 percent in 2024 on an annual average basis. There is a downward revision of 0.1 percentage point for 2024 compared with the July 2023 WEO Update projection. At the same time, there are more sizable changes in the underlying growth trajectories of major economies, with stronger projections for the United States and downward revisions for China and the euro area. The forecasts for growth during 2023–24 are also slower than those before the onset of the shocks of 2020–22: the January 2022 WEO Update projected global growth at 3.8 percent in 2023 and 3.4 percent in 2024. The 2023–24 forecasts are also below the historical (2000–19) annual average of 3.8 percent. Growth is below the historical average across broad income groups, both in overall GDP as well as in per capita GDP. On a year-over-year basis, global growth bottomed out in the fourth quarter of 2022. However, in some major economies, it is not expected to have bottomed out until the second half of 2023.

Advanced economies continue to drive the decline in annual average growth from 2022 to 2023, with stronger services activity offset by weaker manufacturing, as well as idiosyncratic factors. On average, these economies are expected to have broadly stable growth in 2024 with a pickup in 2025. By contrast, emerging market and developing economies, on average, are projected to see stable growth over 2022–24, with a slight pickup in 2025, although with sizable shifts across regions.

Risks to the Outlook: Tilted to the Downside but More Balanced

Adverse risks have receded since the April 2023 WEO, implying a more balanced distribution of risks around the outlook for global growth. Economic activity has proved more resilient than expected, and inflation is on a downward path, surprising on the downside in a number of cases. Risks to the outlook are more balanced than they were six months ago, on account of the resolution of US debt ceiling tensions and Swiss and US authorities' having acted decisively to contain financial turbulence. The likelihood of a hard landing has receded, but the balance of risks to global growth remains tilted to the downside. China's property sector crisis could deepen, with global spillovers, particularly for commodity exporters. Elsewhere, near-term inflation expectations have risen and could contribute—along with tight labor markets—to core inflation pressures persisting and requiring higher policy rates than expected. More climate and geopolitical shocks could cause additional food and energy price spikes. Intensifying geoeconomic fragmentation could constrain the flow of commodities across markets, causing additional price volatility and complicating the green transition. Amid rising debt-service costs, more than half of low-income developing countries are in or at high risk of debt distress.

There is little margin for error on the policy front. Central banks need to restore price stability while using policy tools to relieve potential financial stress when needed. Effective monetary policy frameworks and communication are vital for anchoring expectations and minimizing the output costs of disinflation. Fiscal policymakers should rebuild budgetary room for maneuver and withdraw untargeted measures while protecting the vulnerable.

Reforms to reduce structural impediments to growth—by, among other things, encouraging labor market participation—would smooth the decline of inflation to target and facilitate debt reduction. Faster and more efficient multilateral coordination is needed on debt resolution to avoid debt distress. Cooperation is needed as well to mitigate the effects of climate change and speed the green transition, including by ensuring steady cross-border flows of the necessary minerals.

Inflation Outlook: Gradual Decline to Target

Global headline inflation is expected to steadily decline from its peak of 8.7 percent in 2022 (annual average) to 6.9 percent in 2023 and 5.8 percent in 2024. The forecast for 2024 is revised upward by 0.6 percentage point, reflecting higher-than-expected core inflation. On a year-over-year basis, projected global headline inflation peaked at 9.5 percent in the third quarter of 2022 and is projected to reach 5.9 percent by the fourth quarter of 2023 before falling to 4.8 percent in the fourth quarter of 2024, still above the prepandemic (2017–19) annual average of about 3.5 percent.

Although monetary tightening is starting to bear fruit, a central driver of the fall in headline inflation projected for 2023 is declining international commodity prices. Nearly three-quarters of economies are expected to see lower headline inflation in 2023, but the pace of disinflation is especially pronounced for advanced economies. These economies are expected to see (annual average) inflation fall by 2.7 percentage points in 2023, about double the (1.3 percentage point) decline projected for emerging market and developing economies. In low-income developing countries, inflation is on average projected to be in double digits and is not expected to fall until 2024. There are also large differences in the expected pace of change in headline inflation across major economies, reflecting different starting points.

Core inflation is generally projected to decline more gradually than headline. Globally, it is set to decline modestly, from 6.4 percent in 2022 (annual average) to 6.3 percent in 2023 and 5.3 percent in 2024. It is proving more persistent than projected, with upward revisions of 0.3 percentage point and 0.6 percentage point for 2023 and 2024, respectively, compared with the July 2023 WEO Update projections. The drivers of the upside revisions differ by economy but reflect, in several cases, still tight labor markets and stickier-than-expected services inflation, as well as, in some cases, including Türkiye, which accounts for the bulk of the global upside revision for 2024,

the effects of past currency depreciations and the related pass-through into underlying inflation. Overall, returning inflation to target is expected to take until at least 2025 in most cases.

Trade Growth Historically Low

World trade growth is expected to decline from 5.1 percent in 2022 to 0.9 percent in 2023, before rising to 3.5 percent in 2024, well below the 2000–19 average of 4.9 percent. The projected decline in 2023 reflects not only the path of global demand, but also shifts in its composition toward domestic services; lagged effects of dollar appreciation, which slows trade owing to the widespread invoicing of products in dollars; and rising trade barriers. In 2022, countries imposed almost 3,000 new restrictions on trade, up from fewer than 1,000 in 2019. Meanwhile, global current account balances—the sums of absolute surpluses and deficits—are expected to narrow in 2023, following their significant increase in 2022. Over the medium term, global balances are expected to narrow gradually as commodity prices decline.

A Mediocre Medium Term

Forecasts for the growth rate of global GDP over the medium term are at their lowest in decades. Five-year-ahead forecasts for this rate from both the WEO and Consensus Economics—which summarizes the medium-term projections of leading forecasters for more than 100 economies—have declined over the past few decades. The latest WEO forecast for global growth in 2028 is 3.1 percent, as compared with a medium-term growth projection of 3.6 percent just before the onset of the pandemic (at the time of the January 2020 WEO Update) and 4.9 percent just before the onset of the global financial crisis (at the time of the April 2008 WEO). More than 80 percent of economies have seen a slowdown in their growth prospects from 15 years ago, at the time of the April 2008 WEO. Three-quarters of this reduction in global growth comes from weaker prospects for per capita GDP growth rather than merely slower population growth. A decomposition of the drivers of weaker per capita growth prospects points to slower prospective capital accumulation per worker and slower total factor productivity growth as the largest contributors. The slowdown in labor force participation in advanced economies also contributed about a third of the overall decline in projected per capita GDP growth, in the context of changing demographic trends because of population aging.

Figure 1.21. Forecasts of Global GDP
(Trillions of US dollars in 2023 prices)

Source: IMF staff calculations.
Note: For the January 2020 and January 2022 WEO Updates, calculations assume that growth rate projections for 2025 and 2027 represent, respectively, the longer-term growth rate projections (for years beyond 2025 and 2027, respectively). WEO = World Economic Outlook.

Overall, based on current policies, a full recovery of global output to its pre-pandemic path is unlikely. The latest medium-term forecast for global GDP is in trillions of dollars at 2023 prices. Even before Russia's invasion of Ukraine and the inflation surge of 2022, there was little prospect of returning to the pre-pandemic path (as reflected in the January 2020 forecasts), with expectations of longer-term scarring, particularly for emerging market and developing economies. Recovery to the pre-pandemic trend is now even more elusive.

The latest projections for 2028 imply a global output loss of some 5.0 percent, with respect to prepandemic projections, or \$6.4 trillion at 2023 prices.

INDIAN ECONOMY OUTLOOK

INTRODUCTION

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Real GDP at constant prices in the second quarter of 2022–23 is estimated at US\$ 1.94 trillion (Rs. 160.06 trillion), showing a growth of 7.2% as compared to the First Revised Estimates of GDP for the year 2021-22 of US\$ 1.81 trillion (Rs. 149.26 trillion), indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. In FY22, India's service exports stood at US\$ 254.4 billion. Furthermore, India's overall exports (services and merchandise) was estimated at US\$ 770.18 billion in FY23. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-December 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

MARKET SIZE

India's nominal gross domestic product (GDP) at current prices is estimated to be at US\$ 3.31 trillion (Rs. 272.41 trillion) in FY22. Additionally, the Nominal GDP at current prices in Q3 of 2022-23 was US\$ 874.84 billion (Rs. 71.82 trillion), as against US\$ 792.3 billion (Rs. 65.05 trillion) in 2021-22, estimating a growth of 10.4%. With 115 unicorns valued at more than US\$ 350 billion, as of February 2023, India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at US\$ 1.3 billion, 0.2% of GDP in the fourth quarter of FY23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

The retail market in India has undergone a major transformation and has witnessed tremendous growth in the last 10 years.

- Indian retail market is expected to reach \$1.1Tn by 2027 and \$2 Tn by 2032
- India currently has the 4th Largest retail market in the world.
- India ranks among the best countries to invest in the retail space. Factors that make India so attractive include having the second largest population in the world, a rising middle-income class of ~158 households, increasing urbanization, connected rural consumers and increased discretionary spending amongst consumers.
- India ranked No. 2 in Global Retail Development Index (GRDI) in 2021
- The retail sector in India accounts for over 10% of the country's GDP and around 8% of the workforce (35+ Mn). It is expected to create 25 Mn new jobs by 2030.
- Increasing demand for organized retail space has helped create a capacity of ~120 Mn square feet (MSF) in retail space across major Indian cities. Major Indian cities include Delhi (23.7 MSF) and Mumbai (16.7 MSF)
- Food & Grocery, Apparel & footwear, and consumer electronics are the largest retail segments, constituting 63%, 9% and 7% respectively of the retail market.
- The E-Commerce market is expected to touch \$350 Bn in GMV by 2030
- India's digital economy is expected to touch \$800 Bn by 2030
- Online shoppers in India are expected to reach ~500Mn in 2030 from +150Mn in 2020.

- UPI accounted for a significant portion of all digital payments in 2022, accounting to ~62 billion transactions in 2022.
- Digital payments gross transaction value (\$T) is expected to grow from \$0.6 Tn (2022) to \$3.1 Tn (2030)
- Growth in income will transform India from a bottom of the pyramid economy to a truly middle-class led one, with consumer spending growing to nearly US \$6 trillion by 2030

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of January 6, 2023, India's foreign exchange reserves stood at US\$ 561,583 million.
- 1,261 deals were recorded of more than US\$ 46 billion of Private Equity (PE) – Venture Capitalist (VC) investments in 2022. 111 mega transactions (rounds of US\$ 100 million or more) totalling US\$ 31 billion were completed in 2022.
- Merchandise exports in March 2023 stood at US\$ 38.38 billion, with total merchandise export of US\$ 447.46 billion during the period of April-March 2023. The overall exports (merchandise and service exports) in 2022-23 was estimated at US\$ 770.18, exhibiting a positive growth of 13.84%.
- India ranks 3rd position in the global number of scientific publications further improving India's Global Innovation Index (GII) rank from 81st in 2014 to 40th in 2022.
- In June 2023, the gross Goods and Services Tax (GST) revenue collection stood at US\$ 19.63 billion (Rs.1,61,497 crore), of which CGST is US\$ 3.77 billion (Rs. 31,013 crore), SGST is US\$ 4.65 billion (Rs. 38,292 crore), IGST is US\$ 9.76 billion (Rs. 80,292 crore).
- Between April 2000 – March 2023, cumulative FDI equity inflows to India stood at US\$ 9919.63 billion.
- In FY23, the Foreign Portfolio Investment (FPI) outflows stood at US\$ 14.81 billion (Rs. 1.21 trillion). As per depository data, Foreign Portfolio Investors (FPIs) invested Rs. 22,000 crore (US\$ 2.67 billion) in India during the first week of July 2023.

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital

India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- From April 1st, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'AtmaNirbhar Bharat' and 'Local goes Global'.
- In order to enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals.
- Prime Minister's Development Initiative for North-East Region (PM-DevINE) was announced in the Union Budget 2022-23 with a financial outlay of US\$ 182.35 million (Rs. 1,500 crore).
- Prime Minister Mr Narendra Modi has inaugurated a new food security scheme for providing free food grains to Antodaya Ann Yojna (AAY) & Primary Household (PHH) beneficiaries, called Pradhan Mantri Garib Kalyan Ann Yojana (PMGKAY) from 1st January 2023.
- The Amrit Bharat Station scheme for Indian Railways envisages the development of stations on a continuous basis with a long-term vision, formulated on 29th December 2022 by the Ministry of Railways.
- On 7th October 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
- Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
- In August 2022, a Special Food Processing Fund of US\$ 242.72 million (Rs. 2,000 crore) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, the Union Cabinet chaired by Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to tap the benefits of information technology for court digitization and can be a potential growth area for IT companies and start-ups in both countries.
- India and Namibia entered a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.

- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period. It is introduced by the Government of India on 14 June 2022.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of bio capsule, an encapsulation technology for bio-fertilization on 30 June 2022.
- 'Mission Shakti' was applicable with effect from 1st April 2022, aimed at strengthening interventions for women's safety, security and empowerment.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY23; it is expected to raise Rs. 4 trillion (US\$ 53.58 billion) in the next three years.

ROAD AHEAD

In the second quarter of FY23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In June 2023 (Provisional), CPI-C inflation was 4.81%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible

monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

GLOBAL AUDIO- VISUAL INDUSTRY

Sound & Vision: The Intersection of Audio and Video

Audio and video have experienced exponential growth in recent years, with no signs of slowing down: between 2022 and 2023, global podcast listeners swelled by over 40 million, while the global video market is forecast to grow at a CAGR of 18.45% until 2030.

The power of audio-visual synchronization

A recent study using neuroscience and cognitive research has found that audio ads consistently drive higher levels of engagement compared with other media formats. Not only that, but this high level of engagement persists whether the audience is listening to music or podcasts. These results highlight the strength of audio as a medium. When used the right way, it outperforms many other media channels in driving engagement, brand breakthrough and recall.

(Source: <https://www.exchangewire.com/blog/2023/07/26/sound-vision-the-intersection-of-video-and-audio/>)

In response to brands' ongoing quest for captivating content, publishers are increasingly harnessing the power of audio and video as potent tools for storytelling and monetisation. By successfully integrating the two, brands are able to create emotionally resonant campaigns. While each format has its own advantages, it seems running both formats simultaneously makes for the most effective approach: the effectiveness of ads is heightened when they are both seen and heard.

Sound on vs sound off

As recently learned at ATS London 2023, most videos are played with the sound off. Although presenting a challenge, there are some advertisers utilising this as an opportunity to use audio more carefully and creatively. By leaning into highly visual storytelling, brands and advertisers can convey their message, with audio serving as an enhancement.

Although 25% of people watch ads on mute even in private spaces, there will always be an audience who turn up the volume, meaning audio is crucial to maintaining people's attention once video has grabbed it.

Cross-platform consistency

It goes without saying that brand identity is critical for any company hoping to stand out in the market and build a customer base. While brand identity is typically considered a visual asset – think the Nike tick or the Starbucks siren – the role of audio should not be understated. Using the same music across multiple ads, for example, can significantly increase brand attribution, helping the advert to stay with audiences long after it's over. With ads that closely link sound and visuals increasing memory encoding by around 14%, it's evident that combining video and audio can have a dramatic impact on how audiences view and engage with brands. Although promising mediums in their own right, there are clearly instances where audio and video can enhance each other. While it would be a mistake to say that either is wholly dependent on the other, marketers are recognising where the two formats can be effectively combined for an engaging ad experience, and will no doubt be keeping their eyes open and ears to the ground for updates in these spaces.

GLOBAL ADVERTISEMENT SOLUTION INDUSTRY

Market Overview

The global advertising market has experienced significant growth in recent years, driven by advancements in technology and changing consumer behavior. Advertising plays a crucial role in promoting products and services, reaching target audiences, and building brand awareness. In this highly competitive landscape, companies are constantly seeking innovative ways to capture consumer attention and stay ahead of the competition.

Meaning

Advertising refers to the process of creating and delivering persuasive messages to a target audience with the aim of promoting products, services, or ideas. It involves various forms of communication, such as print, television, radio, digital platforms, and outdoor displays. The primary purpose of advertising is to inform, persuade, and influence consumer behavior, ultimately leading to increased sales and brand loyalty.

Executive Summary

The global advertising market is witnessing steady growth, driven by the increasing adoption of digital advertising platforms, rising internet penetration, and the growing popularity of social media. The market is highly competitive, with numerous players vying for consumer attention and advertising budgets. Key industry trends include the shift from traditional advertising channels to digital platforms, the rise of programmatic advertising, and the growing importance of personalized and targeted advertising.

CATEGORY-WISE INSIGHTS

1. **Television Advertising:** Television advertising remains a significant segment, especially for reaching mass audiences. Despite the rise of digital platforms, television advertising offers wide reach and the ability to engage viewers through audio-visual storytelling.
2. **Digital Advertising:** Digital advertising has witnessed remarkable growth, surpassing traditional channels in terms of advertising spend. Within digital advertising, mobile advertising, programmatic advertising, and video advertising are key categories experiencing significant growth.
3. **Print Advertising:** Print advertising includes newspapers, magazines, and other printed publications. While print advertising has declined in recent years due to the shift to digital platforms, it still holds relevance for certain target audiences and niche publications.

4. **Outdoor Advertising:** Outdoor advertising encompasses billboards, transit advertising, and other out-of-home media. This category allows advertisers to reach consumers in high-traffic areas and engage them with visually striking and creative campaigns.
5. **Radio Advertising:** Radio advertising continues to be a popular medium for reaching local audiences and driving brand awareness. With the advent of digital radio and programmatic buying, advertisers have more targeted options within the radio advertising space.
6. **Cinema Advertising:** Cinema advertising allows advertisers to target audiences in movie theaters before the screening of films. This category provides a captive audience and can be particularly effective for certain industries such as entertainment, food and beverages, and automotive.

Advertising worldwide – statistics & facts

The global advertising industry expects to continue its expansion, albeit at different speeds depending on the medium and the country. A late 2022 projection estimated that ad media owners' revenue worldwide would grow by about six percent to a record-high 856 billion U.S. dollars in 2023. The annual figure was forecast to increase more as the decade unfolds, surpassing one trillion dollars by 2026. That comes with the unceasing rise of the internet, whose maximum share in the world's ad spending is yet to be seen.

Digital was expected to account for nearly two-thirds of the total expenditure in 2024, followed by television (with approximately 21 percent), outdoor (five percent), and radio (four percent). The United States remains as the undisputed leader in the industry. The market expects the U.S. to be the largest economy by ad spend in 2024, with an estimated expenditure of around 363 billion dollars. That would be more than the following 10 markets combined, namely China, Japan, the United Kingdom, Germany, France, Indonesia, Canada, Australia, Brazil, and India.

TV and radio

Despite collectively accounting for approximately one-quarter of the global ad spending, TV and radio are set to very different post-pandemic journeys. It was estimated that TV ad revenues worldwide surpassed 2019 heights already in 2022. The outlooks for the rest of the decade are even more promising, with the annual figure breaking the 160-billion-dollar ceiling seen during the second half of the 2010s by 2024. However, the global radio ad expenditure remains far from catching up with its pre-COVID-19 standards, probably due to the boost in digital ads.

OOH and DOOH

Ahead of legacy media such as print and radio, out-of-home (OOH) advertising is experiencing a comeback as mobility restrictions subdued and increasing circulation put consumers face to face with panels, posters, and billboards. This subsegment expects to expand all over the world in the near future, but even more so out of the U.S. Digital out-of-home (DOOH) media revenue was forecast to grow by over 40 percent between 2023 and 2027, while traditional outdoor ad revenue was projected to increase by less than 20 percent within the same period.

Digital and mobile

The internet maintained the lead as the most attractive medium to advertisers. Early 2023 estimates predicted that the global digital ad spend would rise over 10 percent to 627 billion dollars in 2023. That annual figure was forecast to grow by one-third in three years, surpassing 835 billion dollars by 2026. According to other sources, more than half of those revenues come from mobile ad expenditure worldwide, which will amount to an estimated 360 billion dollars in 2023, reinforcing the perspective that consumers keep turning from the small to the smallest screens.

Key Market Insights

1. **Digital Advertising Dominance:** Digital advertising has emerged as the dominant segment in the global advertising market, surpassing traditional channels like television and print. The ease of targeting specific audience segments, cost-effectiveness, and real-time analytics are key factors driving the growth of digital advertising.
2. **Mobile Advertising Boom:** With the widespread use of smartphones and mobile internet, mobile advertising has gained significant traction. The ability to reach consumers on-the-go and leverage location-based targeting has made mobile advertising a lucrative avenue for advertisers.
3. **Programmatic Advertising on the Rise:** Programmatic advertising, which utilizes automated technologies to buy and sell ad inventory, has witnessed rapid growth. It offers benefits such as improved efficiency, better targeting, and real-time optimization, making it an attractive option for advertisers.
4. **Video Advertising Surge:** Video advertising has experienced tremendous growth, fueled by the popularity of video-sharing platforms like YouTube and the rise of streaming services. Advertisers are increasingly incorporating video content into their marketing strategies to engage and captivate audiences.
5. **Shift towards Personalization:** Advertisers are embracing personalized and targeted advertising to deliver more relevant messages to consumers. Advances in data analytics and artificial intelligence have enabled advertisers to gather insights and create customized advertising campaigns based on consumer preferences and behaviors.

Market Drivers

1. **Increasing Digitalization:** The widespread adoption of digital technologies, including smartphones, internet connectivity, and social media platforms, has fueled the demand for digital advertising. The convenience and accessibility of online platforms have significantly expanded the reach and effectiveness of advertising campaigns.
2. **Growing E-Commerce Sector:** The exponential growth of the e-commerce industry has created immense opportunities for online advertising. With more consumers turning to online shopping, advertisers are leveraging digital channels to target and engage potential customers.

3. **Technological Advancements:** The constant evolution of technology, such as artificial intelligence, big data analytics, and augmented reality, has revolutionized the advertising industry. Advertisers are leveraging these advancements to deliver personalized and immersive experiences that resonate with consumers.
4. **Increasing Globalization:** The expansion of businesses across borders has driven the need for global advertising campaigns. Companies are increasingly focusing on reaching international markets, leading to higher advertising expenditures and the emergence of cross-cultural advertising strategies.
5. **Changing Consumer Behaviour:** Consumer behaviour has undergone a significant transformation with the rise of digital platforms and changing socio-economic dynamics. Advertisers must adapt their strategies to cater to these changing consumer preferences, such as personalized experiences, authenticity, and social responsibility.

Market Restraints

1. **Ad Blocking and Ad Fatigue:** The growing use of ad-blocking software and the abundance of advertisements have led to ad fatigue among consumers. Advertisers must navigate the challenge of capturing consumer attention and delivering engaging content that cuts through the noise.
2. **Privacy Concerns:** As the collection and use of consumer data become more prevalent in advertising, privacy concerns have emerged. Stricter data protection regulations and consumer awareness regarding data privacy pose challenges to advertisers in targeting and personalization efforts.
3. **Fragmented Media Landscape:** With the proliferation of media channels and platforms, advertisers face the challenge of fragmentation. Allocating advertising budgets across multiple channels and measuring the effectiveness of campaigns in this fragmented landscape can be complex and resource-intensive.
4. **High Competition:** The global advertising market is highly competitive, with numerous players vying for limited advertising budgets. Advertisers must differentiate themselves by offering innovative and effective advertising solutions to attract and retain clients.
6. **Ad Viewability and Ad Fraud:** Ad viewability and ad fraud pose challenges to advertisers in measuring the success and ROI of their campaigns. Ensuring that ads are viewable by the intended audience and protecting against fraudulent activities is crucial for maintaining advertiser trust and confidence.

Market Opportunities

1. **Growing Influence of Influencer Marketing:** Influencer marketing has gained traction as an effective advertising strategy, leveraging the reach and influence of social media personalities. Advertisers can collaborate with influencers to promote their products or services and engage with highly targeted and loyal audiences.
2. **Emerging Technologies:** The rapid advancement of technologies such as virtual reality (VR), augmented reality (AR), and voice assistants presents new opportunities for innovative advertising experiences. Advertisers can leverage these technologies to create immersive and interactive campaigns that capture consumer attention.

3. **Increased Adoption of Programmatic Advertising:** Programmatic advertising expected to witness further growth, driven by automation, improved targeting capabilities, and real-time optimization. Advertisers can take advantage of programmatic platforms to optimize their ad spend, enhance campaign performance, and deliver personalized experiences at scale.
4. **Localization and Hyperlocal Advertising:** With the rise of location-based services and the increasing use of smartphones, advertisers can capitalize on hyperlocal advertising to reach consumers in specific geographic areas. Localized campaigns can help businesses connect with local communities and drive foot traffic to brick-and-mortar stores.
5. **Data-Driven Advertising:** The availability of vast amounts of data and the advancements in data analytics present opportunities for advertisers to harness consumer insights and deliver more targeted and personalized advertising. By leveraging data-driven strategies, advertisers can optimize their campaigns and maximize ROI.

Key Benefits for Industry Participants and Stakeholders

1. **Increased Brand Visibility and Awareness:** Advertising helps companies increase brand visibility and create awareness among their target audiences. By reaching a large number of consumers through various channels, companies can establish their presence in the market and differentiate themselves from competitors.
2. **Enhanced Customer Engagement:** Advertising enables companies to engage with their customers, build relationships, and foster loyalty. Through creative and compelling advertising campaigns, companies can connect with consumers on an emotional level and create memorable brand experiences.
3. **Market Expansion and Revenue Growth:** Effective advertising strategies can drive market expansion and revenue growth for businesses. By targeting new customer segments, entering new geographic markets, or promoting new products and services, companies can generate increased sales and revenue.
4. **Competitive Advantage:** Well-executed advertising campaigns can give companies a competitive edge by highlighting their unique value propositions, differentiating them from competitors, and positioning them as industry leaders. This competitive advantage can lead to increased market share and customer preference.
5. **Data-Driven Decision Making:** Advertising generates valuable data and insights that companies can use to inform their marketing strategies and make data-driven decisions. Through analytics and metrics, companies can measure the effectiveness of their campaigns, optimize their advertising spend, and refine their targeting efforts.

Covid-19 Impact

The COVID-19 pandemic had a significant impact on the global advertising market. The following are key aspects of the impact:

1. **Shift in Advertising Budgets:** Many advertisers faced budget cuts and reallocation of resources during the pandemic. Industries such as travel, hospitality, and retail reduced their advertising spending, while sectors like e-commerce, healthcare, and streaming services increased their investments in advertising.
2. **Digital Transformation Acceleration:** The pandemic accelerated the digital transformation of businesses, leading to an increased reliance on digital advertising channels. Advertisers quickly adapted their strategies to reach consumers through online platforms, mobile devices, and social media.
3. **Change in Consumer Behavior:** Consumer behavior underwent rapid changes during the pandemic, with increased reliance on e-commerce, digital entertainment, and online services. Advertisers had to pivot their strategies to align with these changing consumer habits and preferences.
4. **Emphasis on Purpose-Driven Advertising:** The pandemic highlighted the importance of social responsibility and purpose-driven messaging. Advertisers focused on communicating their commitment to safety, community support, and corporate social responsibility initiatives to resonate with consumers.
5. **Recovery and Resurgence:** As economies recover from the pandemic, the advertising market is expected to rebound, driven by increased consumer spending and business investments. The digital advertising segment is likely to witness sustained growth as companies continue to prioritize online channels.

Key Industry Developments

1. **Privacy Regulations and Data Protection:** The implementation of stricter privacy regulations, such as the General Data Protection Regulation (GDPR) in Europe, has impacted advertising practices. Advertisers must adhere to these regulations and prioritize consumer data protection.
2. **Increased Focus on Diversity and Inclusion:** The advertising industry has placed a greater emphasis on diversity and inclusion in recent years. Advertisers are striving to create inclusive campaigns that reflect diverse audiences and challenge stereotypes.
3. **Evolution of Advertising Technology:** Technology continues to evolve rapidly in the advertising industry. Artificial intelligence, machine learning, augmented reality, and virtual reality are transforming the way advertisers create and deliver campaigns.
4. **Rise of Influencer Marketing:** Influencer marketing has gained traction as a powerful advertising strategy. Advertisers are collaborating with influencers to leverage their social media reach and engage with highly targeted and engaged audiences.
2. **Growth of Digital Out-of-Home Advertising:** Digital out-of-home advertising, such as dynamic billboards and interactive displays, is experiencing significant growth. Advertisers can deliver engaging and location-based campaigns to captivate audiences in public spaces.

Future Outlook

Key trends that will shape the future of the advertising industry include the further integration of artificial intelligence and automation, the rise of immersive technologies like augmented reality, and the increasing emphasis on personalized and targeted advertising.

Advertisers will also need to navigate evolving consumer behavior, privacy regulations, and a highly competitive landscape. Adapting to changing consumer preferences, embracing new technologies, and delivering authentic and engaging experiences will be essential for success in the future advertising market.

INDIAN AUDIO- VISUAL INDUSTRY

(Source: <https://www.exchange4media.com/advertising-news/whats-driving-indias-ad-market-growth-128367.html>)

What's driving India's ad market growth.

Experts tell us how the Indian market is unique and what we should expect from the sector in the coming months.

Advertising in India has come a long way in the last few years. The industry is one of the fastest-growing markets in the world, with India being the third largest contributor in the world of advertising, after China and the US, according to Statista 2023. As per a Dentsu report, India's ad revenue is expected to grow by 15.7% in 2024 to reach \$13.8 billion. While several big economies may see single-digit growth in ad revenue, such as China (7.9%), UK (4.8%) and US (5.1%), India is expected to see a whopping 12% growth in ad revenue in 2023, as per the recent GroupM: This year, Next year report. As per the report, India is the only country among the top 10 nations that is poised to see a double-digit growth in ad revenue again this year. The country has also seen a massive boost in digital advertising, and with the economy going strong, that growth is here to stay. Spending is set to take sharper growth and Indian brands are expected to invest higher on advertising this year.

What is driving India's ad market?

Dentsu in its report said that growing by 36.6% and totaling \$5.0 billion, digital is the primary driving force of the Indian ad market. "In 2023, digital is set to overtake TV to become the largest media in India for the first time. This surge is attributed to the increased penetration of smart devices and internet connectivity. Robust e-commerce activities have also pushed digital to new heights, especially performance outcome-based media including search, social and video. Meanwhile, TV is forecast to experience moderate growth of 5.1% in 2023 (35.5% share of spend), mainly invested by e-commerce brands.

Despite its effectiveness and brand safety benefits, limited TV inventory leads advertisers to shift their investments to online video. Looking ahead, the Indian ad market is expected to grow by 15.7% in 2024 to reach \$13.8 billion."

Says Hareesh Tibrewala, joint CEO of Mirum India, "Even though the mood is cautious on account of global headwinds, we continue to see healthy advertising spends in the Indian market. Our GDP growth seems to be good, which basically means that we are adding more consumers every month and there is increased consumption of goods and services. All of this is driving brand growth and thus advertising growth."

Comparing the Indian market with that of the world, Kumar Awanish, Chief Growth officer, Cheil India, mentions, "India probably, as of now, has 0.5% of the overall GDP in an advertising industry, in comparison to the other markets like US, UK, where it is roughly in the range of 1.5% to 2.5%. So, in comparison to overall GDP, we are slightly on the lower side. But that has nothing to do with the growth perspective. India's ad market will grow to anywhere between 12% and 18%."

Talking about the rapid pace of digital advertising growth in India, Mitesh Kothari, Co-founder and CCO, White Rivers Media, says "In the global slowdown, the performance of our ad market may likely be affected by the overall economic conditions of the country along with industry-specific trends. We have many multinational companies deciding their ad budgets on the basis of global trends, because of which it is possible

that a global slump in ad spends could have an impact on our ad market. However, it is necessary to note that the rise of digital advertising has opened up multiple new doors for us to reach Indian consumers. Owing to our domestic market dynamics like the large population, increasing internet penetration, and expanding digital infrastructure, we may safely expect a growing momentum of ad spends within the country.”

India’s ad industry uniqueness

Awanish opines that D2C space in India has created a lot of buzz, and is hence driving growth for the market. “What is unique about the Indian advertising industry is that after the pandemic, there have been a lot of new entrants, and the way marketing used to be seen has changed. D2C is the new toy everyone has and all the advertisers have started focusing much upon their D2C space. There are some of them who are trying to use slightly advanced solutions, while the startups are just trying to get a sense of it. So, because of that reason, I think in the advertising space, this D2C phenomena is growing fast and because this is a new thing to adopt, there is a lot of activity in the entire advertising domain. That is grabbing the attention of the market at this point in time.”

Kothari speaks about how India is different from other markets in the world. “India has seen massive growth in terms of technology in recent years. The nationwide expansion of 5G along with affordable smartphones has changed the game of the digital ecosystem in the country. Over INR 20,000 crores of incremental ad spends are predicted in the year 2023 compared to the previous year. Within the rapidly evolving digital advertising industry, India now ranks eighth globally in ad spends.

India is a country with diverse cultures and an efficient understanding of these regional nuances makes a huge difference in terms of engagement with the consumers. Trends have drastically changed with an increasing preference towards online shopping, sports engagements, content consumption, and content creation. Our ad markets are also known for their creativity and diverse ad formats that employ a range of techniques and emotions.

With a deep understanding of the country’s massive population’s cultural diversity and varying preferences, we stand in a proud position in this exciting and challenging landscape.”

INDIAN ADVERTISEMENT SOLUTION INDUSTRY

With its developing economy, India provides advertisers with several opportunities to sell their services and products through the region's expanding media platforms. Economic expansion in India has also increased the purchasing power of a sizable segment of the population, resulting in a more affluent and brand-conscious consumer base. As a result, businesses are focusing on building a strong brand image for themselves through extensive advertising. The advertisement sector in India has been digitally disrupted in the previous decade as the number of individuals utilising smartphones and internet services has increased dramatically. This resulted in the rise of a number of consumer internet models and industries with enormous potential for digital advertising. Digital advertising is anticipated to expand at a modest rate of 8–10% in the fiscal year 2022-23. However, as economic tailwinds kick up in 2023-24, the digital ad expenditure is predicted to more than double to US\$ 21 billion by 2027-28. Global internet advertising market growth declined from 30.8% in 2021 to 8.1% in 2022, resulting in a total market value of US\$ 484 billion for the year. In contrast, India's internet advertising market expanded 35.3%, from US\$ 3.3 billion in 2021 to US\$ 4.4 billion in 2022, making it one of the fastest growing in the world. The internet advertising market in India is predicted to develop at a CAGR of 12.3%, with total revenue reaching US\$ 7.9 billion by 2027.

In an effort to counter the hegemony of large IT companies in the US, the Indian government is working to ensure that the Internet advertising market is competitive. Additionally, India intends to tighten internet governance with the upcoming Digital India Act. Furthermore, the Indian government has made a concerted effort to make digital media accessible to everybody. The Digital India project is promoting the development of digital infrastructure, corporate transformation, and digital commerce through a variety of applications, including the Unified Payments Interface (UPI), Aadhaar, Open Network for Digital Commerce (ONDC), and Government e-Marketplace (GeM).

Digital Advertising in India

The country is a mobile-first market, with 782 million mobile internet subscribers in 2022. The outdoor advertising business in India is also fast developing. Over the projected period, it will outperform every other OOH market worldwide, growing at a CAGR of 9.9%. In 2022, digital advertising is expected to increase by 52% year on year. By 2027, India will be the fourth-largest TV advertising market in the world, trailing only the United States, Japan, and China. By 2027, mobile internet advertising will account for 73% of internet advertising income in India.

The FMCG segment contributes 38% (Rs. 11,403 crore (US\$ 1.37 billion)) and has gained 28% over the previous year. This is followed by the e-commerce segment, which contributes 20% (Rs. 5,982 crore (US\$ 719.43 million)) to India's digital media business. When compared to the previous year, the contribution of the e-commerce segment has nearly tripled. Its expansion can be ascribed to the increased popularity of digital transactions and e-commerce among the

Digital Media Spends across Industry Verticals

Source: Dentsu, e4m

When compared to the previous year, the contribution of the e-commerce segment has nearly tripled. Its expansion can be ascribed to the increased popularity of digital transactions and e-commerce among the public. While the FMCG and e-commerce sectors account for more than half of the spending on digital media, the telecom and pharmaceutical sectors have experienced the biggest growth in terms of spending on digital media relative to the overall media budget. The telecom business spends half of its media budget on digital media, which has increased fourfold by 2021. The pharmaceutical industry increased its digital media budget by more than thrice over the previous year.

Spending on internet video is predicted to expand rapidly and surpass social media spending by 2024. The FMCG industry spends the majority of its digital media budget on online video, whereas the pharmaceutical and e-commerce industries spend the most of their expenditures on paid search. This increase in digital media advertising spending can be ascribed to an increase in OTT and online video consumption as a result of increased penetration of smart devices and internet access. Digital media advertising trends are also being driven by an increase in the use of digital transactions and e-commerce. Aside from these key drivers, the expansion of advertising opportunities on e-commerce and direct-to-consumer platforms is propelling digital media to new heights.

Advertising Spends on Digital Media Formats

Source: Dentsu, e4m

Among digital media advertising formats, social media has the highest expenditure share (30%, Rs. 8,757 crore US\$ 1.05 billion), followed by online video (28%, Rs. 8,319 crore (US\$ 1 billion)). Paid search contributes 23%, Rs. 6,895 crore (US\$ 892.23 million), while display banners contribute 16%, Rs. 4,816 crore (US\$ 579.2 million), to the Indian digital advertising market. Social media and online video formats have continuously been the most powerful and largest digital media advertising types. Online video has experienced the highest growth because of the quick rise in consumers of this medium as a result of the widespread availability of low-cost smartphones and high-speed connectivity. Online video advertising formats are predicted to increase at the fastest rate of 29% by 2024, surpassing social media. Social media is predicted to expand at a compound rate of 31%, reaching an expenditure share of 29% by the end of 2024.

Emerging Trends in the Digital Marketing Industry

1. Video Marketing

Video has become a potent weapon in the armoury of digital marketers, and in 2023, its use is only anticipated to increase. With the popularity of sites like YouTube, TikTok, and Instagram Reels, companies can now take advantage of the enormous potential of video content to draw in customers. Video marketing provides the power to visually convince audiences and increase conversions by delivering complicated concepts. Businesses should prioritise producing shareable, high-quality video content that appeals to their target audience.

2. Influencer Marketing

Influencer marketing has grown rapidly in recent years and remains a very successful tactic for companies trying to increase their reach and establish brand trust. It is anticipated that more companies will collaborate with relevant influencers to market their goods or services in 2023. Micro-influencers are gaining popularity as an economical alternative to macro-influencers due to their niche and engaged fanbase. Businesses may gain their followers' confidence and build meaningful engagement by engaging with influencers who share their brand values.

3. Personalization and Customer Experience

In this age of information overload, consumers are increasingly demanding customised experiences that respond to their own interests. In India, digital marketers must focus on providing personalised

content and experiences to their target audience. Businesses can gain insights into their consumers' behaviour, tastes, and purchase habits by employing data analytics and automation. This information may then be utilised to develop customised marketing campaigns, personalised emails, and relevant recommendations, thereby improving the entire customer experience.

4. **Voice Search Optimisation**

The increased adoption of voice assistants and smart speakers in India has spurred the growth of voice search. Optimising content for voice search is no longer optional; businesses must do so to remain discoverable to voice search users. When optimising their website and content, marketers should concentrate on using conversational language and long-tail keywords. Additionally, using schema markup and making sure that mobile pages load quickly can enhance voice search visibility and increase organic traffic.

5. **Social Commerce**

Social media platforms have become an essential part of the Indian consumer's shopping experience. Recognising this trend, social media behemoths such as Facebook, Instagram, and WhatsApp have implemented capabilities that enable smooth buying experiences right within their platforms. Businesses should embrace social commerce in 2023 by establishing online stores, implementing shoppable postings, and utilising social media advertising to boost sales. Building a strong social media presence and actively connecting with customers can have a big impact on business success.

6. **Artificial Intelligence and Chatbots**

Artificial intelligence (AI) and chatbots are changing the way businesses communicate with their clients. Instant responses to consumer inquiries, streamlined customer service, and improved user experience may all be achieved with the help of AI-powered chatbots. Implementing chatbots can improve response times, lower operational costs, and increase customer happiness. Furthermore, artificial intelligence (AI) may be used to examine massive volumes of data, allowing organisations to make data-driven decisions, customise marketing efforts, and optimise customer journeys.

6. **Metaverse, Web 3.0, etc**

Because of the current stage of technological advancement, we feel that combining the physical and virtual could totally revolutionise how we experience our world. This technology has progressively crept into our lives as extended reality (XR), a hybrid of virtual reality (VR), augmented reality (AR), and other immersive technologies. With the introduction of 5G in India, consumers will be one step closer to a mixed reality experience in the form of the metaverse very soon. Combining 5G, IoT, cloud computing, and Web3, customers are poised to embrace a new era of networking that will be inventive and engaging. Consumers recognise their first augmented reality experience in their daily lives through immersive apps such as the Ikea app.

Road Ahead

Digital marketing trends in India are continuously changing, and being up to date on the latest advances is critical for business growth. Despite the fact that the COVID-19 epidemic is having a negative impact on the market, the Indian government has provided enormous assistance to the advertising and marketing industry. Advertising expenditure in the banking industry is projected to rise as a result of Reserve Bank of

India (RBI) measures that may result in a more favourable business environment. Furthermore, prospective licences for new banks and improved market emotions make the marketing and advertising and marketing firm in India a fruitful ground. Businesses must adopt video marketing, influencer collaborations, personalisation, voice search optimisation, social commerce, and artificial intelligence (AI) in the upcoming times. Because of the increasing adoption of next-generation Web3 technologies and the growth of the mass market, Indian consumers' expectations are expected to shift towards convenience, commerce, and immersive media and marketing. The future of the digital economy will transform businesses at all levels, including the grassroots, ushering in a new era of interactive marketing and innovation.

Multiple Languages	We create and curate the audio content in multiple languages including English, Hindi, Tamil, Kannada, Telugu, Gujarati, Marathi, Bengali, Punjabi, Assamese, Odiya, Malayalam, Spanish and Arabic and other languages as and when required.
---------------------------	--

Many times, our clients lack the necessary devices for operating In-store Radio or Corporate Radio systems. To address this, we offer Playout Devices, including Android Boxes and Connectivity solutions, which are crucial components for delivering audio content to clients or viewers. Additionally, our company may occasionally supply speakers and other sound equipment as part of our comprehensive service offerings.

OUR BUSINESS PROCESS FOR IN- STORE RADIO SERVICES:

1. Client Engagement and Comprehensive Needs Assessment:

The business process commences with engaging retailers, corporates, and clients to offer Centralized Managed Music Channels or Corporate Radio services. In initial phase, we understand the requirements of each client such as language preferences, content requirement etc.

2. Copyrighted Music Library Option, Sound Stations and Playlists:

Our company has entered into licensing agreement with 2 (Two) aggregators for providing copyright music library services for our in- store radio and corporate radio clients. The music library contains the diverse collection of music spanning various genres and languages to cater to the diverse needs of each client. Simultaneously, sound stations and music playlists are created to align with each client's brand identity and the target audience.

For our corporate radio services, we have collaborated with Radio Jockeys (RJs) to facilitate the delivery of corporate announcements and other voice over content for our corporate clients.

3. Software Deployment and installation:

Subsequently, on clients’ demand we provide the installation of the music software and hardware at the client's locations, including retail stores, corporate offices, or other business premises ensuring uninterrupted and synchronized content delivery. Thereafter, our teams continuously connect with

clients any further requirements or technical issue that may arise. This improves relationships with clients and build trust and reliability.

4. Broadcasting the content and voice over:

The next step is to ensures that the content is faithfully broadcasted at specified times and through chosen channels, synchronized with the client's corporate events, retail schedules.

For corporate radio, we use skilled voice talent for announcements. This is done carefully to make sure the chosen voice fits well with the client's needs and messages. At the same time, we oversee the production of voiceovers and other audio elements to keep a smooth, polished audio experience for our Corporate Radio Services.

5. Technical Support and Maintenance:

Technical support for the audio infrastructure is integral. This includes troubleshooting technical issues, maintaining equipment, and guaranteeing uninterrupted broadcasting. Regular system maintenance is proactively implemented to prevent disruptions and uphold system reliability for both services.

6. Content Updates and Adaptation:

The approach upholds agility in content creation, ensuring that the audio channels remain responsive to shifts in the corporate environment, retail strategies, and evolving communication needs. Regular content updates sustain relevance and engagement with the target audience for both services.

2. ADVERTISEMENT SOLUTIONS:

Under this vertical, we provide advertisement solutions tailored to meet the needs of both businesses operating within the e-commerce industry and various Government Sectors.

Our company is also empanelled under Directorate of Advertising and Visual Publicity (DAVP) which has now integrated into Central Bureau of Communication (CBC). Empanelling with DAVP allow us to pitch to Government Department for advertisements. We have already completed multiple ad campaigns from different advertisers in our network.

Our company delivers a range of services under this vertical which are listed below:

A. AUDIO ADVERTISEMENT SOLUTIONS

Our Audio Advertisement Solutions offer a unique opportunity that monetizes in-store radio inventory. This innovative approach connects brands with captive audiences in retail stores across India, encompassing a vast network in major cities. We provide Point-of-Sale audio advertising solutions, with a notable presence in grocery store chains like Reliance Value Formats, More Supermarkets and Hypermarkets, Spencers, and Spar.

By monetizing in-store radio inventory, we empower brands to engage with shoppers inside retail establishments. The audio advertisement connects brands and advertisers with a captive audience of shoppers who are already in the store, making it an effective way to promote products, services, or special offers directly to potential customers at the point of purchase. By facilitating this advertising space, our company can help both advertisers and retail stores increase their revenue while enhancing brand visibility and customer engagement.

Within our audio advertisement portfolio, we adopt a data-driven approach using advanced technology to deliver real-time analytics of audio ads known as programmatic audio advertisement.

Programmatic Audio Advertising Solutions enables precise audience targeting, efficient ad placement, and data-driven decision-making, resulting in personalized and effective audio ad campaigns. This approach streamlines the ad buying process, enhances campaign performance, and allows advertisers to reach their intended audience with greater accuracy and efficiency. It provides the following advantages to the advertisers:

- Third party validated Proof of Play
- Detailed analytics for reach and demographics
- Real time monitoring of ad spends.

The technology used in programmatic audio advertisement to deliver the real-time analytics of audio ads played, has been taken from Location Media Xchange Pte. Ltd., by a partnership/ collaboration agreement executed between the company and Location Media Xchange Pte. Ltd, on 1st April 2022, on a revenue sharing basis. For more information, please refer to collaborations on page 186 of this Draft Red Herring Prospectus.

Additionally for visual advertisements solutions, we employ our creative team to craft compelling visual ad content. This content is rigorously crafted to harmonize with the client's branding and messaging.

4. Ad Space Selection:

With a comprehensive understanding of the client's needs, we move to identify and secure advertising space on the chosen platforms. This could encompass various platforms, such as digital signage for visual advertising, and in-store radio or other relevant platforms for audio advertising.

5. Targeted Audience Segmentation:

Our approach leverages data-driven insights to facilitate precise audience segmentation. This segmentation is based on demographic factors, interests, geographical location, and user behaviour, thereby enabling highly precise ad targeting.

6. Campaign Launch and Real-Time Monitoring:

Once all preparations are complete, we launch the advertising campaign as scheduled. Following the campaign's commencement, our process emphasizes continuous real-time monitoring of its performance. This monitoring enables us to make data-driven adjustments promptly, ensuring that ad delivery and targeting are consistently optimized.

7. Reporting, Evaluation, and Client Feedback:

The final step involves a thorough reporting stage where we give the client comprehensive data. These reports cover the results of both the audio and visual ads.

OUR STRENGTHS:

Adapt and Experienced Management Team

We have a team of experienced professionals who have substantially contributed to the growth of our business operations. Our Promoters Mr. Harvinderjit Bhatia has more than 30 years of experience in business management, finance and consulting. He served as a CFO at Netmagic Solutions, Digicable Network, and Radio Mirchi and our other Promoter, Mr. Anil Srivatsa has more than 30 years of experience in Radio and Digital Media. OUR BUSINESS STRATEGIES

Expand our international presence.

Our company is proposing to expand its business operations in the international markets. Our company will conduct a thorough market analysis which will identify promising international markets, taking into account factors such as size, growth potential, and cultural nuances. Adapting our products to align with local preferences, establishing strategic partnerships, and executing localized marketing campaigns will contribute to enhancing our brand's appeal. Ensuring regulatory compliance and talent localization will be pivotal for maintaining ethical and efficient operations. Proactively addressing risks and leveraging technology for seamless integration are integral components of our strategy that will help our company to grasp the Brands' vision and understand the clients' objectives. Regular evaluation and adaptation will serve as key elements, fostering resilience in the dynamic global landscape. Through these strategic initiatives, our objective is to establish a robust international presence, tapping into diverse markets and securing sustainable growth for our company.

Embracing new technologies

Our company is proposing to invest in technology by establishing an AI based platform enabling us to strategically reach customers across varied geographies and market segments. The embedded artificial intelligence algorithms are a key asset, providing the capability to comprehend and address the distinct music preferences of users in different regions. It will allow us to establish a deeper connection with audiences globally. By recognizing and adapting to the unique musical tastes of diverse regions, we will break down geographical barriers that might hinder engagement. This tailored approach resonates with users on a more personal level, fostering a stronger bond between our platform and music enthusiasts around the world. It enables us to provide a more personalized, culturally sensitive, and globally inclusive musical experience, fostering stronger connections with users and expanding our reach to music enthusiasts worldwide.

Creating a strong marketing and promotion strategy

A strong marketing and promotion strategy is crucial for the success of our company. Our company recognizes this and plans to invest in creating a robust marketing plan that will ensure our content reaches its target audience. Our marketing team will develop a comprehensive strategy that utilizes a combination of traditional and digital marketing techniques to create brand awareness and drive engagement with our audience. By investing in marketing and promotion, we can build brand awareness, increase audience engagement.

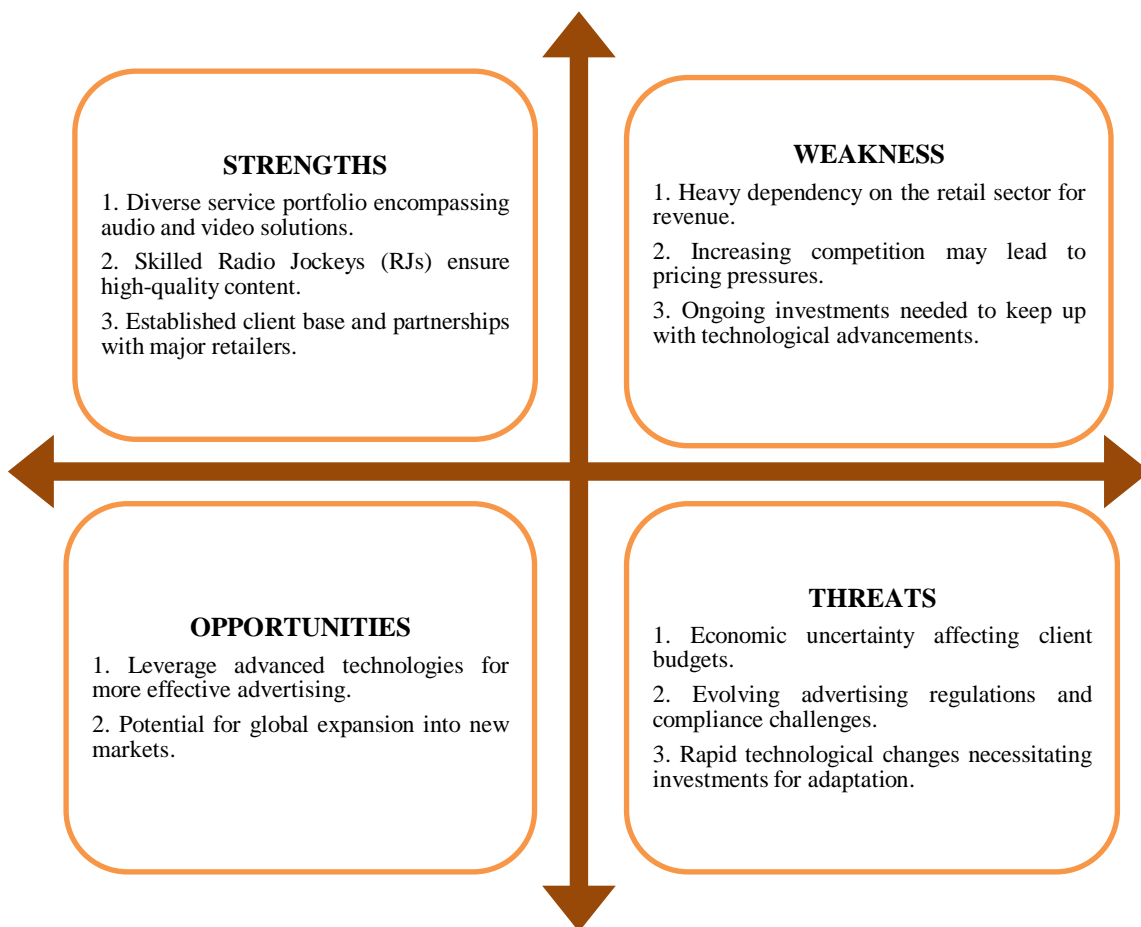

Currently our company has partnered with Retailers association of India (RAI) to participate in the events organized by RAI. Some of these events include – Retail Leadership Summit, Kerala Retail Summit, Kolkata Retail Summit etc.

Further, the company intends to expand this partnership with other industrial bodies such as National Restaurant Association of India, Images group and various other industry and media bodies engaged with offline retail. We intend to also participate in events outside India to showcase our service offering to expand our international footprint.

Customer centric Approach

Our company focuses on a customer centric approach, which places the customer at the core of every business decision and interaction. In this strategy, we understand and fulfill the unique needs and preferences of customers. It involves actively listening to customer feedback, analyzing their behaviours, and tailoring products, services, and experiences to meet their expectations. By prioritizing customer satisfaction and building lasting relationships, businesses not only enhance customer loyalty but also attract new clients through positive word-of-mouth and referrals. A customer-centric approach fosters trust, loyalty, and a deep connection with the customer base, ultimately fueling business growth and differentiation in the marketplace.

COMPETITION

In today's dynamic business environment which is filled with rapid change of technology, government policies, mounting competitive threats and constant new entrants into the market, makes it challenging to sustain and handle the intricacies and provide competitive solutions to its clients. We face competition from domestic and international companies. We foresee this competition to continue to grow as the demand for In-store Radio, Corporate Radio and Advertising increases.

Further we believe that our competition also depends on several factors which include currency fluctuations, changing business framework, difficulty to retain skilled staff.

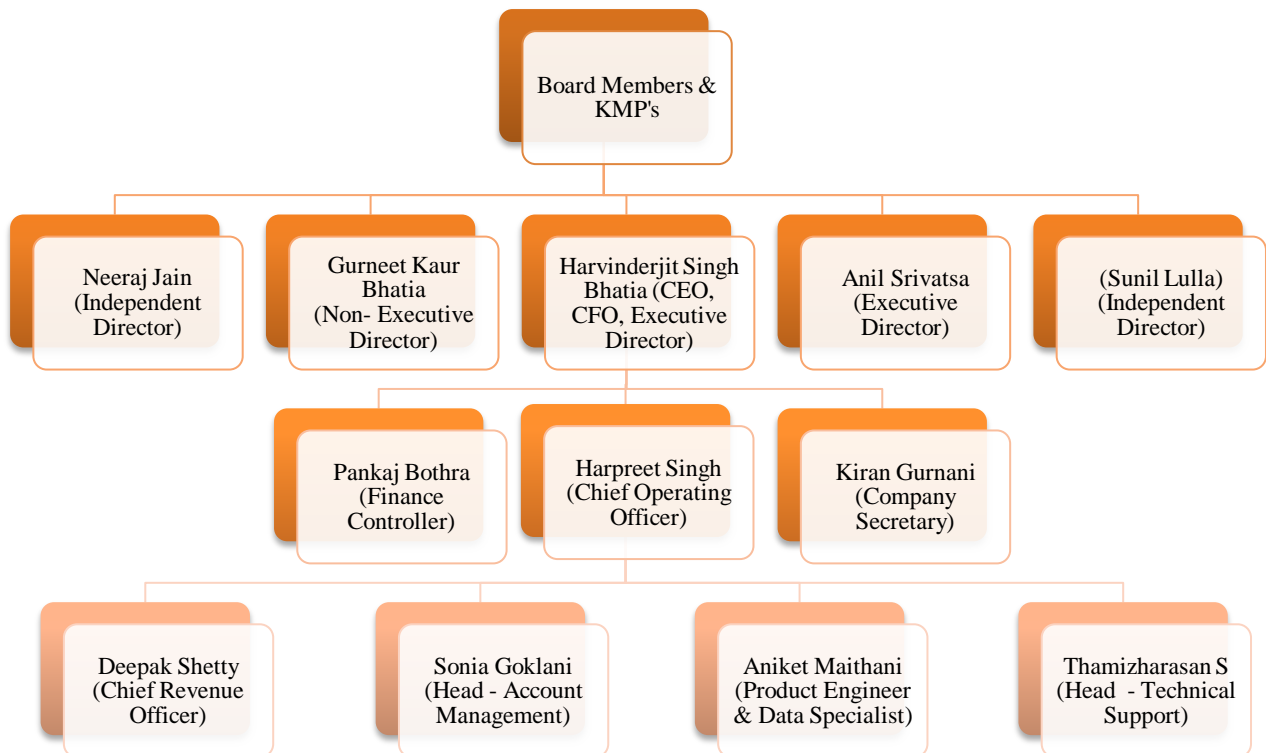

Some of the competitors includes:

Unlisted Competitor

- Adonta Media Private Limited
- Timbre Media Private Limited
- Alenka Media Private Limited

However, we believe that with our technology and service record, as reflected by continuity of our service by multiple renewals by our clients over the last decade or so, we have an advantage over our competitors.

KEY REGULATIONS AND POLICIES

The business of our Company requires, at various stages, the sanction of the concerned authorities under the relevant Central, State legislation and local laws. The following description is an overview of certain laws and regulations in India, which are relevant to our Company. Certain information detailed in this chapter has been obtained from publications available in the public domain. The regulations set out below are not exhaustive and are only intended to provide general information to Applicants and is neither designed nor intended to be a substitute for professional legal advice.

The statements below are based on current provisions of Indian law, and the judicial and administrative interpretations thereof, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions.

RELATED TO OUR BUSINESS

THE ASCI CODE: SELF-REGULATION OF ADVERTISING

To regulate advertisement in India, ASCI has adopted a Code for Self-Regulation in Advertising ("ASCI Code"), which applies to all involved in the commissioning, creation, placement, or publishing of advertisements. This ASCI Code applies to advertisements read, heard, or viewed in India even if they originate or are published abroad so long as they are directed to consumers in India or are exposed to a significant number of consumers in India.

Though non-statutory, the ASCI Code is recognized under various Indian laws in addition to being adopted by advertising-industry bodies. Notably, the ASCI Code provides that it is not in competition with any law, its rules, or the machinery through which they are enforced, thus the ASCI Code is designed only to complement legal controls under such laws and not to usurp or replace them.

GUIDELINES FOR PREVENTION OF MISLEADING ADVERTISEMENTS AND ENDORSEMENTS FOR MISLEADING ADVERTISEMENTS, 2022.

These guidelines provide for the prevention of false or misleading advertisements and making endorsements relating thereto. They have been instituted under the provision of Section 18 of the Consumer Protection Act 2019 which provides for the power of the Central Authority to ensure that no false or misleading advertisement is made of any goods or services which contravenes the provisions of this Act or the rules or regulations made thereunder.

The guidelines provide that they shall apply to – (a) all advertisements regardless of form, format or medium; (b) a manufacturer, service provider or trader whose goods, product or service is the subject of an advertisement, or to an advertising agency or endorser whose service is availed for the advertisement of such goods, product or service.

According to the above, our company would be covered by the guidelines and the same would be applicable to our company.

INFORMATION TECHNOLOGY ACT, 2000 AND INFORMATION TECHNOLOGY (REASONABLE SECURITY PRACTICES AND PROCEDURES AND SENSITIVE PERSONAL DATA OR INFORMATION) RULES, 2011.

Since our Company is an online education platform that offers various courses and training programs for individuals, we interchange sensitive information, data, records, functions, security procedures and like and hence our working is governed by Information Technology Act, 2000. This act governs and provides legal recognition for transactions carried out by means of electronic data interchange and other means of electronic communication, commonly referred to as electronic commerce. It also gives legal recognition to Digital Signatures and facilitates storage of data. The Act is applicable to any offence or contravention committed outside India as well. If the conduct of person constituting the offence involves a computer or a computerized system or network located in India, then irrespective of his/her nationality, the person is punishable under the Act.

DIGITAL PERSONAL DATA PROTECTION ACT, 2023

This act was first introduced as a bill in 2019 as The Personal Data Protection Bill, 2019. The bill was introduced in Lok Sabha by the Minister of Electronics and Information Technology, Mr. Ravi Shankar Prasad, on December 11, 2019. The act received the assent of the President on the 11th of August 2023 and came into force.

The act aims to provide for protection of the privacy of individuals relating to their personal data, specify the flow and usage of personal data, create a relationship of trust between persons and entities processing the personal data, protect the fundamental rights of individuals whose personal data are processed, to create a framework for organizational and technical measures in processing of data, laying down norms for social media intermediary, cross-border transfer, accountability of entities processing personal data, remedies for unauthorized and harmful processing, and to establish a Data Protection Authority of India for the said purposes and for matters connected there with or incidental thereto.

LABOUR LAWS

India has extensive labour related legislations. Certain other laws and regulations that may be applicable to our Company in India

THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 (“SHWW Act”) provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

THE PAYMENT OF BONUS ACT, 1965:

The payment of Bonus Act, 1965 aims to regulate the amount of bonus paid to the persons employed in certain establishments based on their profits and productivity. Pursuant to the Payment of Bonus Act, 1965, as amended, an employee in a factory or in any establishment where twenty or more persons are employed on any day during an accounting year, is eligible to be paid a bonus. It further provides for the payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity.

PAYMENT OF GRATUITY ACT, 1972:

The Payment of Gratuity Act is applicable to every factory, mine, oilfield, plantation, port, railway companies and to every shop and establishment in which 10 or more persons are employed or were employed at any time during the preceding twelve months. This Act applies to all employees irrespective of their salary. The Payment of Gratuity Act, as amended, provides for a scheme for payment of gratuity to an employee on the termination of his employment after he has rendered continuous service for not less than 5 years:

- (a) On his/her superannuation;
 - (b) On his/her retirement or resignation;

- Central Goods and Service Tax Act, 2017, the Central Goods and Service Tax Rules, 2017 and various
- state-wise legislations made thereunder;
- The Integrated Goods and Service Tax Act, 2017;

INTELLECTUAL PROPERTY RIGHT ACTS

THE TRADEMARKS ACT, 1999 (“TRADEMARKS ACT”)

The Trademarks Act provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also prohibits any registration of deceptively similar trademarks or compounds, among others. It also provides for infringement, falsifying and falsely applying trademarks.

Further, pursuant to the notification of the Trademark (Amendment) Act, 2010 simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law with international practice.

THE COPYRIGHT ACT, 1957

The Copyright Act, 1957 (the “Copyright Act”) provides for registration of copyrights, transfer of ownership and licensing of copyrights, and infringement of copyrights and remedies available in that respect. The Copyright Act affords copyright protection to original literary, dramatic, musical or artistic works, cinematograph films, and sound recordings. Once registered, copyright protection lasts for 60 years, subsequent to which the work falls in the public domain and any act of reproduction of the work by any person other than the author would not amount to infringement. The remedies available in the event of infringement of copyright include civil proceedings for damages, account of profits, injunction and the delivery of infringing copies to the copyright owner, as well as criminal remedies, including imprisonment of the accused and imposition of fines and seizure of infringing copies. While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner.

Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

THE PATENTS ACT, 1970 (“PATENTS ACT”)

The patent regime in India is governed by the Patents Act and rules and regulations made thereunder. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

THE DESIGNS ACT, 2000 (THE “DESIGNS ACT”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller- General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration. No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

FOREIGN REGULATIONS

FOREIGN EXCHANGE MANAGEMENT ACT, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 (“FEMA”) was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA REGULATIONS:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

THE FOREIGN TRADE (DEVELOPMENT AND REGULATION) ACT, 1992 (“FTA”):

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

THE MICRO, SMALL AND MEDIUM ENTERPRISES DEVELOPMENT ACT, 2006

The Micro, Small and Medium Enterprises Development Act, 2006 as amended from time to time (MSMED Act) seeks to facilitate the development of micro, small and medium enterprises. The MSMED Act provides that where an enterprise is engaged in the manufacturing and production of goods pertaining to any industry specified in the first schedule to the Industries (Development and Regulation) Act, 1951, the classification of an enterprise will be as follows:

- where the investment in plant and machinery does not exceed twenty-five Lakh rupees shall be regarded as a micro enterprise;
- where the investment in plant and machinery is more than twenty-five Lakh rupees but does not exceed five crore rupees shall be regarded as a small enterprise;

- Where the investment in plant and machinery is more than five crore rupees but does not exceed ten crore rupees shall be regarded as a medium enterprise.

The MSMED Act provides for the memorandum of micro, small and medium enterprises to be submitted by the relevant enterprises to the prescribed authority. While it is compulsory for medium enterprises engaged in manufacturing to submit the memorandum, the submission of the memorandum by micro and small enterprises engaged in manufacturing is optional. The MSMED Act defines a supplier to mean a micro or small enterprise that has filed a memorandum with the concerned authorities. The MSMED Act ensures that the buyer of goods makes payment for the goods supplied to him immediately or before the date agreed upon between the buyer and supplier.

The MSMED Act provides that the agreed period cannot exceed forty-five days from the day of acceptance of goods it also stipulates that in case the buyer fails to make payment to the supplier within the agreed period, then the buyer will be liable to pay compound interest at three times of the bank rate notified by the Reserve Bank of India from the date immediately following the date agreed upon. The MSMED Act also provides for the establishment of the Micro and Small Enterprises Facilitation Council (—Council“). The Council has jurisdiction to act as an arbitrator or conciliator in a dispute between the supplier located within its jurisdiction and a buyer located anywhere in India.

The MSMED act provides for appointment and establishment of National Board by the Central Government for MSME enterprise with its head office at Delhi. The Central Government may from time to time for the purpose of promotion and development of the MSME and to enhance the competitiveness in the sector organise such programmes, guidelines or instructions, as it may deem fit. In case of any offences under this act, no court inferior to that of Metropolitan Magistrate or Chief Metropolitan Magistrate shall try the offence under this act.

GENERAL LEGISLATIONS

THE INDIAN CONTRACT ACT, 1872:

The Indian Contract Act, 1872 (“Contract Act”) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

THE COMPETITION ACT, 2002:

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

THE INDIAN STAMP ACT, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all

instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

THE REGISTRATION ACT, 1908

The purpose of the Registration Act, amongst other things, is to provide a method of public registration of documents so as to give information to people regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud.

NEGOTIABLE INSTRUMENTS ACT, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act, creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

CONSUMER PROTECTION ACT, 2019

The Consumer Protection Act 2019 contains certain provisions with regards to false and misleading advertisements. It also provides a penalty for the same. However, it does not specifically talk about the liability of the advertising agency or service provider, who is simply involved in providing the advertising services to the manufacturer, trader, retailer etc. But the advertising agency or service provider still needs to be conscious of the Consumer Protection Act 2019, and hence our company needs to be compliant of the Consumer Protection Act 2019.

Section 21 of the Act provides that “Where the Central Authority is satisfied after investigation that any advertisements is false or misleading and is prejudicial to the interest of any consumer or is in contravention of consumer rights, it may, by order, issue directions to the concerned trader or manufacturer or endorser or advertiser or publisher, as the case may be, to discontinue such advertisement or to modify the same in such manner and within such time as may be specified in that order”.

PROPERTY RELATED LAWS

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882. In addition, regulations relating to classification of land may be applicable. Usually, land is broadly classified under one or more categories such as residential, commercial or agricultural. Land classified under a specified category is permitted to be used only for such specified purpose. Where the land is originally classified as agricultural land, in order to use the land for any other purpose the classification of the land is required to be converted into commercial or industrial purpose, by making an application to the relevant municipal or town and country planning authorities. In addition, some State Governments have imposed various restrictions, which vary from state to state, on the transfer of property within such states. Land use planning and its regulation including the formulation of regulations for building construction, form a vital part of the urban planning process. Various enactments, rules and regulations have been made by the Central Government, concerned

State Governments and other authorized agencies and bodies such as the Ministry of Urban Development, State land development and/or planning boards, local municipal or village authorities, which deal with the acquisition, ownership, possession, development, zoning, planning of land and real estate. Each state and city has its own set of laws, which govern planned development and rules for construction (such as floor area ratio or floor space index limits). The various authorities that govern building activities in states are the town and country planning department, municipal corporations and the urban arts commission.

LIMITATION ACT, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th of October, 1963 and which came into force from 1st of January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, period of limitation ‘means the period of limitation prescribed for any suit, appeal or application by the Schedule, and prescribed period ‘means the period of limitation computed in accordance with the provisions of this Act.

LOCAL LAWS:

KARNATAKA SHOPS & COMMERCIAL ESTABLISHMENT ACT, 1961

The Karnataka Shops & Commercial Establishment Act, 1961 and Rules, 1963 (“S & E Laws”) are applicable to all the shops and commercial establishments in the areas notified by Government of Karnataka. The Act is enacted for the purpose of protecting the rights of employees.

The Act provides regulations of the payment of wages, terms of services, work hours, rest intervals, overtime work, opening and closing hours, closed days, holidays, leaves, maternity leave and benefits, work conditions, rules for employment of children, records maintenance, etc.

This is the Statement of Changes in Equity referred to in our audit report of even date.

Note 1: Notes to the Restated Consolidated Financial statements.

2.1 General Information: Corporate Information

RADIOWALLA NETWORK PRIVATE LIMITED (“the Holding Company / Issuer”) was incorporated on 30th July 2010. The Holding Company is a Private Limited Company incorporated under the provisions of Companies Act, 1956, and Rules and Regulations framed thereunder. The Holding Company and its subsidiaries constitute the Group. The Group is engaged in the business of setting up In-store audio channels network.

3.1 Significant Accounting Policies:

01. Basis of Preparation

The Restated Consolidated Financial Information of the Group comprise of the Restated. Consolidated Statement of Assets and Liabilities as at 31st October 2023, 31st March, 2023, 31st March, 2022, and 31st March, 2021, the Restated Consolidated Statement of Profit and Loss including other comprehensive income, the Restated Consolidated Statement of Changes in Equity, the Restated Consolidated Statement of Cash Flows for the period ended 31st October 2023 & years ended 31st March, 2023, 31st March, 2022, and 31st March, 2021, and accompanying Restated Statement of Significant Accounting Policies, and notes to Restated Financial Information along with other explanatory notes (hereinafter collectively referred to as, the ‘Restated Consolidated Financial Information’).

The Restated Consolidated Financial Information has been prepared by the Management of the Holding Company for the purpose of inclusion in the Draft Red Herring Prospectus (‘DRHP’) to be filed by the Holding Company with the Securities and Exchange Board of India (“SEBI”), and BSE Limited in connection with proposed Initial Public Offering (“IPO”) of its equity shares (referred to as “Issue”).

"These Restated Consolidated Financial Information have been prepared in terms of the requirements of:

- a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the “Act”);
- b) Relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (“ICDR Regulations”); and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India (“ICAI”), as amended from time to time (the “Guidance Note”). "

The Restated Consolidated Financial Information have been compiled and prepared in accordance with the Indian Accounting Standards (referred to as “Ind AS”) as prescribed under Section 133 of the Act read with relevant rules issued thereunder, as amended, and other accounting principles generally accepted in India.

The accounting policies have been consistently applied by the Group in preparation of the restated consolidated financial information to all the years presented.

The Restated Consolidated Financial Information does not reflect the effects of events that occurred subsequent to the respective dates of board meeting on audited consolidated financial statements mentioned above.

The Restated Consolidated Financial Information have been prepared on the historical cost basis, except for the certain assets and liabilities (refer accounting policy regarding financial instruments) and share based payments which have been measured at fair value as per Ind AS 102.

The Restated Consolidated Financial Information has been prepared on a going concern basis as the Management is satisfied that the Group shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

The Restated Consolidated Financial Information:

- have been prepared after incorporating adjustments in respect of changes in the accounting policies, material errors, if any, and regrouping / reclassifications retrospectively as at and for the period ended 31st October 2023 & years ended 31st March, 2023, 31st March, 2022, and 31st March, 2021.
- b) do not require any adjustment for qualifications as there are no qualifications in the underlying auditor's reports which require any adjustments.

2.2 Presentation of the Restated Consolidated Financial Information

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, Level 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety which are described as follows:

Level 1 — inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 — inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability either directly or indirectly.

Level 3 — inputs are unobservable inputs for the assets or liability.

The Restated Consolidated Financial Information are presented in Indian Rupees (INR), which is also the functional currency of the Holding Company, and all values are rounded to the nearest million, except when otherwise indicated.

2.3 Basis of Consolidation

The Restated Consolidated Financial Information incorporates the financial information of the Holding Company, its subsidiaries, and an associate company. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the company obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Profit or loss and each component of other comprehensive income are attributed to the owners of the Group. Total comprehensive income of subsidiaries is attributed to the owners of the Group.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Principles of Consolidation

The Restated Consolidated Financial Information relate to Radiowalla Network Private Limited (the 'Holding Company') and its subsidiaries. The Consolidated Financial Information have been prepared on the following basis:

- The restated financial information of the subsidiary companies is drawn upto the same reporting date as that of the Group for each of the reporting period covered by restated consolidated financial Information.
- The restated financial information of the Holding Company and its subsidiary companies have been combined on a line-by-line basis by adding together like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and resulting unrealised profits or losses, unless cost cannot be recovered.
- Investment in Associates - Investments in entities where the Group has significant influence (associate) is accounted under the equity method as prescribed by Indian Accounting Standard 28. Investments in Associates and Joint Ventures ("Ind AS 28"). Under the equity method, on initial recognition the investment in an associate has been recognized at cost, and the carrying amount has been increased or decreased to recognize the Group's share of the profit or loss of the investee after the date of acquisition. The Group's share of the investee's profit or loss has been recognized in the statement of profit or loss.
- Following companies have been considered in the preparation of the restated consolidated financial Information:

Name of the Entity	Relationship	Country of Incorporation	Ownership Held by	% of Holding and voting power either directly or indirectly at each reporting period covered under the Restated Consolidated Financial Information
Decibel Media Private	Wholly owned Subsidiary	India	Radiowalla Network Private Limited	100%

- The Restated Consolidated Financial Information has been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Group's separate restated financial statements.

2.4 Revenue Recognition

- The Group has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Under Ind AS 115, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for rendering services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances related to contracts with their customers.
- The Group recognise revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The Group recognise revenue based on two main models: services rendered at a point in time and services rendered over time:
Services rendered at a point in time: Revenues and costs relating to time and service contracts are recognised as the related services are rendered.

Services rendered over time: Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight-line basis over the specified period or under some other method that better represents the stage of completion.

- c) Interest income is accounted on accrual basis. For financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability.
- d) Dividend income is accounted for when the right to receive it is established.

2.5 Leasing

"Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee."

As a Lessee –

"At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. "

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (I.e., the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been adjusted towards rent expenses in the Statement of Profit and Loss.

2.6 Employee Benefits :

Employee benefits include provident fund, superannuation fund, gratuity fund, and compensated absences.

Defined Contribution Plan:

The Group's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

- Superannuation:
The Group contributes a sum equivalent to 15% of annual basic salary of the eligible employees to an insurance company which administers the fund. The Group recognises such contributions as an expense during the year they are incurred.
- Provident Fund:
Employees are entitled to receive benefits in respect of provident fund, in which both employees and the Group make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' basic salary).

Defined Benefit Plans

a) Gratuity:

The Group accounts for the net present value of its obligations for gratuity benefits based on an independent external actuarial valuation determined on the basis of the projected unit credit method carried out at the Balance Sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in retained earnings and is not reclassified to profit and loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset. Defined benefit cost are categorised as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

b) Other Employee Benefits:

Performance Incentive and Compensated Absences:

The amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the services. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The Group accounts for the net present value of its obligations for compensated absences based on an independent external actuarial valuation carried out at the Balance Sheet date. The cost of short-term compensated absences is accounted as under:

- A. in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- B. in case of non-accumulating compensated absences, when the absences occur.

Method used for Accounting for Share Based Payment Plan:

The stock options granted to employees pursuant to the Bank Stock options Schemes, are measured at the fair value of the options at the grant date using Black-Scholes model. The fair value of the options determined at grant date is recognised as employee compensation cost over the vesting period on straight line basis over the period of option, based on the number of grants expected to vest, with corresponding increase in equity

2.7 Tax on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

i. **Current Tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit Before Tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii. **Deferred Tax**

Deferred tax is recognised on the temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

iii. **Current and Deferred Tax for the year**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.8 Property, Plant & Equipment

Property, Plant & Equipment carried at cost less accumulated depreciation and amortisation and impairment losses, if any. The cost comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use.

(a) Capital Work-in-Progress:

Projects under which tangible fixed assets that are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses, and interest attributable.

Intangible Assets

Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortization and accumulated impairment, if any.

(i) **Intangible Assets under Development**

Projects under which Intangible assets that are not yet ready for their intended use are carried at cost, comprising Development expenses and software expenses.

2.9 Depreciation and Amortisation

Depreciation is charged so as to write off the cost of assets other than Capital work-in-progress less its estimated residual value over the useful lives as prescribed in Schedule II to the Companies Act, 2013, using the straight-line method.

2.10 Provision and Contingencies

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Provisions are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes. Contingent assets are not recognised /disclosed in the restated consolidated financial information.

Contingent Liabilities and Assets

Contingent liabilities are when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are not recognised but are disclosed in the notes.

Contingent asset is a possible asset that arises from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. Contingent assets are neither recognised nor disclosed in the restated consolidated financial information.

2.11 Foreign Currency Transactions and Balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

2.12 Financial Instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. All financial instruments are recognised initially at fair value.

2.13 Financial Assets

Financial assets are (Investment in Mutual Funds, Non- Convertible Debentures, Bonds and Government Securities) classified into the following specified categories: financial assets "at amortised cost", "fair value through other comprehensive income", "fair value through Profit or Loss". The classification depends on the entity's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset at the time of initial recognition.

"Financial assets are recognised by the Group as per its business model. "

All Financial Assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the Financial Asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs directly attributable to the acquisition of financial assets measured at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

All equity instruments are measured at fair value other than investments in unquoted equity shares including investment in subsidiaries and associates. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Group may make an irrevocable election to present subsequent changes in the fair value in OCI. The Group makes such election on an instrument-by-instrument basis.

"Income and expense is recognised on an effective interest basis for debt instrument."

All other investments are classified as Fair Value Through Profit or Loss (FVTPL). The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Impairment of Financial Assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss. Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets

are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

Objective evidence of impairment could include –

- Significant financial difficulty of the users or counterparty; or
- Default or delinquency in interest or principal payments; or
- It becoming probable that the borrower will enter bankruptcy or financial reorganization.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade and other receivables. For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Expected Credit Losses on Trade Receivables

For trade receivables the Group measures the loss allowance at an amount equal to life time expected credit losses. Further, for the purpose of measuring life time expected credit losses for trade receivables, the company follows simplified approach as permitted under Ind AS 109.

De-recognition of Financial Assets

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

2.14 Impairment of Non-Financial Assets

The Group assesses at each reporting date whether there is any observable evidence that a non-financial asset or a company of non-financial assets is impaired. If any such indication exists, the Group estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in Statement of profit and loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through statement of profit and loss.

2.15 Financial Liabilities and Equity Instruments

Classification as Debt or Equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deduction all of its liabilities.

Financial Liabilities:

(a) Initial Recognition and Measurement:

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

(b) Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Derecognition of Financial Liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

2.16 Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, balances in current account and demand deposits with banks having an original maturity of three months or less. These do not include bank balances earmarked/restricted for specific purposes. Bank balances other than cash and cash equivalents comprises of demand deposits with banks having an original maturity of more than three months.

2.17 Use of Estimates and Judgement

The preparation of restated consolidated financial information in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the restated consolidated financial information is included in the following note:

Useful lives of Property, Plant and Equipment/ Intangible Assets

Property, Plant and Equipment/ Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Group's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The depreciation / amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

Contingent Liabilities and Assets

Contingent Liabilities are disclosed when there is a possible obligation arising from the past events, the existence of which will be confirmed only by the occurrence or non - occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Income Taxes The Group's tax jurisdiction is in India. Significant judgments are involved in determining the provision for income taxes, deferred tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.

Expected Credit Losses on Trade Receivables

The Group estimates the probability of collection of trade receivable by analyzing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances are made.

Employee Benefits

Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.

2.18 Operating Cycle

Based on the activities of the Group and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Capital Risk Management

The Group's objectives when managing capital is to safeguard continuity as a going concern and provide adequate return to shareholders through continuing growth and maintain an optimal capital structure to reduce the cost of capital. The Company sets the amount of capital required on the basis of annual business plan and long-term operating plans which include capital investments.

Financial Risk Management

A wide range of risks may affect the Group's business and financial results. Amongst other risks that could have significant influence on the Company are market risk, credit risk and liquidity risk.

The Board of Directors of the Group manage and review the affairs of the Company by setting up short term and long-term budgets by monitoring the same and taking suitable actions to minimise potential adverse effects on its operational and financial performance.

"The Group is exposed to the following market risks:

(a) Credit Risk

Credit risk refers to the risk that the counter party will default on its contractual obligation resulting in financial loss to the Group. The Company has adopted a policy of dealing with only credit worthy counter parties. This risk principally arises from credit exposures to customers, deposits with banks and financial institutions and other receivables.

(b) Liquidity Risk

Liquidity risk refers to the risk that the Group may not be in a position to meet its financial obligations timely. Management monitors rolling forecasts of the Group's liquidity position (comprising of undrawn bank facilities and cash and cash equivalents) on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

(c) Market Risk

Market Risk is the risk that the value of on and off-balance sheet positions of a Group will be adversely affected by movements in market rates or prices such as interest rates, prices resulting in a loss to earnings and capital.

This is the Statement of Changes in Equity referred to in our audit report of even date.

Note 1: Notes to the Restated Standalone Financial statements.

1. General Information

1.1. Corporate Information

RADIOWALLA NETWORK PRIVATE LIMITED (“the Company”) was incorporated on 30th July 2010. The company is engaged in the business of setting up In-store audio channels network. Radiowalla is a trusted partner of the retail industry and collaborates with over 450+ retailers across 10 countries.

2. Significant Accounting Policies:

2.1. Statement of Compliance

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as prescribed in the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and the financial statement also complies with presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) notified under section 133 of the Companies Act, 2013 (the Act) along with other relevant provisions of the Act. The standalone financial statements are presented in Indian Rupee (H), which is also the functional currency of the Company, in denomination of lakhs with rounding off to two decimals as permitted by Schedule III to the Act.

The financial statements are prepared on a going concern basis as the Management is satisfied that the Company shall be able to continue its business for the foreseeable future and no material uncertainty exists that may cast significant doubt on the going concern assumption. In making this assessment, the Management has considered a wide range of information relating to present and future conditions, including future projections of profitability, cash flows and capital resources.

2.2. Basis of Preparation

These financial statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, Level 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurements in its entirety which are described as follows:

Level 1 — inputs are quoted (unadjusted) prices in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 — inputs are inputs, other than quoted prices included in level 1, that are observable for the asset or liability either directly or indirectly.

Level 3 — inputs are unobservable inputs for the assets or liability.

2.3. Revenue Recognition

a) The Company has applied Ind AS 115 Revenue from Contracts with Customers which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised. Under Ind AS 115, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for rendering services to a customer. The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances related to contracts with their customers.

b) The Company recognise revenue when the significant terms of the arrangement are enforceable, services have been delivered and the collectability is reasonably assured. The Company recognise revenue based on two main models: services rendered at a point in time and services rendered over time:

Services rendered at a point in time: Revenues and costs relating to time and service contracts are recognised as the related services are rendered.

Services rendered over time: Revenue from annual fee contracts is recognised proportionately over the period of the contract. When services are performed through an indefinite number of repetitive acts over a specified period of time, revenue is recognised on a straight-line basis over the specified period or under some other method that better represents the stage of completion.

Interest income is accounted on accrual basis. For financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability.

Dividend income is accounted for when the right to receive it is established.

2.4 LEASING

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee.

As a Lessee -

At the date of commencement of the lease, the Company recognises a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been adjusted towards rent expenses in the Statement of Profit and Loss.

2.5 Employee Benefits

Employee benefits include provident fund, superannuation fund, gratuity fund, and compensated absences.

Defined Contribution Plan

The Company's contribution to provident fund and superannuation fund are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

i. Superannuation

The Company contributes a sum equivalent to 15% of annual basic salary of the eligible employees to an insurance company which administers the fund. The Company recognises such contributions as an expense during the period they are incurred.

ii. Provident Fund

Employees are entitled to receive benefits in respect of provident fund, in which both employees and the Company make monthly contributions at a specified percentage of the covered employees' salary (currently 12% of employees' basic salary).

Defined Benefit Plans

i. Gratuity

The Company accounts for the net present value of its obligations for gratuity benefits based on an independent external actuarial valuation determined on the basis of the projected unit credit method carried out at the Balance Sheet date. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in retained earnings and is not reclassified to profit and loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit cost are categorised as follows:

Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
Net interest expense or income; and • Remeasurement

ii. Other Employee Benefits

Performance Incentive and Compensated Absences

The amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employees render the services. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The Company accounts for the net present value of its obligations for compensated absences based on an independent external actuarial valuation carried out at the Balance Sheet date. The cost of short-term compensated absences is accounted as under: in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and in case of non-accumulating compensated absences, when the absences occur.

2.6. Tax on Income

Income tax expense represents the sum of the tax currently payable and deferred tax.

i. Current Tax

The tax currently payable is based on taxable profit for the period. Taxable profit differs from 'Profit Before Tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, in accordance with the Income Tax Act, 1961 and the Income Computation and Disclosure Standards (ICDS) prescribed therein. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

ii. Deferred Tax

Deferred tax is recognised on the temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets are generally

recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset realised based on the tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

iii. Current and Deferred Tax for the period

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

2.7. Property, Plant and Equipment

Property, Plant & Equipment carried at cost less accumulated depreciation and amortisation and impairment losses, if any. The cost comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use.

i. Capital Work-in-Progress

Projects under which tangible fixed assets that are not yet ready for their intended use are carried at cost, comprising direct cost, related incidental expenses, and interest attributable.

2.8. Intangible Assets

Intangible assets purchased are measured at cost as of the date of acquisition less accumulated amortisation and accumulated impairment, if any.

i. Intangible Assets under Development

Projects under which Intangible assets that are not yet ready for their intended use are carried at cost, comprising Development expenses and software expenses.

2.9. Depreciation and Amortisation

Depreciation is charged so as to write off the cost of assets other than Capital work-in-progress less its estimated residual value over the useful lives as prescribed in Schedule II to the Companies Act, 2013, using the straight-line method.

Intangible assets are amortised on a straight line basis. Computer software is amortised over 24 months or useful life, whichever is lower.

2.10. Provision and Contingencies

A provision is recognised when the Company has a present obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made.

Provisions are discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities and Assets

Contingent liabilities are when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or nonoccurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are not recognised but are disclosed in the notes.

Contingent asset is a possible asset that arises from past events the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the enterprise. Contingent assets are neither recognised nor disclosed in the financial statements.

2.11. Foreign Currency Transactions and Balances

Transactions in foreign currency are translated into the respective functional currencies using the exchange rates prevailing at the dates of the respective transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at the exchange rates prevailing at reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the Statement of Profit and Loss and reported within foreign exchange gains/ (losses).

2.12. Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are measured at cost. Dividend income if any from subsidiaries and associates is recognised when its right to receive the dividend is established.

2.13. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. All financial instruments are recognised initially at fair value.

2.14. Financial Assets

Financial assets are classified into the following specified categories: financial assets “at amortised cost”, “fair value through other comprehensive income”, “fair value through Profit or Loss”. The classification depends on the entity’s business model for managing the financial assets and the contractual cash flow characteristics of the financial asset at the time of initial recognition.

Financial assets are recognised by the Company as per its business model. All Financial Assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction cost that are attributable to the acquisition of the Financial Asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Transaction costs directly attributable to the acquisition of financial assets measured at fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

All equity instruments are measured at fair value other than investments in unquoted equity shares including investment in subsidiaries and associates. Equity instruments held for trading is classified as FVTPL. For all other equity instruments, the Company may make an irrevocable election to present subsequent changes in the fair value in OCI. The Company makes such election on an instrument-by-instrument basis.

Income and expense is recognised on an effective interest basis for debt instrument. All other investments are classified as Fair Value Through Profit or Loss (FVTPL). The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

Impairment of Financial Assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss. Financial assets are assessed for indicators of impairment at the end of each reporting period. Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been impacted.

Objective evidence of impairment could include -

Significant financial difficulty of the users or counterparty; or
Default or delinquency in interest or principal payments; or It becoming probable that the borrower will enter bankruptcy or financial reorganisation.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade and other receivables. For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognised.

Expected Credit Losses on Trade Receivables

For trade receivables the Company measures the loss allowance at an amount equal to life time expected credit losses. Further, for the purpose of measuring life time expected credit losses for trade receivables, the company follows simplified approach as permitted under IndAS 109.

De-recognition of Financial Assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

2.15. Impairment of Non-Financial Assets

The Company assesses at each reporting date whether there is any observable evidence that a non-financial asset or a company of non-financial assets is impaired. If any such indication exists, the Company estimates the amount of impairment loss. An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in Statement of profit and loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment loss was recognised, then the previously recognised impairment loss is reversed through statement of profit and loss.

2.16. Financial Liabilities and Equity Instruments

Classification as Debt or Equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deduction all of its liabilities.

Financial Liabilities

i. Initial Recognition and Measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss.

ii. Subsequent Measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the statement of profit and loss.

Derecognition of Financial Liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

2.17. Cash and Cash Equivalents

Cash and cash equivalents comprise of cash on hand, balances in current account and demand deposits with banks having an original maturity of three months or less. These do not include bank balances earmarked/ restricted for specific purposes. Bank balances other than cash and cash equivalents comprises of demand deposits with banks having an original maturity of more than three months.

2.18. Use of Estimates and Judgement

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes, expenses, disclosure of contingent assets and disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on a periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected. In particular, information about significant areas of estimation, uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements:

Useful lives of Property, Plant and Equipment/ Intangible Assets

Property, Plant and Equipment/ Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation / amortisation to be recorded during any reporting period. The depreciation / amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

Contingent Liabilities and Assets

Contingent Liabilities are disclosed when there is a possible obligation arising from the past events, the existence of which will be confirmed only by the occurrence or non - occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from the past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Income Taxes

The Company's tax jurisdiction is in India. Significant judgements are involved in determining the provision for income taxes, deferred tax assets and liabilities including the amount expected to be paid or recovered in connection with uncertain tax positions.

Expected Credit Losses on Trade Receivables

The Company estimates the probability of collection of trade receivable by analysing historical payment patterns, customer status, customer credit-worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances are made.

Employee Benefits

Defined employee benefit assets / liabilities determined based on the present value of future obligations using assumptions determined by the Company with advice from an independent qualified actuary.

2.19. Operating cycle

Based on the activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Note 32 Employee Benefits

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service without any monetary limit. Vesting occurs upon completion of five years of service. Provision for gratuity has been made in the books not as per actuarial valuation done as at the end of the year, however, the same will be done as per actuarial valuation from FY 2023-24 onwards. The Company has recognized the following amounts in the statement of profit and loss under the head company's contribution to Gratuity Expense.

Note 35: Financial Instruments

Capital Risk Management

The Group's objectives when managing capital is to safeguard continuity as a going concern and provide adequate return to shareholders through continuing growth and maintain an optimal capital structure to reduce the cost of capital. The Company sets the amount of capital required on the basis of annual business plan and long-term operating plans which include capital investments.

Financial Risk Management

A wide range of risks may affect the Group's business and financial results. Amongst other risks that could have significant influence on the Company are market risk, credit risk and liquidity risk.

The Board of Directors of the Group manage and review the affairs of the Company by setting up short term and long term budgets by monitoring the same and taking suitable actions to minimise potential adverse effects on its operational and financial performance.

The Group is exposed to the following market risks:

(a) Credit Risk

Credit risk refers to the risk that the counter party will default on its contractual obligation resulting in financial loss to the Group. The Company has adopted a policy of dealing with only credit worthy counter parties. This risk principally arises from credit exposures to customers, deposits with banks and financial institutions and other receivables.

(b) Liquidity Risk

Liquidity risk refers to the risk that the Group may not be in a position to meet its financial obligations timely. Management monitors rolling forecasts of the Group's liquidity position (comprising of undrawn bank facilities and cash and cash equivalents) on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

(c) Market Risk

Market Risk is the risk that the value of on and off-balance sheet positions of a Group will be adversely affected by movements in market rates or prices such as interest rates, prices resulting in a loss to earnings and capital.

Note 36: Additional Regulatory Disclosures

BUSINESS OVERVIEW

Our Company was incorporated as a private limited company with the name of "Venturenet Partners Private Limited" under the Companies Act, 1956 vide certificate of incorporation dated July 30, 2010, issued by Registrar of Companies, Mumbai, bearing CIN: U93090MH2010PTC206120. Further, our company changed its name from "Venturenet Partners Private Limited" to "Radiowalla Network Private Limited" under Section 21 of Companies Act, 2013 and new certificate of Incorporation was issued by Registrar of Companies, Mumbai dated April 04, 2012. Furthermore, our company was converted into a Public Limited Company in pursuance of a special resolution passed by the members of our Company at the Extra Ordinary General Meeting held on November 09, 2023 and the name of our Company changed from "Radiowalla Network Private Limited" to "Radiowalla Network Limited" and Registrar of Companies, Mumbai has issued a new certificate of incorporation consequent upon conversion dated December 18, 2023, bearing CIN U93090MH2010PLC206120.

Thereafter, the shareholders by passing a special resolution in the Extra ordinary General Meeting held on June 29, 2023, has approved the shifting of registered office of the company from the state of Maharashtra to the state of Karnataka and the order from the regional director, Western Region was received on November 16, 2023 pursuant to which INC-22 has been filed by the company and which is pending for approval.

Our Company is into the business of customer engagement services which includes **in-store radio** services (exclusive radio channel for a brand) on subscription model basis, **corporate radio** (private radio channels for employee engagement in organisation) and **advertisement services** which includes digital signage solution, content management services and point of purchase advertising to our clients. We exclusively caters to the business-to-business (B2B) sector.

In the realm of **In-Store Radio**, we furnish audio services to diverse clients, including malls, retailers, and hospitals, addressing their background audio requirements. We offer background music services, which involve providing a selection of music to enhance the ambient atmosphere of various spaces. We deliver AI-driven playlists of continuously updated music.

In the domain of **Corporate Radio**, we extend audio services to corporate clients, encompassing both musical and non-musical components. The music facet comprises of a specified background music to enhance the ambient atmosphere of the office places of our clients. The non-musical facet comprises internal communications, announcements, birthday wishes, significant company news, and any other information that the company intends to convey to its employees. Our background music services aim to create a pleasant and customized auditory experience tailored to the specific needs and preferences of our clients and their respective environments.

Under **Audio Advertising**, we offer programmatic Advertising which is data-driven approach to buying and placing digital advertisements in real-time. Instead of the traditional manual process of ad buying, where human negotiations and manual insertion orders are involved, programmatic advertising relies on algorithms and technology to automate the buying of ad inventory. It allows for precise targeting, efficient use of advertising budgets, and the ability to reach the right audience at the right time.

Under **Visual Advertising**, we offer Digital out of Home Advertising (DOOH) and Static Branding Opportunities. Digital Out of Home Advertising (DOOH) represents a contemporary advertising approach wherein we deploy digital standees, video walls, LED displays, touch screen kiosks, and commercial-grade monitors for clients and overseeing the management of their content. This dynamic method ensures a modern and engaging visual experience for the audience.

In **Static Branding Opportunities**, we create a platform for brand visibility and engagement, implementing strategies that involve direct interaction with the target audience. These activities aim to enhance brand recognition and generate valuable leads for our clients.

Reason: The increase in finance cost is due to increase in bank charges and bank and other interest.

- **Depreciation and Amortization Expenses**

The Depreciation and Amortization Expenses for the Period ended March 31, 2023, stood at Rs. 27.02 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 13.24 Lakhs representing an increase of 104.16%.

Reason: This increase in Depreciation is due to new purchase of fixed assets for the comparable period. In beginning of financial year 2022-23, Company's Fixed Assets, written down value was Rs. 136.39 Lakhs which increased to Rs. 219.40 Lakhs by end of financial year 2022-23. During the year, Company purchased assets worth Rs. 106.06 Lakhs i.e. Rs. 67.83 Lakhs in Property, Plant & equipment & Rs. 38.23 Lakhs for purchase of software.

- **Other Expenses**

The Other Expenses for the Period ended March 31, 2023, stood at Rs. 98.09 Lakhs whereas for FY ended March 31, 2022, it stood at Rs. 60.89 Lakhs representing an increase of 61.10%.

Reason:

The reason for increase in other expenses is given below:

Particulars	Year ended 31 st March 2023	Year ended 31 st March 2022	Increase/ (Decrease)
Marketing & Advertisement	5.74	0.05	5.69
Audit Fees	1.50	1.80	(0.30)

Telephone & Internet Charges	8.55	8.10	0.45
Tour & Travelling Expenses	14.04	2.36	11.68
Bad Debts	16.29	0.30	15.99
Total	92.35	60.83	37.20

- **Profit before Tax**

In line with above discussions, the restated profit before tax for the Period ended March 31, 2023, stood at Rs. 113.28 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 43.64 Lakhs representing an increase of 159.55%.

- **Tax Expense**

The Tax Expense for the Period ended March 31, 2023, stood at Rs. 5.97 Lakhs whereas for FY ended March 31, 2022, it stood at Rs (2.50) Lakhs.

Reason: It should be noted that the company has accumulated losses from past years and thus due to the same, the company's current tax does not arise. Company only calculates taxes based upon deferred tax as required by accounting standards.

- **Profit after Tax**

The Restated Profit after Tax for the Period ended March 31, 2023, stood at Rs. 107.31 Lakhs whereas for FY ended March 31, 2022, it stood at Rs 46.14 Lakhs representing an increase of 132.55%. On overall assessment of factors as stated above, the increase in profit after tax.

Reason: The increase in Profit after Tax is due to the reason that the % age increase in revenue from operation is 33.29 and the % age increase in total expenses is 28.13%. The margins have increased due to economies of scales.

FISCAL YEAR ENDED MARCH 31, 2022, COMPARED WITH THE FISCAL YEAR ENDED MARCH 31, 2021 (BASED ON RESTATED STANDALONE FINANCIAL STATEMENTS)

Revenues

- Total Income**

Total Income for the FY ended March 31, 2022, it stood at Rs. 1048.98 Lakhs whereas in FY ended March 31, 2021, it stood at Rs. 580.52 Lakhs representing an increase of 80.70%.

Reason: The increase is on account relaxation of covid restrictions, opening of new stores by clients and addition of new clients.

- Revenue from operations**

Net revenue from operations for the FY ended March 31, 2022, stood at Rs. 1048.81 Lakhs. Whereas For the Financial Year 2020-21, it stood at Rs. 576.13 Lakhs representing an increase of 82.04%.

Reason: In the Fiscal Year 2020-21, the imposition of COVID-19 restrictions resulted in the nationwide closure of all retail stores, significantly impacting our revenue due to our retail-based business. However, with the subsequent removal of restrictions and the reopening of retail stores, there was a sudden upswing in footfall at all retail outlets, leading to an increase in customers and a notable improvement in our business during FY 2021-22.

Particulars	Year ended 31 st March 2022	Year ended 31 st March 2021	Increase/ (Decrease)
Radio Engagement and subscription services	768.84	529.00	239.84
Advertising Solutions	279.97	47.13	232.84
Total	1,048.81	576.13	472.68

The Advertising revenue has increased more than 5 times i.e. by Rs. 232.84 Lakhs rising from Rs. 47.13 Lakhs to Rs. 279.97 lakhs. Similarly, the increase in revenue from radio engagement has increased 45% i.e., Rs. 239.84 Lakhs.

- Other Income**

Other Income for the FY ended March 31, 2022, stood at Rs. 0.18 Lakhs whereas for the FY ended March 31, 2021, it stood at Rs. 4.40 Lakhs representing a decrease of 96.01%.

Reason: The decrease is on account of receipt of interest on Income Tax Refund for FY 2020-21 of Rs. 4.12 Lakhs and no such receipt in FY 2021-22.

Expenditure

- Total Expenses**

Total Expenses for the FY ended March 31, 2022, stood at Rs. 1,005.34 Lakhs whereas for the FY ended March 31, 2021, it stood at Rs. 577.35 Lakhs. Income has increased by 80.70% and thus overall increase in total expenses is 74.13%.

Reason: The increase is on account of increase in Cost of material consumed and Employee benefit expenses.

- Cost of Material Consumed**

Cost of Material Consumed for the FY ended March 31, 2022, stood at Rs. 531.12 Lakhs whereas for the FY ended March 31, 2021, it stood at 200.35 Lakhs representing an increase of 165.09%.

Reason:

Particulars	Year ended 31 st March 2022	Year ended 31 st March 2021	Increase/ (Decrease)
Cost of Goods Sold	139.93	17.77	122.16
Consultancy Content and Voice-Over Charges	154.66	87.69	66.97
Professional Charges	20.98	9.54	11.44
Installation & Support Charges	15.18	10.72	4.46
Music Royalty and Content charges	64.39	21.01	43.38
Streaming, Data & Support Charges	18.84	15.52	3.32
In Store Advertisement Cost & Revenue Share	91.85	35.10	56.75
Digital Signage Solution Charges	25.30	3.01	22.29
Total	531.12	200.35	330.76

Cost of Material consumed which has increased by 165.09%. It could be ascertained that for the comparable period, major increase of revenue is due to digital advertising solution. This implicates that the digital signage and advertising business rose leading to the increase in Cost of material consumed.

- Employment Benefit Expenses**

Employee benefit expenses For the FY ended March 31, 2022, stood at 385.42 Lakhs whereas For the FY ended March 31, 2021, it stood at 291.48 Lakhs representing an increase of 32.23%.

Particulars	Year ended 31 st March 2022	Year ended 31 st March 2021	Increase/ (Decrease)
Directors Remuneration	46.96	22.77	57.80
Salaries Wages & Bonus	315.10	257.30	24.19
Welfare & Other Benefits	23.36	11.41	11.94
Total	385.42	291.48	93.94

- Finance Cost**

Finance Cost for the FY ended March 31, 2022, stood at Rs. 14.68 Lakhs whereas for the FY ended March 31, 2021, it stood at Rs. 17.74 Lakhs representing a Decrease of 17.24%

- **Depreciation and Amortization Expenses**

The Depreciation and Amortization Expenses for the FY ended March 31, 2022, stood at Rs. 13.24 Lakhs whereas For the FY ended March 31, 2021, it stood at Rs. 10.53 Lakhs representing an increase of 25.71%.

- **Other Expenses**

The Other Expenses for the FY ended March 31, 2022, stood at Rs. 60.89 Lakhs. Whereas For the FY ended March 31, 2021, it stood at Rs. 57.24 Lakhs representing an increase of 6.36%.

Reason:

The reason for increase in other expenses is given below:

Particulars	Year ended 31 st March 2022	Year ended 31 st March 2021	Increase/ (Decrease)
Marketing & Advertisement	0.05	0.09	(0.03)
Audit Fees	1.80	1.80	0.00
Conveyance & Vehicle running Expenses	14.59	7.37	7.22
Electricity Charges	5.30	4.70	0.60
Entertainment & Business Promotion	7.21	3.67	3.54
Legal & Professional Fees	15.26	13.22	2.04
Statutory, Membership & Registration Fees	0.18	1.43	(1.24)
Office Expenses	0.96	1.12	(0.16)
Postage & Courier Charges	0.74	0.76	(0.02)
Printing & Stationery	0.34	0.28	0.07
Rent Rates & Taxes	0.38	2.71	(2.32)
Repairs & Maintenance	3.31	1.07	2.24
Telephone & Internet Charges	8.10	7.02	1.07
Tour & Travelling Expenses	2.36	1.25	1.10
Bad Debts	0.30	10.76	(10.47)
Total	60.83	57.24	3.68

- **Profit before Tax**

In line with above discussions, the restated profit before tax for the Period ended March 31, 2023, stood at Rs. 43.64 Lakhs whereas in Financial Year 2021-22 it stood at Rs. 3.18 Lakhs representing an increase of 1273.56%.

Reason:

The notable uptick in the company's income can be attributed to a surge in revenue from its high-margin digital advertising business. The substantial increase was further fueled by the relaxation of COVID-19 restrictions. Notably, despite a consistent level of fixed costs, the company experienced a significant boost in profitability as its digital advertising operations thrived in the post-restriction economic environment.

- **Tax Expense**

The Tax Expense for the Period ended March 31, 2023, stood at Rs. (2.50) Lakhs whereas for FY ended March 31, 2022, it stood at Rs (8.00) Lakhs representing a Decrease of 68.76%.

Reason: It should be noted that the company has accumulated losses from past years and thus due to the same, the company's current tax does not arise. Company only calculates taxes based upon deferred tax as required by accounting standards.

- **Profit/(Loss) after Tax**

The Restated Profit after Tax for the Period ended March 31, 2023, stood at Rs. 46.14 Lakhs whereas for FY ended March 31, 2022, it stood at Rs 11.18 Lakhs representing an increase of 312.73%.

For a detailed description of the main provisions of the Articles of Association of our Company relating to voting rights, dividend, forfeiture and lien, transfer, transmission and/or consolidation/splitting, see “Main Provisions of Articles of Association” on page 416 of this Draft Red Herring Prospectus.

Allotment only in Dematerialised form

Pursuant to Section 29 of the Companies Act, the Equity Shares shall be Allotted only in dematerialised form. As per SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements has been signed by our Company with the respective Depositories and the Registrar to the Issue before filing this Draft Red Herring Prospectus:

- Tripartite agreement dated November 08, 2023, among CDSL, our Company and the Registrar to the Issue; and
- Tripartite agreement dated December 05, 2023, among NSDL, our Company and the Registrar to the Issue.

As per the provisions of the Depositories Act, 1996 & regulations made there under and Section 29 (1) of the Companies Act, 2013, the equity shares of a body corporate shall be in dematerialized form i.e. not in the form of physical certificates, but be fungible and be represented by the statement issued through electronic mode. The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the NSE Limited from time to time by giving prior notice to investors at large. Allocation and allotment of Equity Shares through this Issue will be done in multiples of [●] Equity Shares subject to a minimum allotment of [●] Equity Shares to the successful Applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Minimum Application value, Market Lot and Trading Lot

In accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1,00,000/- (Rupees One Lakh) per application.

The trading of the Equity Shares will happen in the minimum contract size of [●] Equity Shares and the same may be modified by the EMERGE Platform of NSE from time to time by giving prior notice to investors at large. For further details, see “Issue Procedure” on page 372 of this Draft Red Herring Prospectus.

Minimum Number of Allottees

Further in accordance with Regulation 268(1) of SEBI ICDR Regulations, the minimum number of allottees in this Issue shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and all the monies blocked by SCSBs shall be unblocked within four (4) working days of closure of Issue.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Bidder, or the first Bidder along with other joint Bidder, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidder, death of all the Bidder, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be titled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository

Participant of the Bidder would prevail. If the Bidder require changing of their nomination, they are requested to inform their respective Depository Participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for the lock-in of the pre-Issue capital of our Company, Promoter's minimum contribution as provided in "Capital Structure" on page 77 of this Draft Red Herring Prospectus and except as provided in the Articles of Association there are no restrictions on transfer of Equity Shares. Further, there are no restrictions on the transmission of shares/debentures and on their consolidation/splitting, except as provided in the Articles of Association. For details, please refer "Main Provisions of Articles of Association" on page 416 of this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated herein above. Our Company and the BRLM are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of the Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

ISSUE PROCEDURE

Please note that the information stated/covered in this section may not be complete and/or accurate and as such would be subject to modification/change. Our Company and the BRLM would not be liable for any amendment, modification or change in applicable law, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that their applications are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus.

All Bidders shall review the “General Information Document for Investing in Public Issues” prepared and issued in accordance with the circular SEBI/HO/CFD/DIL1/CIR/P/2020/37 dated March 17, 2020 notified by SEBI, suitably modified from time to time, if any, and the UPI Circulars (“General Information Document”), highlighting the key rules, procedures applicable to public issues in general in accordance with the provisions of the Companies Act, 2013, the Securities Contracts (Regulation) Act, 1956, the Securities Contracts (Regulation) Rules, 1957, and the SEBI Regulations. The General Information Document will also be available on the websites of the Stock Exchange and the BRLM, before opening of the Issue. Please refer to the relevant provisions of the General Information Document which are applicable to the Issue.

Additionally, all Bidders may refer to the General Information Document for information in relation to (i) Category of investor eligible to participate in the Offer; (ii) maximum and minimum Bid size; (iii) Allocation of shares; (iii) Payment Instructions for ASBA Bidders; (iv) Issuance of CAN and Allotment in the Offer; (v) General instructions (limited to instructions for completing the Application Form); (vi) Submission of Application Form; (vii) Other Instructions (limited to joint bids in cases of individual, multiple bids and instances when an application would be rejected on technical grounds); (viii) applicable provisions of the Companies Act, 2013 relating to punishment for fictitious applications; (vi) mode of making refunds; and (vii) interest in case of delay in Allotment or refund.

The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase-I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Accordingly, the Offer has been undertaken under UPI Phase II, till any further notice issued by SEBI.

SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 read with SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 effective to public issues opening on or after from May 01, 2021. However, said circular has been modified pursuant to SEBI Circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 in which certain applicable procedure w.r.t. SMS Alerts, Web portal to CUG etc. shall be applicable to Public Issue opening on or after January 1, 2022 and October 1, 2021 respectively and the provisions of this circular, as amended, are deemed to form part of this Draft Red Herring Prospectus. Additionally, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 has reduced the time period for refund of application monies from 15 days to four days. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to Rs. 5,00,000/- shall use the UPI Mechanism.

Phased implementation of unified payments interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six (6) Working Days.
- b. Phase II: This phase commenced on completion of Phase I i.e., with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Bidder through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.
- c. Phase III: The commencement period of Phase III is yet to be notified. In this phase, the time duration from public issue closure to listing would be reduced to be three Working Days. Accordingly, upon commencement of Phase III, the reduced time duration shall be applicable for the Issue.

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed [●] as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalised. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than Rs. 200,000 and up to Rs. 5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with

SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

OCBs may invest in this Offer provided it obtains a prior approval from the RBI. On submission

of such approval along with the Bid cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed Rs. 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed Rs. 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Bidders and QIBs)

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application. In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Draft Red Herring Prospectus.

The above information is given for the benefit of the Bidders. The Company and the BRLMs are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Offer and the same shall be advertised in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●], and all editions of [●] the regional language of [●], where the registered office of the company is situated, each with wide circulation at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Offer Period.

a) The Bid / Offer Period shall be for a minimum of three (3) Working Days and shall not exceed ten (10) Working Days. The Bid/ Offer Period may be extended, if required, by an additional three Working Days, subject to the total Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Offer Period, if applicable, will be published in all editions of the English national newspaper [●], all editions of Hindi national newspaper [●], and all editions of [●] the regional language of [●], where the

registered office of the company is situated, each with wide circulation and also by indicating the change on the websites of the Book Running Lead Manager.

b) During the Bid/ Offer Period, Retail Individual Bidders, should approach the BRLM or their authorized agents to register their Bids. The BRLM shall accept Bids from Anchor Investors and ASBA Bidders in Specified Cities and it shall have the right to vet the Bids during the Bid/ Offer Period in accordance with the terms of the Red Herring Prospectus. ASBA Bidders should approach the Designated Branches or the BRLM (for the Bids to be submitted in the Specified Cities) to register their Bids.

c) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as optional demands from the Bidder and will not be cumulated. After determination of the Offer Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Offer Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.

d) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Offer. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.

e) Except in relation to the Bids received from the Anchor Investors, the BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.

f) The BRLM shall accept the Bids from the Anchor Investors during the Anchor Investor Bid/ Offer Period i.e. one working day prior to the Bid/ Offer Opening Date. Bids by QIBs under the Anchor Investor Portion and the QIB Portion shall not be considered as multiple Bids.

g) Along with the Bid cum Application Form, Anchor Investors will make payment in the manner described in “Escrow Mechanism - Terms of payment and payment into the Escrow Accounts” in the section “Issue Procedure” beginning on page 372 of this Draft Red Herring Prospectus.

h) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form prior to uploading such Bids with the Stock Exchange.

i) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.

j) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.

k) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

Bids At Different Price Levels And Revision Of Bids

(i) Our Company in consultation with the BRLM, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/ Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.

(ii) Our Company, in consultation with the BRLM, will finalize the Offer Price within the Price Band, without the prior approval of, or intimation, to the Bidders.

(iii) The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.

(iv) Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

(v) The price of the specified securities offered to an anchor investor shall not be lower than the price offered to other Bidders

PARTICIPATION BY ASSOCIATES/AFFILIATES OF BRLM AND THE SYNDICATE MEMBERS

The BRLM and the syndicate member, if any shall not be entitled to subscribe to this Issue in any manner except towards fulfilling their underwriting obligations. However, associates and affiliates of the BRLM and the syndicate members may subscribe to Equity Shares in the Issue, either in the QIB Category or in the Non-Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of Applicants,

including associates and affiliates of the BRLM and syndicate member, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither the BRLM nor any persons related to the BRLM (other than Mutual Funds sponsored by entities related to the BRLM), Promoters and Promoter Group can apply in the Offer under the Anchor Investor Portion.

Option to Subscribe in the Offer

- a) As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b) The Equity Shares, on allotment, shall be traded on Stock Exchange in demat segment only.
- c) A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Eligible NRIs may obtain copies of Bid cum Application Form from the members of the Syndicate, the sub-Syndicate, if applicable, the SCSBs, the Registered Brokers, RTAs and CDPs. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form.

Bids by Eligible NRIs and Category III FPIs for a Bid Amount of less than Rs. 2,00,000 would be considered under the Retail Category for the purposes of allocation and Bids for a Bid Amount exceeding Rs. 2,00,000 would be considered under the Non-Institutional Category for allocation in the Offer.

In case of Eligible NRIs bidding under the Retail Category through the UPI mechanism, depending on the nature of the investment whether repatriable or non-repatriable, the Eligible NRI may mention the appropriate UPI ID in respect of the NRE account or the NRO account, in the Application Form.

Under FEMA, general permission is granted to companies vide notification no. FEMA/20/2000 RB dated May 03, 2000 to issue securities to NRIs subject to the terms and conditions stipulated therein. Companies are required to file the declaration in the prescribed form to the concerned Regional Office of RBI within 30 (thirty) days from the date of issue of shares of allotment to NRIs on repatriation basis. Allotment of Equity shares to non-residents Indians shall be subject to the prevailing Reserve Bank of India guidelines. Sale proceeds of such investments in equity shares will be allowed to be repatriated along with an income thereon subject to permission of the RBI and subject to the Indian Tax Laws and Regulations and any other applicable laws. The company does not require approvals from FIPB or RBI for the issue of equity shares to eligible NRIs, FIIs, Foreign Venture Capital Investors registered with SEBI and multi-lateral and Bi-lateral development financial institutions.

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in color). Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for non-Residents (blue in color). For details of restrictions on investment by NRIs, please refer to the chapter titled “Restrictions on Foreign Ownership of Indian Securities” beginning on page 409 of this Draft Red Herring Prospectus.

BIDS BY ELIGIBLE FIIs/FPIs

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations.

An FII or sub-account may, subject to payment of conversion fees under the SEBI FPI Regulations participate in the Issue until the expiry of its registration with SEBI as an FII or sub-account, or if it has obtained a certificate of registration as an FPI, whichever is earlier. Accordingly, such FIIs can, subject to the payment of conversion fees under the SEBI FPI Regulations, participate in this Offer in accordance with Schedule 2 of the FEMA Regulations. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In terms of the SEBI FPI Regulations, the purchase of Equity Shares and total holding by a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client' norms. Further, pursuant to a Circular dated November 24, 2014 issued by the SEBI, FPIs are permitted to issue offshore derivative instruments only to subscribers that (i) meet the eligibility criteria set forth in Regulation 4 of the SEBI FPI Regulations; and (ii) do not have opaque structures, as defined under the SEBI FPI Regulations. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. Further, where an investor has investments as FPI and also holds positions as an overseas direct investment subscriber, investment restrictions under the SEBI FPI Regulations shall apply on the aggregate of FPI investments and overseas direct investment positions held in the underlying Indian company.

FPIs who wish to participate in the Offer are advised to use the Application Form for Non-Residents (blue in color). FPIs are required to apply through the ASBA process to participate in the Offer.

BIDS BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND(AIF), VENTURE CAPITAL FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The Securities and Exchange Board of India (Venture Capital Funds) Regulations, 1996 as amended, (the “SEBI VCF Regulations”) and the Securities and Exchange Board of India (Foreign Venture Capital Investor) Regulations, 2000, as amended, among other things prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012 (the “SEBI AIF Regulations”) prescribe, amongst others, the investment restrictions on AIFs.

Illustration of the Book Building and Price Discovery Process:

Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Other Instruction for Bidders

Joint Applications in the case of Individuals

In the case of Joint Bids, the Bids should be made in the name of the Bidders whose name appears first in the Depository account. The name so entered should be the same as it appears in the Depository records. The signature of only such first Bidders would be required in the Bid cum Application Form/Application Form and such first Bidder would be deemed to have signed on behalf of the joint holders. All payments may be made out in favour of the Bidder whose name appears in the Bid cum Application Form or the Revision Form and all communications may be addressed to such Bidder and may be dispatched to his or her address as per the Demographic Details received from the Depositories.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- a) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- b) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- c) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client' norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the BRLM reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

- (i) All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
- (ii) For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. Bid submitted without this information will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

GROUND OF TECHNICAL REJECTION

In addition to the grounds for rejection of Bids on technical grounds as provided in the General Information Document, Bidders are requested to note that Bids may be rejected on the following additional technical grounds:

1. Bids submitted without instruction to the SCSBs to block the entire Bid Amount;
2. Bids which do not contain details of the Bid Amount and the bank account details in the ASBA Form;
3. Bids submitted on a plain paper;
4. Bids submitted by RIBs using the UPI Mechanism through an SCSBs and/or using a mobile application or UPI handle, not listed on the website of SEBI;
5. Bids under the UPI Mechanism submitted by RIBs using third party bank accounts or using a third party linked bank account UPI ID (subject to availability of information regarding third party account from Sponsor Bank);
6. ASBA Form submitted to a Designated Intermediary does not bear the stamp of the Designated Intermediary;
7. Bids submitted without the signature of the First Bidder or sole Bidder;
8. The ASBA Form not being signed by the account holders, if the account holder is different from the Bidder;
9. Bids by persons for whom PAN details have not been verified and whose beneficiary accounts are “suspended for credit” in terms of SEBI circular CIR/MRD/DP/ 22 /2010 dated July 29, 2010;
10. GIR number furnished instead of PAN;
11. Bids by RIBs with Bid Amount of a value of more than ₹ 2,00,000;

12. Bids by persons who are not eligible to acquire Equity Shares in terms of all applicable laws, rules, regulations, guidelines and approvals;
13. Bids accompanied by stock invest, money order, postal order or cash; and
14. Bids uploaded by QIBs after 4.00 pm on the QIB Bid/ Issue Closing Date and by Non-Institutional Bidders uploaded after 4.00 p.m. on the Bid/ Issue Closing Date, and Bids by RIBs uploaded after 5.00 p.m. on the Bid/ Issue Closing Date, unless extended by the Stock Exchange.

For details of instructions in relation to the Bid cum Application Form, Bidders may refer to the relevant section the GID.

BIDDERS SHOULD NOTE THAT IN CASE THE PAN, THE DP ID AND CLIENT ID MENTIONED IN THE BID CUM APPLICATION FORM AND ENTERED INTO THE ELECTRONIC APPLICATION SYSTEM OF THE STOCK EXCHANGES BY THE BIDS COLLECTING INTERMEDIARIES DO NOT MATCH WITH PAN, THE DP ID AND CLIENT ID AVAILABLE IN THE DEPOSITORY DATABASE, THE BID CUM APPLICATION FORM IS LIABLE TO BE REJECTED.

BASIS OF ALLOCATION

- a. The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the DRHP. For details in relation to allocation, the Bidder may refer to the RHP.
- b. Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c. In case of under subscription in the Offer, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the RHP.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to DRHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Offer. However, in case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a) For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Offer Price.

The Net Offer size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to Retail Individual Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b) For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Offer Price.

The Net Offer size less Allotment to QIBs and Retail shall be available for Allotment to Non- Institutional Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c) For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price.

Allotment shall be undertaken in the following manner:

- a. In the first instance allocation to Mutual Funds for [●] % of the QIB Portion shall be determined as follows:
 - i. In the event that Bids by Mutual Fund exceeds [●] % of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●] % of the QIB Portion.
 - ii. In the event that the aggregate demand from Mutual Funds is less than [●] % of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Offer Price.
 - iii. Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- b. In the second instance Allotment to all QIBs shall be determined as follows:

- i. In the event that the oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Offer Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●] % of the QIB Portion.
- ii. Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
- iii. Under-subscription below [●] % of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.

c) Basis of Allotment for QIBs and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the NSE EMERGE (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in this DRHP.

“Retail Individual Investor” means an investor who applies for shares of value of not more than ₹ 2,00,000/-. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with National Stock Exchange of India Limited.

The Executive Director / Managing Director of NSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment advice

- a) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- b) On the basis of approved Basis of Allotment, the Issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Offer. The Book Running Lead Manager or the Registrar to the Offer will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of Allotment Advice shall be deemed a valid, binding and irrevocable contract for the Allotment to such Bidder.
- c) Issuer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Offer Closing date. The Issuer also ensures the credit of shares to the successful Bidders Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the issuer.

Designated Date

On the Designated date, the SCSBs shall transfer the funds represented by allocations of the Equity Shares into Public Issue Account with the Bankers to the Issue.

The Company will Issue and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any, within a period of 4 working days of the Bid/ Issue Closing Date. The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The RBI and the concerned ministries/departments are responsible for granting approval for foreign investment.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as Department of Industrial Policy and Promotion) (“DPIIT”), issued the FDI Policy, which is effect from October 15, 2020, which subsumes and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. The FDI Policy will be valid until the DPIIT issues an updated circular. FDI in companies engaged in sectors/ activities which are not listed in the FDI Policy is permitted up to 100% of the paid-up share capital of such company under the automatic route, subject to compliance with certain prescribed conditions.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the FDI policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

Directors may extend time	46	The Directors may, from time to time, at their discretion, extend the time fixed for the payment of any call, and may extend such time as to all or any of the members who from residence at a distance or other cause, the Directors may deem fairly entitled to such extension, but no member shall be entitled to such extension, save as a matter of grace and favour.
Amount payable at fixed time or by installments to be treated as calls	47	If by the terms of issue of any Share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the Share or by way of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or installment accordingly.
When interest on call or installment payable	48	If the sum payable in respect of any call or installment is not paid on or before the day appointed for the payment thereof, the holder for the time being or allottee of the Share in respect of which the call shall have been made or the installment shall be due, shall pay interest on the same at such rate not exceeding ten percent per annum as Directors shall fix from the day appointed for the payment thereof up to

		the time of actual payment but the Directors may waive payment of such interest wholly or in part.
Evidence in action by Company any against share holder	49	On the trial of hearing of any action or suit brought by the Company against any Member or his Legal Representatives for the recovery of any money claimed to be due to the Company in respect of his Shares, it shall be sufficient to prove that the name of the Member in respect of whose Shares the money is sought to be recovered is entered on the Register of Members as the holder or as one of the holders at or subsequent to the date at which the money sought to be recovered is alleged to have become due on the Shares in respect of which the money is sought to be recovered, that the resolution making the call is duly recorded in the minute book and the notice of such call was duly given to the Member or his legal representatives sued in pursuance of these Articles and it shall not be necessary to prove the appointment of Directors who made such call, nor that a quorum of Directors was present at the Board meeting at which any call was made nor that the meeting at which any call was made was duly convened or constituted nor any other matter whatsoever but the proof of the matters aforesaid shall be conclusive evidence of the debt.
Payment in anticipation of calls may carry interest	50	<p>The Directors may, if they think fit, subject to the provisions of Section 50 of the Companies Act, 2013, agree to and receive from any Member willing to advance the same whole or any part of the moneys due upon the shares held by him beyond the sums actually called for, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time exceeds the amount of the calls then made upon the shares in respect of which such advance has been made, the Company may pay interest at such rate, as the member paying such sum in advance and the Directors agree upon provided that money paid in advance of calls shall not confer a right to participate in profits or dividend. The Directors may at any time repay the amount so advanced.</p> <p>The Members shall not be entitled to any voting rights in respect of the moneys so paid by him until the same would but for such payment, become presently payable. The provisions of these Articles shall mutatis mutandis apply to the calls on Debentures of the Company.</p>
LIEN		
Partial payment not to preclude forfeiture	51	Neither the receipt by the Company of a portion of any money which shall, from time to time be due from any Member to the Company in respect of his Shares, either by way of principal or interest, or any indulgence granted by the Company in respect of the payment of such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such Shares as hereinafter provided.
Company's lien on Shares/ Debentures	52	The Company shall have first and paramount lien upon all Shares/Debentures (other than fully paid up Shares/ Debentures) registered in the name of each Member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such Shares/ Debentures and no equitable interest in any Share shall be created except upon the footing and condition that this Article will have full effect and such lien shall extend to all dividends and bonuses from time to time declared in respect of such Shares/Debentures; Unless otherwise agreed the registration of a transfer of Shares/ Debentures shall operate as a waiver of the Company's lien if any, on such Shares/Debentures. The Directors may at any time

		declare any Shares/ Debentures wholly or in part exempt from the provisions of this Article.
As to enforcing lien by sale	53	<p>The Company may sell, in such manner as the Board thinks fit, any Shares on which the Company has lien for the purpose of enforcing the same.</p> <p>PROVIDED THAT no sale shall be made:-</p> <p>(a) Unless a sum in respect of which the lien exists is presently payable; or</p> <p>(b) Until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is /presently payable has been given to the registered holder for the time being of the Share or the person entitled thereto by reason of his death or insolvency.</p> <p>For the purpose of such sale the Board may cause to be issued a duplicate certificate in respect of such Shares and may authorize one of their members to execute a transfer there from on behalf of and in the name of such Members.</p> <p>The purchaser shall not be bound to see the application of the purchase money, nor shall his title to the Shares be affected by any irregularity, or invalidity in the proceedings in reference to the sale.</p>
Application of proceeds of sale	54	<p>(a) The net proceeds of any such sale shall be received by the Company and applied in or towards satisfaction of such part of the amount in respect of which the lien exists as is presently payable, and</p> <p>(b) The residue if any, after adjusting costs and expenses if any incurred shall be paid to the person entitled to the Shares at the date of the sale (subject to a like lien for sums not presently payable as existed on the Shares before the sale).</p>
FORFEITURE OF SHARES		
If money payable on Shares not paid notice to be given	55	If any Member fails to pay the whole or any part of any call or any installments of a call on or before the day appointed for the payment of the same or any such extension thereof, the Board of Directors may, at any time thereafter, during such time as the call for installment remains unpaid, give notice to him requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.
Sum payable on allotment to be deemed a call	56	For the purposes of the provisions of these Articles relating to forfeiture of Shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such Share on the day of allotment.
Form of notice	57	The notice shall name a day, (not being less than fourteen days from the day of the notice) and a place or places on and at which such call in installment and such interest thereon at such rate not exceeding eighteen percent per annum as the Directors may determine and expenses as aforesaid are to be paid. The notice shall also state that in the event of the non-payment at or before the time and at the place appointed, Shares in respect of which the call was made or installment is payable will be liable to be forfeited.
In default of payment	58	If the requirements of any such notice as aforesaid are not complied with, any Share or Shares in respect of which such notice has been given may at any time

Shares to be forfeited		thereafter before payment of all calls or installments, interests and expenses due in respect thereof, be forfeited by a resolution of the Board of Directors to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited Shares and not actually paid before the forfeiture.
Notice of forfeiture to a Member	59	When any Share shall have been so forfeited, notice of the forfeiture shall be given to the Member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.
Forfeited Shares to be the property of the Company and may be sold etc.	60	Any Share so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted or otherwise disposed of, either to the original holder or to any other person, upon such terms and in such manner as the Board of Directors shall think fit.
Member still liable for money owing at the time of forfeiture and interest	61	Any Member whose Shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company on demand all calls, installments, interest and expenses owing upon or in respect of such Shares at the time of the forfeiture together with interest thereon from the time of the forfeiture until payment, at such rate not exceeding eighteen percent per annum as the Board of Directors may determine and the Board of Directors may enforce the payment of such moneys or any part thereof, if it thinks fit, but shall not be under any obligation to do so.
Effects of forfeiture	62	The forfeiture of a Share shall involve the extinction at the time of the forfeiture, of all interest in and all claims and demand against the Company in respect of the Share and all other rights incidental to the Share, except only such of those rights as by these Articles are expressly saved.
Power to annul forfeiture	63	The Board of Directors may at any time before any Share so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as it thinks fit.
Declaration of forfeiture	64	<p>(a) A duly verified declaration in writing that the declarant is a Director, the Managing Director or the Manager or the Secretary of the Company, and that Share in the Company has been duly forfeited in accordance with these Articles, on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.</p> <p>(b) The Company may receive the consideration, if any, given for the Share on any sale, re-allotment or other disposal thereof and may execute a transfer of the Share in favour of the person to whom the Share is sold or disposed off.</p> <p>(c) The person to whom such Share is sold, re-allotted or disposed of shall thereupon be registered as the holder of the Share.</p> <p>(d) Any such purchaser or allottee shall not (unless by express agreement) be liable to pay calls, amounts, installments, interests and expenses owing to the Company prior to such purchase or allotment nor shall be entitled (unless by express agreement) to any of the dividends, interests or bonuses accrued or which might have accrued upon the Share before the time of completing such purchase or before such allotment.</p> <p>(e) Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share be effected by the</p>

		irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the Shares.
Provisions of these articles as to forfeiture to apply in case of non-payment of any sum	65	The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a Share becomes payable at a fixed time, whether on account of the nominal value of Share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
Cancellation of shares certificates in respect of forfeited Shares	66	Upon sale, re-allotment or other disposal under the provisions of these Articles, the certificate or certificates originally issued in respect of the said Shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Member) stand cancelled and become null and void and of no effect and the Directors shall be entitled to issue a new certificate or certificates in respect of the said Shares to the person or persons entitled thereto.
Evidence of forfeiture	67	The declaration as mentioned in Article 64(a) of these Articles shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.
Validity of sale	68	Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
Surrender of Shares	69	The Directors may subject to the provisions of the Act, accept surrender of any share from any Member desirous of surrendering on such terms and conditions as they think fit.

Instrument transfer of	71	The instrument of transfer shall be in writing and a common form of transfer shall be used and all provisions of Section 56 of the Companies Act, 2013 and statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof.
Application transfer for	72	<p>(a) An application for registration of a transfer of the Shares in the Company may be made either by the transferor or the transferee.</p> <p>(b) Where the application is made by the transferor and relates to partly paid Shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice.</p> <p>(c) For the purposes of clause (b) above notice to the transferee shall be deemed to have been duly given if it is dispatched by prepaid registered post to the</p>

		transferee at the address, given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.
Execution transfer of	73	The instrument of transfer of any Share shall be duly stamped and executed by or on behalf of both the transferor and the transferee and shall be witnessed. The transferor shall be deemed to remain the holder of such Share until the name of the transferee shall have been entered in the Register of Members in respect thereof. The requirements of provisions of Section 56 of the Companies Act, 2013 and any statutory modification thereof for the time being shall be duly complied with.
Transfer by legal representatives	74	A transfer of Share in the Company of a deceased Member thereof made by his legal representative shall, although the legal representative is not himself a Member be as valid as if he had been a Member at the time of the execution of the instrument of transfer.
Register of Members etc when closed	75	The Board of Directors shall have power on giving not less than seven days previous notice by advertisement in some newspaper circulating in the district in which the registered office of the Company is situated to close the Register of Members and/or the Register of debentures holders , in accordance with Section 91 of the Companies Act, 2013 and rules made thereunder, at such time or times and for such period or periods, not exceeding thirty days at a time and not exceeding in the aggregate forty five days in each year as it may seem expedient to the Board.
Directors may refuse to register transfer	76	Subject to the provisions of Section 58 & 59 of the Companies Act, 2013, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any Shares or interest of a Member in or Debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except where the Company has a lien on Shares.
Death of one or more joint holders of Shares	77	In case of the death of any one or more of the persons named in the Register of Members as the joint holders of any Share, the survivor or survivors shall be the only persons recognized by the Company as having any title or interest in such Share, but nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on Shares held by him with any other person.
Titles of Shares of deceased Member	78	78.The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members, and the Company shall not be bound to recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate as the case may be from a duly constituted Court in the Union of India

		provided that in any case where the Board of Directors in its absolute discretion thinks it, the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member, as a Member. However, provisions of this Article are subject to Sections 72 and 56 of the Companies Act, 2013.
Notice of application when to be given	79	Where, in case of partly paid Shares, an application for registration is made by the transferor, the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Companies Act, 2013.
Registration of persons entitled to Shares otherwise than by transfer (Transmission Clause)	80	Subject to the provisions of the Act and Article 77 hereto, any person becoming entitled to Share in consequence of the death, lunacy, bankruptcy or insolvency of any Member or by any lawful means other than by a transfer in accordance with these Articles may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Share or elect to have some person nominated by him and approved by the Board registered as such holder; provided nevertheless, that if such person shall elect to have his nominee registered as a holder, he shall execute an instrument of transfer in accordance with the provisions herein contained, and until he does so, he shall not be freed from any liability in respect of the Shares. This clause is hereinafter referred to as the "Transmission Clause".
Refusal to register nominee	81	Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse to register a person entitled by transmission to any Share of his nominee as if he were the transferee named in an ordinary transfer presented for registration.
Person entitled may receive dividend without being registered as a Member	82	A person entitled to a Share by transmission shall subject to the right of the Directors to retain dividends or money as is herein provided, be entitled to receive and may give a discharge for any dividends or other moneys payable in respect of the Share.
No fee on transfer or transmissions	83	No fee shall be charged for registration of transfer, transmission, Probate, Succession Certificate & Letters of Administration, Certificate of Death or Marriage, Power of Attorney or other similar document.
Transfer to be presented with evidence of title	84	Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the Shares and generally under and subject to such conditions and regulations as the Board may, from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.
Company not liable for	85	The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of Shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the

disregard of a notice prohibiting registration of transfer		Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said Shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice, or referred thereto, in any book of the Company, and the Company shall not be bound to be required to regard or attend to give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting to do so, though it may have been entered or referred to in some book of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto if the Board shall so think fit.
CONVERSION OF SHARES INTO STOCK AND RECONVERSION		
Share may be converted into stock	86	The Company may, by Ordinary Resolution convert any fully paid up Share into stock, and reconvert any stock into fully paid-up Shares.
Transfer of stock	87	<p>The several holders of such stock may transfer their respective interest therein or any part thereof in the same manner and subject to the same regulations under which the stock arose might before the conversion, have been transferred, or as near thereto as circumstances admit.</p> <p>PROVIDED THAT the Board may, from time to time, fix the minimum amount of stock transferable, so however that such minimum shall not exceed the nominal amount of the Shares from which stock arose.</p>
Right of stockholders	88	The holders of stock shall, according to the amount of stock held by them, have the same right, privileges and advantages as regards dividends, voting at meeting of the Company, and other matters, as if they held them in Shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in Shares, have conferred those privileges or advantages.
Regulation applicable to stock and share warrant	89	Such of the regulations of the Company as are applicable to the paid up Shares shall apply to stock and the words "Share" and "Shareholder" in these regulations shall include "stock" and "stock holder" respectively.
BORROWING POWERS		
Power to borrow	90	<p>Subject to the provisions of Sections 73, 74 and 179 of the Companies Act, 2013 and these Articles, the Board of Directors may, from time to time at its discretion by a resolution passed at a meeting of the Board, borrow, accept deposits from Members either in advance of calls or otherwise and generally raise or borrow or secure the payment of any such sum or sums of money for the purposes of the Company from any source.</p> <p>PROVIDED THAT, where the moneys to be borrowed together with the moneys already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the paid up capital of the Company and its free reserves (not being reserves set apart for any specific purpose) the Board of Directors shall not borrow such money without the</p>

		sanction of the Company in General Meeting. No debts incurred by the Company in excess of the limit imposed by this Article shall be valid or effectual unless the lender proves that he advanced the loan in good faith and without knowledge that the limit imposed by this Article had been exceeded.
The payment or repayment of moneys borrowed	91	The payment or repayment of moneys borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the Board of Directors may think fit, and in particular in pursuance of a resolution passed at a meeting of the Board (and not by circular resolution) by the issue of bonds, debentures or debentures stock of the Company, charged upon all or any part of the property of the Company, (both present and future), including its un-called capital for the time being and the debentures and the debenture stock and other securities may be made assignable free from any equities between the Company and the person to whom the same may be issued.
Bonds, Debentures, etc. to be subject to control of Directors	92	Any bonds, debentures, debenture-stock or other securities issued or to be issued by the Company shall be under the control of the Directors who may issue them upon such terms and conditions and in such manner and for such consideration as they shall consider being for the benefit of the Company.
Terms of issue of Debentures	93	Any Debentures, Debenture-stock or other securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into Shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of Shares, attending (but not voting) at the General Meeting, appointment of Directors and otherwise. However, Debentures with the right to conversion into or allotment of Shares shall be issued only with the consent of the Company in the General Meeting by a Special Resolution.
Mortgage of uncalled capital	94	If any uncalled capital of the Company is included in or charged by mortgage or other security, the Directors may, subject to the provisions of the Act and these Articles, make calls on the Members in respect of such uncalled capital in trust for the person in whose favour such mortgage or security has been executed.
Indemnity may be given	95	Subject to the provisions of the Act and these Articles, if the Directors or any of them or any other person shall incur or about to incur any liability as principal or surety for the payment of any sum primarily due from the Company, the Directors may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of the Company by way of indemnity to secure the Directors or person so becoming liable as aforesaid from any loss in respect of such liability.
RELATED PARTY TRANSACTIONS		
Related Party Transactions	96	A. Subject to the provisions of the Act, the Company may enter into contracts with the Related Party which are at arm's length and are in ordinary course of business of the company with approval of the Audit Committee. B. Subject to the provisions of the Act, the Company may enter into contracts with the related parties which are of such nature wherein it requires consent of shareholders in terms of Act or Listing Regulations or any other law for the time being in force, with approval of the shareholders in the general meeting.
